TOPIC: MEMORANDUM OF UNDERSTANDING BY AND BETWEEN ORANGE UNIFIED SCHOOL DISTRICT AND EL RANCHO CHARTER SCHOOL

DESCRIPTION: A charter renewal petition that meets the criteria for renewal as outlined in Education Code Section 47607 was submitted by El Rancho Charter School and approved by the Board of Education on June 21, 2007.

This Memorandum of Understanding (MOU) contains the terms and conditions that will govern the relationship between Orange Unified School District and El Rancho Charter School concerning the operation of the Charter School. This MOU will be effective commencing with the 2007/08 school year. Included in the terms of this MOU are an indemnity agreement, insurance requirements, and provisions related to funding, special education and administrative services. The oversight obligations of the District are also outlined in this MOU. A separate Charter Facilities Agreement will define terms and conditions related to use of facilities by the Charter School.

FISCAL IMPACT: El Rancho Charter School shall be responsible for an oversight fee and for reimbursement of administrative services provided as per the terms outlined in this MOU.

RECOMMENDATION: It is recommended that the Board of Education approve Memorandum of Understanding by and between Orange Unified School District and El Rancho Charter School.

MEMORANDUM OF UNDERSTANDING
by and between
EL RANCHO CHARTER SCHOOL
and
ORANGE UNIFIED SCHOOL DISTRICT
July 1, 2007 – June 30, 2012

This Agreement (“Agreement”) is executed between El Rancho Charter School (“Charter School”), a California public charter school and the Orange Unified School District (“District”). The Charter School and the District are collectively referred to as “the parties.”

I. RECITALS:

A. The Charter School is a public charter school existing under the laws of the State of California and under the supervisory oversight of the District.

B. The District is a School District existing under the laws of the State of California.

C. The District is the sponsoring district of the Charter School. On November 1, 2001 the District granted a charter for the operation of the Charter School to commence on July 1, 2002. On June 21, 2007, the charter was renewed for additional five years effective July 1, 2007. This Agreement is intended to outline the agreement of the Charter School and the District governing their respective fiscal and administrative responsibilities and their legal relationships, as well as the operation of the Charter School.

D. If the terms of this Agreement conflict with the terms of the Charter, this Agreement will control while the Charter School and the District negotiate any necessary amendments to the Charter to achieve consistency.

II. AGREEMENTS

A. Terms

1. The Charter and this Agreement will govern the relationship between the District and the Charter School regarding the operation of El Rancho Charter School.

2. Any modification of this Agreement must be in writing and executed by duly authorized representatives of the parties indicating an intent to modify this Agreement.

3. The duly authorized representative of the Charter School is the principal or designee. All communication regarding any aspect of the operation of the Charter School shall be initiated by the District with the Charter School principal unless the principal delegates this function to another officer of the Charter School. The authority of the principal shall be as determined by the Charter School Board.

4. The duly authorized representative of the District is the Superintendent or any designee thereof. All communication regarding any aspect of the operation of the Charter School shall be initiated by the Charter School with the Superintendent unless the Superintendent delegates this function to another officer of the District. The authority of the Superintendent shall be as determined by the Board of Trustees. The Board of Trustees shall approve all formal District actions related to oversight and monitoring of the Charter School.

5. The term of this Agreement shall be coterminous with the term of the Charter granted to the Charter School. This entire Agreement is subject to approval by the respective governing boards of the District and the Charter School. The Agreement shall expire upon termination or revocation of the Charter. Either party may suggest, propose or agree to a revision to the Agreement at any time during the year.

B. Funding

1. The Charter School is eligible for all State funding afforded to a California charter school. Funding will include, but is not limited to, the Charter School's computed share of categorical programs listed in California Education Code section 47634 and the Charter School block grant. Block grant funding will be apportioned by Average Daily Attendance ("ADA"). The Charter School will be responsible for providing the State Department of Education with all data required for funding. The Block Grant Funding may not include:

- a. Programs for which the Charter School is required to apply separately, such as summer school or class-size reduction.
- b. Special Education programs -- these funds are allocated to the SELPA in which the District is affiliated.
- c. Economic Impact Aid -- these funds are allocated separately, based on qualifying students.
- d. Lottery funds -- the Charter School will be funded from the State, in addition to the block grant funding, for their share of these funds. A portion of Lottery Funds must be spent on instruction, as dictated by the State.

2. The Charter School is eligible for Federal funding including, but not limited to: Title I, II, IV and VII, based on the qualification of the Charter School's students for such funding. The Charter School will apply for this funding in conjunction with the District.

3. The Charter School may receive funding from new or one-time funding sources available to schools or school districts provided by the State of California to the extent that the Charter School and its students generate such entitlements. Additionally, the Charter School may apply for private grants. It is the Charter School's obligation to apply for these funding sources/grants on its own.

4. Grants written and obtained by the Charter School will come directly to the Charter School and will not go through the District, except as required by Orange County Treasurer procedures.

5. In addition to the Block Grant Funding specified herein, the parties recognize the authority of Charter School to pursue additional sources of funding.

6. If the District applies for additional sources of funding in the form of grants and/or categorical funding at the request of and for the benefit of the Charter School, the District will receive a percentage of such funds to be allocated to the Charter School. The District may charge the maximum indirect cost as allowed under law. Funds shall be allocated to the Charter School on a prorated basis related to the formula that generates the funds. For example, if funds are generated on a per eligible student basis, they shall be allocated to the Charter School on a per eligible student basis and subject to the administration fee (i.e., indirect charge fee) charged by the District. Nothing in this provision shall obligate the District to apply for such additional sources of funding unless it is otherwise obligated to under the law.

