School Accountability Report Card

Reported Using Data from the 2019-2020 School Year

Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

Orange Pre-K is part of the Orange Unified School District and ranges in enrollment from 160-295 students during the school year, ages infants-5 years of age. Orange Pre-K provides services for infant and preschool aged students with mild to moderate and moderate to severe disabilities which, are identified through the Special Education assessment process. Orange Pre-K services students from all areas within the boundaries of the Orange Unified School District. Our program offers a 2 hour and three hour session determined by student identified needs. Our teachers teach a virtual session and an in person class session. Each class consists of approximately 14 to 16 students in person, one Special Education credentialed teacher and approximately two Instructional Assistants. We also have a Preschool Autism Moderate/Severe Program specifically designed for students with autism, with approximately 10 students in each of the 2 classes. The division of our preschool programs in our mild to moderate classes allows the teacher to ensure developmental and age appropriate instruction, using research based strategies and curriculum appropriate for their age. Orange Pre-K also implements a Peer Role Model Program, in our mild to moderate classes, which consists of same aged peers from the community participating in our Special Education programs. The Peer Models serve as social, behavioral and language role models for our students with disabilities.

Orange Pre-K also houses various related services necessary to meet our students' educational needs. These services include: speech and language therapy, occupational therapy, adaptive physical education and physical therapy. The ability to access the student's related services directly on Orange Pre-K's campus allows for continuity and collaboration in each child's program, as well as decreases transportation time and cost.

Orange Pre-K also houses Orange Unified School District's Preschool screening and assessment teams. The teams' role includes the screening of students within our district boundary area and/or assessment in areas of suspected disability. IEP team meetings are held on Orange Pre-K's campus following the initial assessment process. In addition, to initial IEP team meetings, annual meetings are held for those students who attend Orange Pre-K.

For many of our students and their families, their experience at Orange Pre-K is their first in public education. Our staff works collaboratively to ensure our students' educational needs are met while creating a nurturing environment that promotes family involvement and support as they learn to navigate their student's special education program and needs.

Orange Pre-K Mission Statement

The mission of Orange Pre-K is a commitment to providing learning experiences for each child in preparation for early success and school readiness. Orange Pre-K will offer a warm and welcoming introduction to the Orange Unified School District and the public school system. We provide a strong, educated and well-trained team to implement a comprehensive program of research-based instructional methodologies for teaching pre-academic and academic skills as well as social/emotional, adaptive daily living, and vocational skills to continue the development of each child. These strategies collectively prepare our students for their future educational experiences and support achievement of their personal goals set before them.

Guided by high expectations coupled with the knowledge that all children learn at different levels and speeds, our team will provide students with a broad range of educational opportunities that will help each child learn to the best of his or her abilities. We will strive to develop literacy skills as well as provide experiences that enrich each child's social/emotional, physical, vocational, adaptive daily living, communication, technology and creative abilities in order to become a successful 21st century learner!

Children will have a safe, wholesome, nurturing educational experience. Children will be in a safe learning environment in which children can solve problems and express their feelings through words, art and other creative areas. Children will be exposed to positive character lessons and experiences, used to help shape them into successful members of a social world.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2020-2021)

Year and month in which data were collected: September 2020

All K-8 textbooks are selected from the state matrix provided through the California Board of Education. Teachers peruse the materials and select by majority vote. Selected texts are then submitted to the Board of Education for final approval. Textbooks are procured in sufficient numbers for each student to receive a textbook. High School adoptions are content area based, with teachers selecting appropriate materials for the course objectives as outlined in the course description approved by the Board of Education. Selected texts are submitted to the Board for approved use in classrooms with purchase ratio of one per student. The Public Hearing and Adoption of Resolution No. 9-20-21 of the Board of Education of Orange Unified School District on the sufficiency of textbooks, instructional materials and science lab equipment (9-12) was approved on September 10, 2020.

School Facility Conditions and Planned Improvements

As updates and repairs are needed, work orders and support is provided by the appropriate district divisions. Communication is made regularly with the district regarding needs to promote student safety, cleanliness and adequacy of resources to support student success. District has made a recommendation to replace our current structure due to student safety hazards.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)		N/A		N/A		N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

The Orange Pre-K Staff works closely with families to provide opportunities that enrich our students' educational experiences. Opportunities for parent involvement include school wide activities such as Pre-K Round-up, Fall Fantasy Parade focusing on literature, Holiday Extravaganza, Jog-a-thon, Open House, Muffins with Moms, Donuts with Dad, and Family Field Day and Picnic. Parents also receive monthly communication from their teacher that communicate the monthly theme, Enduring Understanding and Essential questions for the month. Additionally, phone calls and emails from the program coordinator provide school and District wide information. Teachers also use technology and/or home/school communication notebooks. Parents are a vital member of the IEP team and participate throughout the year in their child's instructional program.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions			2.8	2.6	3.5	3.5
Expulsions			0.0	0.0	0.1	0.1

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions		0.003%	
Expulsions	0.0	2.027%	

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

Each of the district's schools develops and adopts, in accordance with Education Code § 32280 – 32289, a Comprehensive Safe School Plan particular to their site. Each school site is required annually, by March 1st, to have reviewed, and if necessary, updated their Safe School Plan. Each school forwards its School Safety Plan to the district through the office of Student and Community Services. The office of Student and Community Services provides plan development assistance to the schools and maintains a file of individual school plans available for inspection by the public.

Orange Pre-K has a comprehensive school safety plan that is reviewed, revised and approved yearly by the school site council. Staff is then trained on changes in order to ensure effective plan implementation. Our School Safety Plan consists of various team leads which has direct communication to a command center. We have regular drills to practice implementation including fire, earthquake and lockdown. Our main concern is the safety of our children and staff.

Number of school days dedicated to Staff Development and Continuous Improvement	5	9	9

Implementation of Common Core, Research-based instructional strategies aligned to District initiatives and student achievement are the target for professional development. Professional Development has been provided in a variety of ways including sub release, after school workshops, conference attendance, individual mentoring, monthly staff meetings, Professional Learning Communities, Full-Day Non-Student Staff Development, and other in house trainings and/or webinars. Follow-up after school trainings have also been provided to ensure that implementation is consistent, effective and becomes part of regular lesson planning and delivery. Additionally, Pre-K teachers have received training from teacher experts and program coordinators on Common Core and other District professional development targets.
