

Philosophy-Goals-Objectives and Comprehensive Plans

Charter School Oversight

The Board of Education recognizes the District's ongoing responsibility to oversee that any charter school authorized by the Board is successfully fulfilling the terms of its charter and is providing a sound educational program for students enrolled in the charter school.

The Board delegates the administrative function of ongoing monitoring and oversight of its charter schools to the Superintendent or designee. The District shall carry out its oversight functions including monitoring each charter school under its oversight in accordance with Education Code 47604.32. These functions include identifying at least one staff member to serve as a contact person for any charter school authorized by the Board and visiting each charter school under the District's oversight at least annually. (Education Code 47604.32)

The Superintendent or designee may inspect or observe any part of a charter school at any time, with or without prior notice. (Education Code 47607) The District may inspect and receive copies of all records relating to the operation of a Board-authorized charter school, including financial, personnel, attendance accounting, and pupil records, and records of any corporations or entities that operate or govern the charter school. Charter schools are subject to the California Public Records Act (CPRA); however, the District's right to inspect and receive records is not based on the CPRA, but rather on the District's oversight role. A Board-authorized charter school shall promptly comply with all reasonable inquiries from the District in accordance with Education Code Section 47604.3.

In the case of any charter school under the District's oversight that chooses to be operated by or as a nonprofit public benefit corporation, the Board of Education reserves its right pursuant to Education Code 47604 to have a representative serve as a voting member of the corporation's board of directors and may exercise such right at any time. Any such representative of the Board of Education shall serve on the corporate board in the Board of Education or designee's discretion and shall be removed or replaced in the Board of Education or designee's sole discretion.

Waivers

If the charter school wishes to request a general waiver of any State law or regulation applicable to it, it shall request that the District submit a general waiver request to the State Board of Education (SBE) on its behalf. Upon approval of the Board of Education, the Superintendent or designee shall submit such a waiver request to the SBE on behalf of the charter school.

Provision of District Services

The charter school may request to purchase administrative or other services from the District or any other source consistent with its charter. Whether to provide such administrative or other services to a charter school shall be determined in the District's sole discretion. (Education Code 47613)

BP 0420.41(b)

Whenever the District agrees to provide administrative or support services to a charter school, the District and the charter school shall develop a memorandum of understanding which clarifies the financial and operational agreements between them.

At the request of a charter school, the Superintendent or designee shall create and submit any reports required by the State Teachers' Retirement System or Public Employees' Retirement System on behalf of the charter school. The District may charge the charter school for the actual costs of the reporting services, but shall not require the charter school to purchase payroll processing services from the District as a condition for creating and submitting these reports. (Education Code 47611.3)

Material Revisions to a Charter

Material revisions to a charter may only be made with Board of Education approval. Material revisions shall be governed by the same standards and criteria that apply to petitions for the authorization of charter schools as set forth in Education Code 47605 and shall include, but not be limited to, a reasonably comprehensive description of any new requirement for charter schools enacted into law after the charter was originally granted or last renewed. (Education Code 47607)

If an approved charter school proposes to expand operations to one or more additional sites and/or grade levels, whether concurrently with or unrelated to a renewal, the charter school shall request a material revision to its charter and shall notify the Board of Education of those additional locations and/or grade levels. The Board shall consider approval of the additional locations or grade levels at an open meeting. (Education Code 47605 and 47607)

The Superintendent or designee shall have the authority to determine whether a proposed change in charter school operations constitutes a material revision of the approved charter.

Monitoring Charter School Performance

Any charter school authorized by the Board shall be monitored by the Superintendent or designee to determine whether the charter school complies with all legal requirements applicable to charter schools, including all reports required of charter schools by law, as specified in Education Code 47604.32. Any violations of law shall be reported to the Board.

The Board shall monitor each charter school to determine whether it is achieving the measurable student outcomes set forth in the charter, both schoolwide and for each numerically significant student subgroup served by the school as defined in Education Code 52052. This determination shall be based on the measures specified in the approved charter and any applicable MOU, and on the charter school's annual review and assessment of its progress toward the goals and actions identified in its local control and accountability plan (LCAP), as reported in the California School Dashboard.

