1st Quarter Strategic Plan Status Report for 2007-08
As of September 28, 2007

Technology Expansion		
	GOAL	PROGRESS
#1	Work with Facilities & Planning to include cabling, network hardware and classroom equipment in the Modernization Plan and the development of any future bond campaign.	A subcommittee of the OUSD Tech Committee has been formed to specifically address the goal of developing business partnerships. The subcommittee's focus in terms of community partnerships is to seek to find ways for students to have access to technology who would otherwise not have such access outside of school hours. The OUSD Tech Committee has approved new technology standards for schools and students that will be included in the OUSD Tech Plan.
#2	Seek outside funding sources (i.e. ERATE, EETT grants, business partnerships, other grants, and new legislation.) Develop a subcommittee to work under the TC to seek out business partnerships (Winter 2007).	OUSD received \$411,500 in 2nd year funding for the EETT competitive grant for 12 elementary schools working with 6th grade teachers. OUSD received \$43,122 from the EETT formula grant for technology staff development and innovative uses of technology. OUSD will host a series of grant writing workshops to be scheduled for after school during the second semester. Senator Maldonado, author of SB155, made the decision to pull the bill in July. Plans are to reintroduce a bill to address ADA and Online classes.
#3	Develop recommendation to allocate technology funds per student for sites (e.g. \$10 per student) on an ongoing basis, recognizing that an approved site technology plan and a site technology position will be needed.	Technology status for schools will be listed in the updated OUSD Technology Plan due for completion in October of 2007.
#4	Work with Cabinet and site administration to fulfill commitment in getting all teachers to regularly use and update Aeries and Blackboard and expand the Online Course/Orange LIVE to include options for all core classes.	Aeries Secondary Teachers are continuing to grow in the use of the Aeries Online Gradebook. Training on the Elementary Online Gradebook began in July. After school support is available on an ongoing basis on Tuesdays and Thursday afternoons. A gradebook listserv is setup for teachers to help teachers with any questions or problems with the Aeries Online Gradebook. Blackboard Trainings for Blackboard are offered on a weekly basis and are also available to schools upon request. Through Blackboard, each school has a Professional Learning Community available for staff use. Online Courses/OrangeLIVE has approximately 500 students enrolled in 17 online courses this school year.
#5	Work toward providing comprehensive technology trainings for teachers, parents, and students that will be funded from Teacher Quality funds, categorical funds, grant funds, site funds, CBET, and ROP programs.	GoSignMeUp (http://gosignmeupstaff.orangeusd.org) is a program which provides a complete listing of technology trainings for teachers. Drop in after school technology trainings are available in the IS department. Students enrolled in Online classes participated in summer student technology academies.