7. Pursuant to Education Code 47636(a)(2) the Charter School reserves the right to apply for state and federal categorical programs in cooperation with the District, however neither the Charter School nor the District shall be obligated to make such application.

8. The Charter School is also entitled to lottery funds, class size reduction funds, a variety of state and federal application based programs, as well as various grant opportunities. It shall be the responsibility of the Charter School to apply for funding which is beyond the base statutory entitlement.

9. The District shall annually transfer to the Charter School funding in lieu of property taxes pursuant to Education Code section 47635.

10. Pursuant to Education Code section 47604, subdivision (c), the Charter School agrees that all loans received by the Charter School shall be the sole responsibility of the Charter School and the District shall have no obligation for repayment. The parties agree that it is their intent,

consistent with Education Code section 47604, subdivision (c), that “an authority that grants a charter to a charter school shall not be liable for the debts or obligations of the charter school, or for claims arising from the performance of acts, errors, or omissions by the charter school, if the authority has complied with all oversight responsibilities required by law, including, but not limited to, those required by Section 47604.32 and subdivision (m) of Section 47605.”

11. The Charter School agrees that all revenue obtained by the Charter School shall only be used to provide educational services consistent with its Charter and shall not be used for purposes other than those set forth in the approved Charter, this Agreement or any authorized amendments. All expenditures shall be in accordance with applicable law.

12. The parties agree to negotiate on a case-by-case basis for any additional funding pursuant to Education Code section 47636, subdivision (b). The District is not required to provide any share of any of the funds described in the foregoing section of the Education Code to the Charter School.

C. Legal Relationship

1. The parties recognize that the Charter School is a separate legal entity that operates the El Rancho Middle School under the supervisory oversight of the District under the Education Code section 47600 *et seq.*

2. The Charter School shall be wholly responsible for its own operations and shall manage its operations within the constraints of its annual budget. The District shall not be liable for the debts or obligations of the Charter School or for claims arising from the performance of acts, errors, or omissions by the Charter School, as long as the District has performed the oversight responsibilities described in Education Code Sections 47604.32 and 47605(m).

The Charter School shall not have the authority to enter into a contract that would bind the District, nor to extend the credit of the District to any third person or party. The Charter School shall clearly indicate to vendors and other entities and individuals outside the District with which or with whom the Charter School enters into an agreement or contract for goods or services that the obligations of the Charter School under such agreement or contract are solely the responsibility of the Charter School and are not the responsibility of the District.

The Charter School shall, to the fullest extent permitted by law, indemnify, defend, and hold harmless the District, its officers, directors, and employees, attorneys, agents, representatives, volunteers, successors

and assigns (collectively hereinafter District and District Personnel) from and against any and all actions, suits, claims, demands, losses, costs, penalties, obligations, errors, omissions, or liabilities, including legal costs, attorney's fees, and expert witness fees, whether or not suit is actually filed, and/or any judgment rendered against District and/or District Personnel, that may be asserted or claimed by any person, firm or entity arising out of, or in connection with, the Charter School's performance under this Agreement, the Charter or any acts or errors or omissions by the Charter School or its board of directors, administrators, employees, agents, representatives, volunteers, successors and assigns. This indemnity and hold harmless provision shall exclude actions brought by third persons against the District arising out of the negligence or intentional acts, errors or omissions of the District and/or District Personnel.

3. The Charter School will comply with all applicable State and federal laws, including, without limitation, the Ralph M. Brown Act (Gov. Code, Section 54950 et seq.), the California Public Records Act (Gov. Code, Section 6250 et seq.), and the Political Reform Act (Gov. Code section 87100). The Charter School agrees to comply with conflict of interest laws, however, it reserves the right to not comply with or to modify its compliance with the conflict of interest laws if the Legislature, or any California Court of Appeal or Supreme Court, determines that these laws do not apply to charter schools. When issues arise related to the terms and conditions of employment, or personnel-related matters, for paid employees sitting on the Board, the Board will take appropriate action, which may include, but not be limited to, the disqualification and abstention of those employees from participation in the Board's deliberation or decision making process related to their own contracts or employment, other contractual decisions of the Board that impact a financial term and/or condition of their employment, in which the employee may have a financial interest, or any personnel-related matter involving confidentiality concerns. The Charter School agrees that the indemnity provision contained in provision II(C)(2) of this Agreement shall apply to any and all allegations that the Charter School Board violated any conflict of interest provision. This provision shall not in any way prejudice the District's right to issue a Notice to Cure with respect to wrongdoings related to the Charter School Board's compliance with conflict of interest laws.

The Charter School shall also comply with all applicable federal and state laws concerning the maintenance and disclosure of student records, including, without limitation, the Family Education Rights and Privacy Act of 1974 (20 U.S.C.A. Section 1232g), and all applicable state and federal laws and regulations concerning the improvement of student

achievement, including, without limitation, any applicable provisions of the Elementary and Secondary Education Act of 1965 (20 U.S.C.A. §6301, et seq. as amended by the No Child Left Behind Act of 2001(hereinafter the law, state and federal regulations referred to herein as “NCLB”)). The Charter School also agrees to take appropriate remedial action if notified by the State of California of a violation of any of the foregoing.

