Prospect Elementary School School Accountability Report Card Reported Using Data from the 2019-2020 School Year

Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

Prospect has maintained a literacy focus for the past several years. Our teachers are trained in increasing literacy and math skills for all students. Instruction is focused on meeting grade level standards as well as meeting the needs of individual students. Our goal is to increase students' scores both on local and state assessments as well as prepare them to be college and career ready through the implementation of the new state standards. Our vision statement: Prospect Elementary prepares students to be competitive and successful in the 21st Century by empowering students to use effective communication skills, collaborate respectfully, think critically, act creatively and demonstrate courage and depth of character when solving real world problems and challenges passionately.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2020-2021)

Year and month in which data were collected: September 2020

All K-8 textbooks are selected from the state matrix provided through the California Board of Education. Teachers peruse the materials and select by majority vote. Selected texts are then submitted to the Board of Education for final approval. Textbooks are procured in sufficient numbers for each student to receive a textbook. High School adoptions are content area based, with teachers selecting appropriate materials for the course objectives as outlined in the course description approved by the Board of Education. Selected texts are submitted to the Board for approved use in classrooms with purchase ratio of one per student. The Public Hearing and Adoption of Resolution No. 9-20-21 of the Board of Education of Orange Unified School District on the sufficiency of textbooks, instructional materials and science lab equipment (9-12) was approved on September 10, 2020.

School Facility Conditions and Planned Improvements

The school was built in May 1966 on 13.6 acres of land. The school includes 7 permanent buildings. The school facilities and grounds are clean and monitored by our districts grounds crew, maintenance department and the school custodians. Restrooms are monitored regularly by custodial staff and cleaned daily. The school's enrollment ranges from 440-450 during the school year. Prospect Elementary's modernization project was completed in August of 2007. Each classroom was upgraded with technology which included LCD projectors, ELMO document cameras and computers. Classrooms also include built in cabinetry such as teaching walls, teacher desks, student computer stations and book cases. The roof, air conditioning and heating as well as flooring was replaced during the project. During the summer of 2011 our parking lot and lunch shelter, both main one and kindergarten, were modernized by using leftover modernization funds from the original modernization project. With the expansion of the parking lot, the softball field was relocated to the north field and reconstructed over on that side to be used by school district as well as the community. Work orders have been created/addressed for all items noted as fair/poor with our custodial staff and/or district maintenance department.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	42	N/A	44	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

Prospect depends on parents to be involved in the education of their children through volunteering in classrooms and participating in the School Site Council, English Language Advisory Committee (ELAC), and the Parent School Association. The PSA contributions go directly to instructional activities for the school; i.e. Red Ribbon Week (Say No to Drugs), I Love to Read Week, as well as field trips and educational assemblies. Our PSA in conjunction with our family involvement committee provide opportunities for parents and students to participate in engaging family involvement activities throughout the year.

Prospect Elementary School has a parent community that is supportive and dedicated to the programs at our school. Some of our parents volunteer their time throughout the year in the classroom, on field trips, support fundraisers and attend special school events. For additional information pertaining to organized opportunities for parental involvement, please contact the school office.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- · Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Suspensions	0.44	0.003%	
Expulsions	0.0	2.027%	

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

Each of the district's schools develops and adopts, in accordance with Education Code § 32280 – 32289, a Comprehensive Safe School Plan particular to their site. Each school site is required annually, by March 1st, to have reviewed, and if necessary, updated their Safe School Plan. Each school forwards its Safe School Plan to the district through the office of Student and Community Services. This office provides plan development assistance to the schools and maintains a file of individual school plans available for inspection by the public.

The contents of the School Safety Plan were reviewed and adopted by School Site Council on February 21, 2019 and encompass all areas of the school and its immediate surroundings. It includes procedures in case of an emergency, outline of safety strategies and interventions when dealing with situations which may arise on campus, involvement of the community and parents, and maintaining a safe and secure school site. It also ensures a positive learning environment through the implementation of Positive Behavior Intervention School wide (PBIS) where students' effort and behavior are recognized and rewarded frequently.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	18	23	18

Ongoing professional development is provided to the teaching staff during our twice monthly Professional Development Wednesdays. Content of these professional development days have included, Common Core State Standards, Thinking Maps, Write From the Beginning and Beyond, Daily 5, MTSS, DiBELS, AVID strategies, Rigor in Math, Guided Reading, early literacy, technology, support and strategies for English Learners, and data analysis.

During after school Professional Learning Communities meetings, grade level teams review data to determine the efficacy of their teaching methods, review student academic progress in relation to the new state content standards, as well as work on building a collaborative culture so that their meetings are effective and productive with positive outcomes for our students.

In addition, on going support is provided to the staff through the support of a full time instructional specialist that provides in class demonstrations, co-teaching, leading staff development at staff meetings on content and effective teachings strategies, reporting of student data, providing after school in services and participating in Professional Learning Community meetings.