TECHNOLOGY EXPANSION

1st Quarter Strategic Plan Status Report for 2007-08
As of September 28, 2007

Personalization		
	GOAL	PROGRESS
#1	Work with parents, students and staff to develop and implement a personalized education plan for each student to ensure academic achievement for every learner. As measured by the NCLB Act of 2001, the State STAR testing program and the California High School Exit Exam (CAHSEE).	Schools are training teachers in goal setting for and with students, e.g., using Pace Standards Assessment data as benchmarks for student progress, test chats, as well as other internal measures. Five parent information meetings were held to provide information regarding supplemental education services as required by No Child Left Behind for program improvement schools. The Community Day School and Home School/Independent Study Program began in September. Staff has done research to obtain additional California High School Exit Exam Prep Programs and resources. Developed personalized health care plans for 325 students. Opened Occupational Therapy Clinic with the hiring of five Occupational Therapists and 1 Assistant.
#2	Aug 07-begin staff development in one area of personalization plan Sept 07-Implement one area of personalization plan with student, staff, & parent	State Grant funding and private donations were used for purchase of interactive learning boards. Eight sites have installed several interactive learning boards (SMART Boards) to engage the visual learner in lessons that introduce, practice, or remediate concepts. Time is blocked for students to receive instruction at their own skill level in reading, language arts, and/or math. The After School Education and Safety Program is being implemented at two middle schools and several elementary schools. Principals have included technology expansion in their site goals, e.g. increasing use of AERIES Grade book by teachers and Parent Portal by parents. Middle Schools have implemented "Character Counts". The course catalog for High School students is updated on the District website. The Single Site Plan is now an online process and will be revised and monitored yearly. The Language Assessment Center has been relocated to the District Office site. The Alternative Education/ROP facility at the Parkside campus is in the process of making changes - beginning with the relocation of the Student Services staff to a more client centered location, and the classrooms for the Community Day School and Home School/Independent Study Program have been renovated. Developed discipline guidelines for secondary students. Restructured special education secondary services to better meet the needs of students. The revision of the Special Education Procedural Handbook has begun. Develop and use agendas for legally defensible IEP (Individual Education Plans).
#3	Identify best practices in differentiated instruction to match student interest, abilities and learning styles. Inventory completed of teachers w/ & w/o training in D.I. as well as teachers. Who can do training by 09/07	Instructional techniques and supplementary materials are utilized to differentiate instruction, e.g. Cognitively Guided Instruction, Math Mastery. Elementary Focus on Results Training continues. Elementary teachers have been trained in AB 472 Math and English Language Arts. High Schools are implementing Professional Learning Communities. Research and Assessment has provided individual student achievement reports at the elementary level and trend data for middle and high school. The Jump Start program allows staff to interact with the Santiago Community College District. The TASEL-M collaboration continues with the Orange Co. Dept. of Ed., National Science Foundation and Cal State Fullerton. Educational Services staff have developed a partnership with Pupil Services/Special Education staff to better serve students. Hired an Autism Specialist and a Mobility Specialist to better meet the needs of special education students.
#4	Develop curriculum to ensure a broad, relevant education to support the personalized education plans. Sept 07-Instructional Materials Advisory Committee/ROP approval	Elementary schools and teachers are utilizing an instructional strategy that uses identified student similarities and differences to improve instruction of concepts across curricular areas. Sixth grade teachers are now being trained in the new 6th grade English Language Development program. Initiation of the Jump Start Program provides college level courses at the high schools. On-line courses are offered at all high schools. The availability of Career Pathways is expanded at all high schools. Opened a Pre-K Kindergarten program at Palmyra. Developed Integrated play group curriculum for pre-school kindergarten students.
#5	Train/prepare staff and parents for their role in personalized education.	Fourteen schools are implementing Positive Behavioral Intervention Systems (PBIS) to assist teachers, parents and students in developing positive character traits to improve the learning environment. Schools are continuing to provide training on and encourage parent use of the parent portal.

BOARD AGENDA - OCTOBER 11, 2007 • 5

1st Quarter Strategic Plan Status Report for 2007-08
As of September 28, 2007

PARTNERSHIPS		
	GOAL	PROGRESS
#1	Public Relations Campaign	The district Communications Plan was recently completed. All principals will receive the plan by mid October, and it is also posted on the OUSD Portal and website. The plan includes the implementation of surveys in order to measure it's success. An electronic survey to measure community support has been completed, and will be piloted during the month of October. The survey will assess the District's communications channels, and look for ideas on how to improve communication between our schools and the community. The survey will be administered on-line via email, in order to further our Strategic goal of improved technology.
#2	Revamp District's Use of Foundations	In June, 2007, revised Board Policy 1260 was approved by the Board of Education. The consensus of the Board was to move to a more generalized support of foundation relationships.
#3	Director of Community Development DD visits current stakeholder. 1) Thank you, 2) What are your thoughts, 3) How can we improve (July 1, 2007)	The community development coordinator has meet individually with different members of the community to see what they think of the direction in which the District is going, and to ask for any suggestions. Several business owners are looking forward to the implementation of the "Personalization" area of the Strategic Plan. They are very interested in working with students to develop work place skills that will translate into jobs right here in the community. The CDC is working with local groups such as the Orange Barrio Historic Society to develop relationships that strengthen our community. In addition to programs and relationships, our District has received donations and support from organizations such as Wal-Mart and CostCo. We have taken in money and certificates from dozens of businesses for the Orange Every Day perfect attendance pilot program. A perfect attendance program aimed at the elementary schools will be unveiled in October. The program will offer basketball tickets and other incentives to students and school with high attendance records.
#4	Stakeholder Committee District Development Coordinator will meet with each school (September 30, 2007)	Community Development Coordinator completed his one-on-one visits with each school site in late Spring, and has been working closely with school principals to develop programs to be included in each site's partnership plan.