4. It shall be the sole responsibility of the Charter School to file, and update as required, the “Statement of Facts Roster of Public Agencies” as required by Government Code section 53051. The current Statement of Facts Roster shall be submitted to the District by October 31 each year. It shall also be the sole responsibility of the Charter School to file an amendment to the Statement of Facts Roster within 10 days after a change in any of the required information.

Audit exceptions or deficiencies identified in the audit report shall be addressed by the Charter School through the development of a remediation plan outlining how and when they will be resolved. The remediation plan will be provided to the District by January 15 of each year or within 4 weeks following the finalization of the Audited Financial Report, whichever is later.

(4) Governance Data/Meeting Information

e. The Charter School must maintain a minimum reserve requirement for the Charter School's ending balance of not less than 3%.

2. Oversight Fee

In accordance with Education Code section 47613, the Charter School shall pay the District an amount equal to two **percent (2%)** of the Charter School revenues to cover the actual cost of supervisorial oversight and for providing substantially rent free facilities. "Charter School revenue" means the general purpose entitlement and categorical block grant, as defined in subdivisions (a) and (b) of Section 47632 (in accordance with Ed. Code section 47613(f)). This section shall not preclude the District from charging the Charter School a fee for services that are provided by the District for the maintenance and operation of the facility by mutual agreement of the parties.

3. Administrative Services.

The Charter School has the obligation to provide all services necessary to operate the Charter School. The Charter School may provide these services directly or may contract with a third party to provide services.

This provision does not preclude the Charter School from purchasing services from the District should the District and the Charter School agree to do so. Should the Charter School desire to purchase administrative or business services from the District, the applicable charge for such services shall be set forth in a separate written agreement. The Charter School understands that the District has no legal obligation to provide administrative services to the Charter School. The Charter School shall request administrative services in writing. The Charter School shall be obligated to pay for services performed by the District at the request of the Charter School. The District shall prepare a menu of available administrative services and include the charge for those services and any deduction from that charge in Exhibit A. The terms outlined in Exhibit A will be reviewed annually and any changes in the level of service or program will be renegotiated as necessary.

All charges for services provided by the District shall be calculated on expenditures of the Charter School (not revenue).

4. The District shall provide a written invoice and supporting expense information to the Charter School detailing the amount due for services performed by the District, oversight fees, and special education encroachment and any agreed to expenses paid by the District on the Charter School's behalf. If the Charter School disagrees with charges contained in the annual invoice, the Charter School will provide written notice to the District regarding the specific nature of its concerns within five business days of the receipt of the invoice. The Charter School may only withhold payment for services, fees or expenses that it has specifically contested, not for the entire amount invoiced. The disputed amount shall be placed in an escrow account. If agreement cannot be reached, the matter will be resolved consistent with the dispute resolution provisions of the Charter School's charter. Payment will be completed via expenditure transfer. The special education encroachment shall be estimated and paid annually with a full reconciliation occurring no later than August 15 each year.

E. Special Education Services/Section 504

The Charter School shall be categorized as a public school within the District in conformity with Education Code section 47641, subdivision (b) for purposes of Special Education. The following provisions govern the application of Special Education services to Charter School students:

1. It is understood that all children will have access to the Charter School consistent with the admission procedures of the charter and no student shall be denied admission due to disability.

2. The Charter School agrees to implement a student study team process (SST), a regular education function, to monitor and guide referrals for Section 504 and Special Education services. The Charter School agrees that it is solely responsible for compliance with Section 504.

3. Pursuant to Education Code section 47641, the Charter School has not elected to participate as an independent Local Education Agency for Special Education services; and therefore, pursuant to Education Code section 47641, the Charter School is deemed a public school of the LEA granting the charter, for Special Education purposes. The Charter School reserves the right to elect to become its own LEA or join with other charter schools to form a consortium and join a SELPA within California in any fiscal year following its first year of enrolling students.

4. The parties intend that the Charter School will be treated as any other public school in the District with respect to the provision of Special Education services, including the allocation of duties between on-site staff and resources and the District staff and resources.

5. The parties agree to allocate responsibility for the provision of services (including but not limited to identification, evaluation, Individualized Education Program (IEP), development and modification, and educational services) in a manner consistent with their allocation between the District and its local public school sites. Where particular services are generally provided by staff at the local school site level, the Charter School will be responsible for providing said staff and programming; where particular services are provided to the school by the central district office, those services will be made available to the Charter School in a similar fashion.

6. The parties will jointly ensure that all students entitled to services under the Individuals with Disabilities in Education Act, 20 U.S.C. section 1400 et seq. (hereafter "I.D.E.A.") and California Education Code section 56000 et seq. will receive those services.

7. The Charter School shall have the same responsibility as any other public school in the District to work cooperatively with the District in identifying and referring students who have or may have exceptional needs that qualify them to receive Special Education services. The Charter School, with the assistance of the District, will develop, maintain, and implement policies and procedures to ensure identification and referral of students who have, or may have, such exceptional needs. These policies and procedures will be in accordance with California law and District policy. The Charter School is solely responsible for obtaining the cumulative files, prior and/or current IEPs and other Special Education information on any student enrolling from a non-district school.

8. The District shall provide the Charter School with any assistance that it generally provides its other public schools in the identification and referral processes. The District will ensure that the Charter School is provided with notification and relevant files of all students transferring to the Charter School from a District school, who have an existing IEP, in the same manner that it ensures the forwarding of such information between District schools. All records and files will be released with the signed permission of the parent/guardian.

