* Household Size refers to the number of people living in the same house, condominium, apartment, etc.

Include related, or non-related, individuals who share the same living space and expenses (rent, utility bills, food cost, clothing costs, etc.)

For purposes of this chart, a foster child is considered a one-member household if the welfare placement agency maintains legal responsibility for the foster child.

“Gross Income” refers to total household income BEFORE taxes and/or deductions. It includes wages, welfare payments, food stamp allotments, pensions, Social Security payments, S.S.I., child support, alimony, income from investments, and all other income for ALL members of the household.

If there are more than 8 people in your household, the Bus Pass Office staff will assist you with guidelines.

You must provide Income Tax Return documentation to verify you have more than 3 dependents.