As of September 28, 2007

FACILITIES		
	GOAL	PROGRESS
#1	<p>Promote passing of a facility bond.</p> <p>August, 2007 Community Survey completed by bond consultant.</p> <p>Sept., 2007 Bond taxable rate is established.</p>	<p>Modernization is complete at Prospect Elementary School. Prospect is the first example of improvements that could be implemented at all school sites if funds from a local facility bond were combined with funds from the state facility bond. Limited local facility funds are being used along with state facility funds to complete current modernization projects at Portola Middle School and Esplanade and Jordan Elementary Schools. Those projects will be completed during 2008.</p>
#2	<p>Promote community partnership to adopt schools.</p> <p>Sept., 2007 Selected committee representatives approach/contact targets.</p>	<p>Draft of school "Partnership Plans" due December 2007 will include business partnership targets based on district and school goals.</p>
#3	<p>Apply to non-traditional sources for facility funding.</p>	<p>Energy conservation projects approved for Crescent Primary, Imperial Elementary, Cerro Villa Middle, Santiago Charter Middle, Orange High, El Modena High, Canyon High and Villa Park High Schools. Sixty percent of the funding for these projects will come from the state facilities bond with the balance of the funds being provided by utilizing the energy savings from the projects.</p>
#4	<p>Evaluation & Disposal of surplus property.</p>	<p>Met with the City of Orange Department of Economic Development on July 11, 2007 concerning General Plan updates related to recommended land use. Reviewed areas of mutual interest concerning potential surplus properties. Met with legal counsel to discuss options for disposition of surplus property in September.</p>
#5	<p>Encourage student population & clubs.</p>	<p>Partners will be targeted to participate with student populations & clubs to facilitate campus beautification. This comprehensive effort will be included as part of the school "Partnership Plans".</p>

CONSENT ITEMS

ROUTINE ITEMS ACTED UPON IN ONE MOTION UNLESS PULLED FOR DISCUSSION AND SEPARATE ACTION.

TOPIC: PURCHASE ORDERS LIST

DESCRIPTION: Purchase orders have been processed in accordance with the rules and regulations of the Board of Education and applicable legal requirements of the State of California.

District procedures and computer system controls require that an approved purchase order, pay voucher, current liability, or credit memo exist on the District's computer system prior to the issuance of warrants. There may be a multiple number of warrants drawn against a given purchase order up to the maximum amount for that purchase order. The system restricts the processing of payment amounts in excess of the issued purchase order.

It should be noted that the purchase order system allows for a one-line description of the services or items to be procured. The issued purchase order forms a contract between the District and the vendor.

FISCAL IMPACT: \$4,232,212.99

RECOMMENDATION: It is recommended that the Board of Education approve the Purchase Orders List dated September 17 through September 30, 2007 in the amount of \$4,232,212.99.

TOPIC: **WARRANTS LIST**

DESCRIPTION: Warrants have been processed in accordance with the rules and regulations of the Board of Education and applicable legal requirements of the State of California and the Orange County Department of Education.

District procedures and computer system controls require that an approved purchase order, pay voucher, current liability, or credit memo exist on the District's computer system prior to the issuance of warrants. There may be a multiple number of warrants drawn against a given purchase order up to the maximum amount for that purchase order. The processing of the warrant is in compliance with the contractual agreement that has been formed by the issuance of the purchase order.

FISCAL IMPACT: \$4,250,845.35

RECOMMENDATION: It is recommended that the Board of Education approve the Warrants List dated September 17 through September 30, 2007 in the amount of \$4,250,845.35.

TOPIC:

GIFTS

DESCRIPTION:

The following gifts and attached list of cash donations were donated to District.