9. The parties shall make the determination as to what assessments are necessary, including assessments for all referred students, annual assessments and triennial assessments, in accordance with the District's general practice and procedure and applicable law. The Charter School shall not conduct unilateral independent assessments without prior written approval of the District.

10. The responsibility for arranging necessary IEP meetings shall be allocated in accordance with the District's general practice and procedure and applicable law. The Charter School shall be responsible for having the designated representative of the Charter School in attendance at the IEP meetings and other Charter School employees in accordance with applicable state and federal laws and regulations.

11. Decisions regarding eligibility, goals/objectives, program, placement and exit from Special Education shall be the decision of the IEP team. Team membership shall be in compliance with state and federal law and shall include the designated representative of the Charter School (or designee) and the designated representative of the District (or designee). Services and placements shall be provided to all eligible Charter School students in accordance with the policies, procedures and requirements of the District and of the Local Plan for Special Education.

12. To the extent that the agreed upon IEP requires educational or related services to be delivered by staff other than the Charter School staff, the District shall provide and/or arrange for such services in the same manner as the District provides and/or arranges for such services in schools of the District. District services shall include consultative services by District staff to Charter School staff in the same manner that District staff consults with staff at other District schools.

13. In collaboration with the Charter School, the District shall address/respond/investigate all complaints received under the Uniform Complaint Procedure involving Special Education.

14. In consultation with the Charter School, the District may initiate a due process hearing on behalf of a student enrolled in the Charter School as the District determines is legally necessary to meet a school agency's responsibilities under federal and state law. The parties shall work together to defend the case, but each party maintains the right to unilaterally retain separate counsel in the event of a conflict of interest or any other reason. In the event that each party retains separate counsel, they will assume fiscal responsibility for their own attorney's fees.

15. The District Superintendent or designee shall represent the Charter School at all SELPA meetings as it represents the needs of all schools in the District. Reports to the Charter School regarding SELPA decisions, policies, etc. shall be communicated to the Charter School as they are to all other schools within the District. To the extent that the District and/or SELPA provide training opportunities and/or information regarding Special Education to site staff, such opportunities/information shall be made available to the Charter School staff. To the extent that District site staff has the opportunity to participate in committee meetings of the SELPA as representatives of their School, such opportunities shall be made available to the Charter School staff.

16. The parties agree that, pursuant to the division of responsibilities set forth in this Agreement, the Charter School has elected the status of any other public school in the District for the purposes of Special Education services and funding, and the District has agreed to provide Special Education services for the Charter School in the same manner as a child with disabilities who attends another public school of the District. In accordance with Education Code section 47646 the Charter School shall receive an equitable share of funding and services consisting of either or both of the following:

- a. State and federal funding provided to support Special Education instruction or designated instruction and services or both provided or procured by the Charter School that serve pupils enrolled in and attending the Charter School.

- b. Any necessary Special Education services including administrative and support services and itinerant services that are provided by the local educational agency on behalf of pupils with disabilities enrolled in the Charter School.

17. The Charter School shall owe the District an amount of funding equal to the District's total excess cost of Special Education, including administration and transportation (hereafter "encroachment") per unit of District-wide general education ADA (including Charter School ADA), for each unit of the Charter School's general education ADA. The

formula for calculating the Charter School's contribution is as follows:
Total District encroachment
divided by District-wide attendance including Charter School attendance
("P-2") x Total Charter School attendance ("P-2"). School enrollment
includes all students, regardless of home district.

18. The Charter School agrees to adhere to the policies and requirements of the Local Plan for Special Education and to District policies.

19. Special Education services will be offered at the Charter School based upon each student's Individualized Education Program.

20. If needed, due to limited Special Education staff, the District may seek out contracts with other school districts, or companies, or organizations to serve Charter School students. The Charter School shall assist the District in providing such services.

21. Employees providing special education services to El Rancho, such as Resource Specialists, Special Day Class teachers, speech and language therapists, and occupational therapists, shall remain employees of the District. Nurses and psychologists shall remain employees of the Charter School. Other than the positions listed above, the Charter School shall obtain written permission from the District before retaining any personnel to provide special education services. To the extent Charter School employees are providing special education services, the Charter School is entitled to offset the encroachment with the cost of these employees but only at District rates of pay; unless otherwise agreed such offset shall occur during the final reconciliation of cost at the end of the year.

22. The District shall not place a special education student who resides outside of the Charter School's identified attendance area at the Charter School if it results in more than 99 total special education at the School.

F. Insurance and Risk Management

The Charter School may continue to purchase insurance from the District's carrier. If the Charter School chooses to purchase its own insurance coverage to cover the operations of the Charter School, they will supply the District certificates of insurance, with proof of insurance of at least the types and amounts recommended by the District's insurer based upon the standard coverage for a school of similar size and location. If the Charter School chooses to purchase its own coverage the Charter School assumes all responsibilities with respect to risk management, including but not limited to all training and notification requirements, and budgeting to cover Charter School self-insured retentions/deductibles for all claims that are made or anticipated.

If any policies are written on a claims-made form, the Charter School agrees to maintain such insurance continuously in force for three years following termination or revocation of the Charter or extend the period for reporting claims for three years following the termination or revocation of the Charter to the effect that occurrences which take place during this shall be insured.

The Charter School shall add the District as a named insured on all of its insurance policies and provide endorsements reflecting additional insured status to the District. The Charter School shall be solely responsible for payment of any deductible on any policies issued pursuant to this Agreement.

