

## Orange County Department of Education

Educational Services Division

School-based Violence Prevention Education Services

*Presents:*

### Community Forum

This forum will include discussions around the importance of prevention and early intervention, best practices for school safety, and identify ways we can work together as a community to prevent violence within the school setting.

This forum will be open to the public. Services and mental health resources will also be covered.

#### Additional topics covered will include:

- County and District Level Prevention and Early Intervention Services
- School Safety Strategies
- Supporting Children in Times of Crisis
- How Parents Can Support Violence Prevention
- Resources and Referral Process