- Galileo telescope (good condition) for earth science class at Villa Park HS, donated by Jacqueline Walburn
- GE refrigerator (good condition) for faculty lounge at Canyon HS, donated by Cathy Schultz
- Projection television (good condition) for student/staff presentations at Canyon HS, donated by Victoria Santos and Erin Wilson
- 27 office binders to Chapman Hills ES, donated by Nichole Salazar

FISCAL IMPACT:

This item has no fiscal impact.

RECOMMENDATION:

It is recommended the Board of Education accept these gifts and that a letter of appreciation be forwarded to the benefactor.

TOPIC: CONTRACT SERVICES REPORT – BUSINESS SERVICES

DESCRIPTION: The following is a report of contract service items for Business Services.

NYBERG ARCHITECTS The shade structure at Villa Park Elementary School is in poor condition and needs to be replaced. The services of an architectural firm are required to prepare the plans and specifications and submit the project to DSA for approval. Nyberg Architects already has school site drawings from prior projects and can provide these services for the District.

Deferred Maintenance.....\$5,500
14.00-6205-0-5811-0000-8110-265-410-000 (Harlin)

SCHOOL CONSTRUCTION COMPLIANCE, LLC The Office of Public School Construction (OPSC) requires that school districts participating in the state modernization program have in place a Labor Compliance Program (LCP). One of the components of the LCP is that contractor’s certified payroll reports are audited and their employees interviewed. On April 20, 2006, the Board approved School Construction Compliance (SCC) to provide these services for the modernization project at Prospect Elementary. There is a need to increase the original dollar amount (\$42,000) to complete this project.

Special Reserve/Capital Projects.....\$3,600
40.00-0807-0-6255-9520-8500-259-416-000 (Christensen)

STOLO CABINETS, INC. The District awarded bid No. FC6003 – Plastic Laminate Casework - Prospect Elementary School to Stolo Cabinets, Inc. on June 22, 2006. Change Order No. 2 increases the value of the contract and does not add any additional time to the contract. The cost and scope were reviewed and found to be reasonable by the architect, construction manager and staff. This Change Order falls within the allowable maximum of 10% per the Public Contract Code 20118.4(a)(2).

Special Reserve/Capital Projects.....\$5,608
40.00-0807-0-6279-9520-8500-259-416-000 (Christensen)

FISCAL IMPACT: \$14,708

RECOMMENDATION: It is recommended that the Board of Education approve the Contract Services Report – Business Services as presented.

The Public Contract Code allows school districts to issue contract change orders for up to ten percent of the original contract value. The District typically funds change orders with monies from the original source. If there were no additional monies available, then the District would fund the change through the balance reserve account.

In accordance with Public Contract Code Section 7107, the final payment of the ten percent (10%) retention of the value of the work done under these agreements shall be made thirty-five (35) days after recording by the District of the Notice(s) of Completion at the County of Orange Recorder's Office.

FISCAL IMPACT: No additional fiscal impact.

RECOMMENDATION: It is recommended that the Board of Education accept the above contract(s) as complete, authorize staff to file appropriate notice(s) of completion and release the retention payment(s) to the contractor(s).

TOPIC: PERSONNEL REPORT

DESCRIPTION: All actions listed in the Personnel Report, representing a cost to the District, have been reviewed by the Business Department and have been assigned a budget number. Appropriate funds exist in all budget areas presented in this Personnel Report. Some items on the report represent the maximum amount that could be encumbered for that item, the actual expenditure may be less, and in no instance will the expenditure be more than the requested amount without an additional request being generated.

This report may require actions for extra pay projects, separation from service, short-term employment, leaves of absence, change of status, and new hires. All requests are generated by individuals, school sites, or various District departments.

All of the above requests have been processed in accordance with the rules and regulations of the Board of Education and the applicable legal requirements of the State of California and the Orange County Department of Education.

FISCAL IMPACT: Certificated: \$ 1,270,131

Classified: \$ 419,795

RECOMMENDATION: It is recommended that the Board of Education approve the Personnel Report as presented.