G. Human Resources Management

1. All persons working at the Charter School are deemed to be employees of the Charter School except for those assigned by the District to work at the Charter School. The Charter School shall have sole responsibility for employment, management, salary, benefits, dismissal and discipline of its employees. In exercising these responsibilities, the Charter School will follow applicable provisions of the collective bargaining agreements.
2. The District will be considered the public school employer of the employees at the Charter School for purposes of collective bargaining.
3. The Charter School agrees to comply with applicable federal statutory and regulatory requirements for highly qualified teachers and paraprofessionals used for instructional support as set forth in NCLB.
4. The Charter School will be required to make contributions to STRS or PERS as required by the State for these programs.

H. Transportation

1. The Charter School may continue to purchase transportation services from the District, as it has in the past, for Charter School students to and from school. The Charter School reserves the right to contract with an outside transportation company for home to school services.
2. If it purchases transportation services from the District, the Charter School will have the ability to set all student fees for transportation and work with the District to determine bus stops and bus availability.
3. The Charter School will be responsible for providing transportation for field trips, including using public or other contracted transportation. If District transportation is used for a field trip, the District will prepare an

invoice for each trip and send it to the Charter School. The Charter School will transfer the proper amount within 45 days. If the charge is in dispute, monies will be placed in escrow and a representative from the Charter School and the District will meet to work out a compromise. The Charter School shall notify the District of any disputed charges within 45 days of receipt of invoice.

I. Nutritional Services

1. The Charter School will continue to allow the operation by the District of a central kitchen on the Charter School premises.
2. The District shall be responsible for all upkeep, maintenance of equipment and repair of the kitchen and serving facility. This provision is to include the daily cleaning of all kitchen equipment.
3. The District shall reimburse the Charter School for all electricity, gas, cleaning supplies and custodial services according to the percentage of time the facility is used as a central kitchen.
4. Nutrition Service director and Charter School principal will approve food and beverage selections. USDA National School Lunch and Breakfast guidelines shall be followed.

J. Educational Program

1. Subject to District oversight and compliance with its Charter and applicable state and federal law, including, without limitation, NCLB, the Charter School is autonomous for the purposes of deciding the Charter School's educational program.
2. The Charter School calendar shall be submitted annually to the District Board of Trustees for review and verification of compliance with instructional day and minutes requirements. The Charter School shall have a voting representative on the District's Calendar Committee.

K. Facilities

1. The Charter School is housed on the District's El Rancho campus. The Charter School's occupation of its current site shall fall under the regulations of Proposition 39 as outlined in a separate facilities use agreement.
2. To the degree the Charter School uses independent facilities, all such facilities shall meet all applicable fire and safety code requirements, will

conform with all applicable provisions of the Americans with Disabilities Act and any other applicable federal requirements. Prior to use, all buildings that house the Charter School students will be fully inspected by a licensed structural engineer who specializes in seismic safety. All facilities will be approved by the local fire marshal for the use intended. The Charter School shall comply with the terms of Education Code section 47610 and 47610.5.

L. Renewal.

The Charter School will be required to meet at least one of the academic performance criteria set forth in Education Code section 47607 (b).

M. Response to Requests.

Pursuant to Education Code section 47604.3, the Charter School shall respond promptly to all reasonable requests of the District.

N. Legal Counsel.

The Charter School shall retain the right to use its own legal counsel and will be responsible for procuring such counsel and associated costs.

O. Enrollment of Expelled Students.

Neither the Charter School nor the District shall be obligated to accept enrollment of any student who has been expelled from the other entity during the term of the expulsion.

P. Provision of Documents.

With both parties understanding that some state, federal and county documents directed toward the Charter School may be mailed to the District, the District agrees to pass on such documents and forms to the Charter School in a timely manner so it may complete its legal obligations. The Charter School has full responsibility for the forms and documents it receives directly and those which it must access on the internet on its own.

Q. Non Assignment.

Neither party shall assign its rights, duties or privileges under this Agreement, nor shall either party attempt to confer any of its rights, duties or privileges under this Agreement on any third party, without the written consent of the other party. The replacement of the Charter School with any other operating body or governance structure shall be treated as a

material revision of the Charter, subject to the review and approval of the District pursuant to applicable provisions of the Education Code.

R. Severability.

If any provision or any part of this Agreement is for any reason held to be invalid or unenforceable or contrary to public policy, law or statute and/or ordinance, the remainder of this Agreement shall not be affected thereby and shall remain valid and fully enforceable.

S. Reimbursement of Mandated Costs.

The Charter School shall seek reimbursements of its mandated costs, if any, directly from the State.

T. Dispute Resolution.

All disputes regarding this Agreement shall be resolved in accordance with the Dispute Resolution provision included in the Charter Section [XV].

This represents the full and final agreement between the Charter School and the District and shall only be modified in writing by the mutual agreement of the parties.

**CHARTER FACILITIES AGREEMENT
BY AND BETWEEN
ORANGE UNIFIED SCHOOL DISTRICT AND
EL RANCHO CHARTER SCHOOL**

THIS AGREEMENT ("Agreement") is made this _____ day of August, 2007, by and between the Orange Unified School District, a public school district organized and existing under the laws of the State of California ("District") and El Rancho Charter School, a California public charter school ("Charter School"). The District and the Charter School are collectively referred to as "the parties."