BP 0420.41(c)

The Board shall monitor the fiscal condition of the charter school based on any financial report or information obtained from the charter school, including, but not limited to, the charter school's preliminary budget, LCAP and annual update of the charter school's LCAP, first and second interim financial reports, and final unaudited report for the full prior year. (Education Code 47604.32, 47604.33, 47606.5)

Costs of Supervisorial Oversight

The District may charge up to one percent of a charter school's revenue for the actual costs of supervisorial oversight of the school. However, if the charter school is able to obtain substantially rent-free facilities from the District, the District may charge up to three percent of the charter school's revenue for actual costs of supervisorial oversight or, if the facility is provided under Education Code 47614, the pro-rata share facilities costs calculated pursuant to 5 CCR 11969.7. If the District charges the pro-rata share, it may also charge one percent of the charter school's revenue in oversight fees.

If the District is given responsibility for supervisorial oversight of a charter school that was authorized by SBE on appeal, the District is not limited to these percentages and may charge for the actual costs of supervisorial oversight and for the administrative costs necessary to secure charter school funding. (Education Code 47613)

Technical Assistance/Intervention

A charter school may be identified for technical assistance based on the performance of one or more numerically significant student subgroups on SBE-established criteria. Whenever a charter school is so identified for technical assistance, the County Superintendent of Schools shall provide the charter school with technical assistance focused on building the charter school's capacity to develop and implement actions and services responsive to student and community needs in accordance with the requirements of law. (Education Code 45607.3)

In accordance with law, the Board of Education may deny a charter school's renewal petition or may revoke a charter based on the charter school's poor performance, especially with regard to inadequate academic achievement of all numerically significant subgroups of students served by the charter school.

Complaints

Each charter school shall establish and maintain policies and procedures in accordance with the uniform complaint procedures as specified in 5 CCR 4600-4670 to enable any person alleging the school's noncompliance with Education Code 47606.5 or 47607.3 to file a complaint with the charter school. (Education Code 52075)

BP 0420.41(d)

A complaint may be filed anonymously if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance. A complainant who is not satisfied with the decision of the charter school may appeal the decision to the Superintendent of Public Instruction (SPI). (Education Code 52075)

If the charter school finds merit in the complaint or the SPI finds merit in an appeal, a remedy shall be provided to all affected students and parents/guardians. (Education Code 52075)

Revocation

The Board of Education expects any charter school it authorizes to provide a sound educational program that promotes student learning and to carry out its operations in a manner that complies with law and the terms of its charter and any memoranda of understanding. The Board may revoke a charter in accordance with law, including providing the due process and following the procedures provided in law and applicable regulations. (Education Code 47607)

The Board of Education shall also consider for revocation any charter to which the California Collaborative for Educational Excellence (CCEE) has provided technical assistance and about which it has made either finding specified in Education Code 47607.3(d). In such case, the Board of Education shall consider increases in pupil academic achievement for all pupil subgroups served by the charter school in determining whether to revoke the charter. A charter school may not appeal a revocation decision made pursuant to this process.

If a charter school governing body requests technical assistance, the Board of Education shall provide such assistance consistent with Education Code 47607.3(a)(1) or (2). If the charter school has not been identified for technical assistance pursuant to Education Code 47607.3(a), the Board may assess a fee for the assistance, not to exceed the cost of the service.

For charter schools operating before July 1, 2020, the technical assistance provisions of Education Code 47607.3(a), as it read on January 1, 2019, shall apply until June 30, 2022.

School Closure

In the event that the Board of Education revokes or denies renewal of a charter or the charter school ceases operation for any reason, the District shall, when applicable in accordance with the charter and/or memorandum of understanding between the District and the charter school, provide assistance to facilitate the transfer of the charter school's former students and to finalize financial reporting and close-out of the charter school.

The Superintendent or designee shall provide notification to the CDE, within 10 calendar days of the Board of Education's action, if renewal of the charter is denied, the charter is revoked, or the charter school will cease operation for any reason.

Such notification shall include, but not be limited to, a description of the circumstances of the closure, the effective date of the closure, and the location of student and personnel records. (Education Code 47604.32; 5 CCR 11962.1)

If a charter school ceases operation for any reason, the charter school shall implement the school closure procedures specified in the charter and/or memorandum of understanding in accordance with Education Code 47605 and 5 CCR 11962.