R E C I T A L S

WHEREAS, the parties have previously entered into that certain Financial and Operational Memorandum of Understanding effective on August __, 2007 (the "MOU"); and

WHEREAS, the MOU describes certain operational relationships between the parties; and

WHEREAS, El Rancho Charter School was converted to a charter school on or about July 1, 2002 and the charter was renewed effective July 1, 2007 and the Charter School has been in beneficial occupation and use of the facilities located at 181 South Del Giorgio Drive, Anaheim, CA (the "Site")(see Site Plan attached as Exhibit A), since the beginning of the 2002-2003 school year;

WHEREAS, the parties desire to set forth the terms and conditions pursuant to which the Charter School will occupy classrooms and use facilities at the Site under the terms of Education Code section 47614 and its implementing regulations (as may be amended from time to time during the Term of this Agreement), commencing with the 2007-2008 school year;

NOW THEREFORE, in consideration of the covenants and agreements hereinafter set forth, the parties agree as follows:

Section 1. Use of Site. District agrees to allow Charter School exclusive use of the Site, for the sole purpose of operating the Charter School and its related educational programs in accordance with the Charter School's charter and MOU with the District. Charter School's right to exclusive use of the Site shall be coterminous with the term of this Agreement. Upon the termination of this Agreement, the right to exclusive use and occupation of the Site and the District's facilities and equipment thereon shall revert to the District subject to the parties' negotiation of a successor Agreement, if necessary, containing the terms of the District's provision of facilities to the Charter School in accordance with the provisions of Proposition 39. As titleholder to the Site and the

District's facilities and equipment located thereon (with the exception of those Charter School furnishings and equipment referenced in Section [2] below), the District reserves the right at the termination of this Agreement to recoup the full rights and benefits of such ownership, including but not limited to use of such Site, facilities and equipment for District services.

It is not the intent of the District by entering this Agreement to move the Charter School from the current Site. The District agrees not to move the Charter School from the current Site without mutual written consent of the Charter School.

Charter School shall have full and exclusive use of all classrooms, administrative space, and other facilities on the Site. Charter School shall comply with District policies and/or practices regarding the operations and maintenance of the facilities, furnishings, and equipment.

Although Charter School shall have the exclusive use of the Site, Charter School agrees to comply with the provisions of the Civic Center Act (Education Code section 38131 et seq.) in making use of the facilities accessible to members of the community. For purposes of compliance with the Civic Center Act with respect to the Site only, the Charter School Governance Council shall hold the same powers and obligations applicable to School District Board of Trustees under Education Code sections 38130-38139 and shall also follow District Board Policy and Administrative Regulations in making use of the facilities accessible to members of the community.

Pursuant to the requirements of Proposition 39, the allocation of space as set forth in this Section [1] is based upon an assumption of 1,150 in-district ADA for the 2007-2008 school year. Future requests for additional facilities or furnishings and equipment based on enrollment increases may be made in the manner specified in Section 11969.9 of the Proposition 39 regulations (Cal. Code Regs., tit. 5, § 11969.9.)

With the exception of a request for additional facilities or furnishings and equipment as referenced in the paragraph above, the parties agree that the provision of facilities pursuant to this Agreement constitutes full and complete satisfaction of the District's obligation to provide facilities to Charter School under Education Code section 47614 and the Proposition 39 regulations for entire period covered by this Agreement.

Section 2. Furnishings and Equipment. Because the Charter School has occupied the Site since 2002, the Charter School has provided its own furnishings and equipment, and does not now require furnishings and equipment from the District for the 2007/2008 school year. The Charter School is responsible for providing property insurance for all its furnishings and equipment on the Site.

No later than October 1, 2007, the Charter School shall provide the District with a complete inventory of all furnishings and equipment at the Site. All items for which the Charter School provides proof of purchase shall be considered personal property of the Charter School. All remaining items shall be considered personal property of the

District. The Charter School inventory shall be updated as the Charter School purchases new furnishings and equipment and/or surpluses and sells furnishings and equipment.

Nothing in this Agreement shall be construed to allow the Charter School to sell or otherwise dispose of furnishings or equipment if the effect of such action would be to make the District obligated to provide additional furnishings and equipment under Proposition 39.

Section 3. Reimbursement: The over-allocation provisions of 5 C.C.R. Section 11969.8 shall not be applicable to the Charter School. In lieu of the over-allocation provisions, the Charter School's ADA projection for the 2007-2008 school year provided in Section 1 of this Agreement shall serve as a benchmark for subsequent years in this Agreement. Unless the Charter School provides a revised projection by October 1 of the fiscal year prior to the school year for which facilities are requested, the facilities will be deemed by the parties to have met the requirements of Proposition 39 and other applicable authority with respect to the capacity and number of teaching and non-teaching spaces, and furnishings and equipment provided, and the Charter School will have waived its right to request additional facilities, furnishings and equipment for that school year. In the event that the Charter School requests and proves entitlement under the implementing regulations to additional facilities or furnishings and equipment in compliance with Proposition 39 and the implementing regulations for any subsequent school year, the District reserves the right to provide additional facilities in compliance with the provisions of Proposition 39 and its implementing regulations.

Section 4. Term. The term of this Agreement shall begin on its date of execution and shall end on June 30, 2012, subject to the procedure set forth in Section 3 regarding the Charter School's provision of annual updated enrollment projections if the Charter School is seeking additional facilities or furnishings and equipment.

Section 5. Renewal. This agreement shall be automatically renewed for successive five (5) year terms upon the renewal of the Charter School's charter, unless renegotiated by the parties.

Section 6. Termination. This Agreement will automatically terminate upon the effective date of any termination or revocation of Charter School's charter or the cessation of Charter School's operations for any reason.

Default by Charter School. The occurrence of any one or more of the following events shall constitute a default and material breach of this Agreement by Charter School:

- a. The failure of the Charter School to meet at least 50% of its ADA projection, or 50% of the 2007-2008 benchmark contained in Section 1 of this Agreement, whichever is later (as measured at P-2);

- b. The failure by Charter School to make timely payment of any fees under this Agreement where such failure shall continue for a period of forty-five (45) days after receipt of written notice thereof by District to Charter School.
- c. The failure by Charter School to observe or perform any of the express covenants, conditions or provisions of this Agreement to be observed or performed by Charter School where such failure shall continue for a period of forty-five (45) days after receipt of written notice thereof by District to Charter School; provided, however, that if the nature of Charter School's default is such that more than forty-five (45) days are reasonably required for its cure, then Charter School shall not be deemed to be in default if Charter School commences such cure within said forty-five (45) days period and thereafter diligently prosecutes such cure to completion.
- d. Revocation or termination of Charter School's charter. However, this Agreement shall not terminate during any appeal of a District denied renewal or revocation in accordance with Education Code section 47607.
- e. The failure by Charter School to utilize the Premises for the sole purpose of operating a charter school as authorized by this Agreement and the Charter School's charter.

Except in the instance of the revocation of the Charter School's charter, neither party may terminate this Agreement without first complying with the Dispute Resolution procedures outlined in Section [29] below, subject to the terms and limitations of that procedure.

Section 7. Pro-Rata Share. The facilities hereunder shall be provided to the Charter School substantially rent-free. As set forth in Section II (D)(2) of the MOU between the parties, and in consideration of the District's provision of facilities to the Charter School substantially rent free pursuant to Education Code section 47613, the Charter School shall pay the District an amount equal to two percent (2%) of the Charter School's State revenues (as defined in Education Code section 47632) in accordance with Education Code section 47613(f).

Section 8. Utilities. Charter School shall be solely responsible for the cost of utilities used or consumed by the Charter School on the Site, including, if applicable, the cost of internet services.

Section 9. Maintenance. Facilities and furnishings and equipment provided to the Charter School by the District shall remain the property of the District. The ongoing operations and maintenance of the facilities and equipment is the responsibility of the Charter School. The Charter School may purchase operations and maintenance services from the District as provided in a separate written agreement.

Charter School shall be responsible for the major maintenance of the facilities and shall maintain facilities used to the District standard for similar school sites. For purposes of this section, "major maintenance" includes the major repair or replacement of plumbing, heating, ventilation, air conditioning, electrical, roofing, and floor systems, exterior and interior painting, and any other items considered deferred maintenance under Education Code section 17582. All other kinds of maintenance shall be considered routine maintenance.

Section 10. Installation of Improvements. Charter School shall not construct or install any improvements (as defined in Civil Code 660) on the Site or otherwise permanently alter the Site without the prior written consent of District, and if required, the Division of the State Architect. District's approval of any improvements, including the construction schedule, work hours, and modifications, shall be at District's sole and absolute discretion, and District may disapprove of such improvements without reason. Contractors retained by Charter School with respect to the construction or installation of improvements shall be fully licensed and bonded as required by law and must maintain levels of casualty, liability and workers' compensation insurance and performance and payment bonds consistent with District construction requirements. The construction or installation of improvements shall be performed in a sound and workmanlike manner, in compliance with all laws applicable to charter schools, including buildings codes and prevailing wage laws. District or District's agent shall have a continuing right at all times during the period that improvements are being constructed or installed to enter the premises and to inspect the work, provided that such entries and inspections do not unreasonably interfere with the progress of the construction or interrupt instruction to students. This provision shall apply to any signage established by the Charter School at the Site. Maintenance work as defined in Public Contract Code Section 22002(d) is exempt from this prior written consent requirement. Charter School waives any and all claims, liens or interest in the Site, other than the right to use and occupation of the site under this Agreement and Education Code section 47614, related to any and all improvements, whether major or minor maintenance, past or present, it performs or has performed on the site.

Section 11. Condition of Property. Charter School, at its expense, shall comply with all applicable laws, regulations, rules and orders with respect to its use and occupancy of the Site, including, without limitation, those relating to health, safety, noise, environmental protection, waste disposal, and water and air quality, directly triggered by its use of the Site. The Charter School shall not be responsible for any and all legal compliance or environmental conditions that existed prior to the Charter School's occupancy of the Site on July 1, 2002. The District shall remain responsible for all legal compliance with, for example, the ADA, FEHA, environmental laws, and other applicable building code standards, for any existing compliance issue prior to the date of the Charter School's occupancy of the Site on July 1, 2002 and continuing through the Term of this Agreement. The Charter School shall only assume responsibility for legal compliance to the extent that they are triggered by any modifications or improvement made by the Charter School.

Should any discharge, leakage, spillage, emission, or pollution of any type occur upon or from the Site due to the Charter School's use and occupancy thereof, Charter School, at its expense, shall be obligated to clean all the property affected, to the satisfaction of District and any governmental agencies having jurisdiction over the Site.

Section 12. Title to Property. The parties acknowledge that title to the Site is held by the District and shall remain in the District at all times.

Section 13. Fingerprinting. Charter School shall be responsible for ensuring compliance with all applicable fingerprinting and criminal background investigation requirements described in Education Code section 45125.1. In addition, the District shall be responsible for complying with all criminal background check laws for all employees or vendors that it directs to the Site for any work to be performed.

Section 14. Insurance. The District will continue to maintain its current levels of first party insurance on the structures on the Site. Charter School shall, during the term of this Agreement, maintain in force the required levels of insurance as stated in Section II (F) of the MOU between the parties.

The Charter School shall secure and maintain property insurance that addresses business interruption and casualty needs, including flood and fire, and other hazards with replacement costs coverage for all assets listed in the Charter School's property inventory and consumables. The Charter School shall secure property coverage with a minimum policy limit of 80% of the fair market value of the Charter School's contents.

Section 15. Indemnification. The Charter School shall, to the fullest extent permitted by law, indemnify, defend, and hold harmless the District, its officers, directors, and employees, attorneys, agents, representatives, volunteers, successors and assigns (collectively hereinafter District and District Personnel) from and against any and all actions, suits, claims, demands, losses, costs, penalties, obligations, errors, omissions, or liabilities, including legal costs, attorney's fees, and expert witness fees, whether or not suit is actually filed, and/or any judgment rendered against District and/or District Personnel, that may be asserted or claimed by any person, firm or entity arising out of the Charter School's use of the Site or from the conduct of its business or from any activity, work, or other things done, permitted or suffered by Charter School in or about the Site after District delivers possession of the Site to the Charter School. This indemnity and hold harmless provision shall exclude actions brought by third persons against the District arising out of the negligence or intentional acts, errors or omissions of the District and/or District Personnel.

District shall indemnify, hold harmless, and defend Charter School, its trustees, officers, employees and agents against and from any and all claims, demands, actions, suits, losses, liability, expenses and costs for any injury, death or damage to any person or property occurring in, on or about the Site after District delivers possession of the Site to the Charter School, arising from the District's prior or current use or maintenance of the Site or from prior or current conduct of its business or from any activity, work, or other

things done, permitted or suffered by the District its trustees, officers, employees and agents in or about the Site; provided, however, that District shall not have any obligation to indemnify, hold harmless or defend the Charter School, its trustees, officers, employees and agents against and from any and all claims, demands, actions, suits, losses, liability, expenses and costs for any injury, death or damage to any person or property occurring in, on or about the Site after District delivers possession of the Site to the Charter School, resulting from or arising out of the negligence or willful malfeasance of the Charter School, its trustees, officers, employees and agents or any person or entity not subject to the District's control and supervision.

Section 16. Access. Charter School shall permit District, its agents, representatives or employees, to enter upon the Site for the purpose of inspecting same or to make repairs, alterations, or additions that are required by this Agreement to any portion of the Site. The designated representatives must be an employees(s) of Charter School or the District; (2) a statement of the facts of the dispute, including information regarding the parties attempts to resolve the dispute; (3) the specific sections of the Agreement that are in dispute; and (4) the specific resolution sought by the party. Within five business days from receipt of the notice of dispute the representatives from Charter School shall meet with representatives from the District in an informal setting to try to resolve the dispute.

If the informal meeting fails to resolve the dispute the party initiating the dispute resolution process shall notify the other party (the responding party) in writing that it intends to proceed to mediation of the dispute and shall request the State Mediation and Conciliation Service to appoint a mediator within seven business days to assist the parties in resolving the dispute (if the State Mediation and Conciliation Service is unable or refuses to provide a mediator the parties shall mutually agree upon a mediator). The initiating party shall request appointment of a mediator who is available to meet as soon as possible but not later than 30 calendar days after receipt of the request for appointment. The party initiating the dispute shall forward a copy of the notice of the dispute to the appointed mediator. The responding party shall file a written response with the mediator and serve a copy on the initiating party within seven business days of the first scheduled mediation. The mediation procedure shall be entirely informal in nature; however, copies of exhibits upon which either party bases its case shall be shared with the other party in advance of the mediation. The relevant facts should be elicited in a narrative fashion to the extent possible, rather than through examination and cross examination of witnesses. The rules of evidence will not apply and no record of the proceedings will be made. If an agreement is reached, the agreement shall be reduced to writing and shall be signed by the District and Charter School.

Either party may seek equitable or injunctive relief prior to the mediation to preserve the status quo or prevent irreparable injury pending the completion of that process. Except for such an action to obtain equitable relief, neither party may commence a civil action with respect to the matters submitted to mediation until after the completion of the initial mediation session, or 45 calendar days after the date of filing the written request for mediation, whichever occurs first. Mediation may continue after the commencement of a civil action, if the parties so desire

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the date first above written.

CONSENT ITEMS

ROUTINE ITEMS ACTED UPON IN ONE MOTION UNLESS PULLED FOR DISCUSSION AND SEPARATE ACTION.

TOPIC: PURCHASE ORDERS LIST

DESCRIPTION: Purchase orders have been processed in accordance with the rules and regulations of the Board of Education and applicable legal requirements of the State of California.

Requests for Variable Term Waivers may be submitted by employing agencies to solve a temporary certification or assignment problem, when the employing agency finds there are an insufficient number of certificated persons who meet the specified employment criteria for a position.

The California Education Code authorizes, under the provision of Section 80122 employing agencies to grant a short-term waiver provided it is issued one time only for any one credentialed teacher and one time only for a given classroom. They are valid for no more than one semester.

The teacher(s) whose name(s) is/are listed on the attached has/have met the requirements, has/have consented to the assignment, and has/have been judged by the site administrator to be competent in the subject matter.
