TOPIC: **FINAL REPORT – ORANGE UNIFIED SCHOOL DISTRICT ADVISORY COMMITTEE TO RECOMMEND THE USE OR DISPOSITION OF SURPLUS REAL PROPERTY (7-11 COMMITTEE)**

DESCRIPTION: Evaluation and disposal of surplus property is identified as a strategy under the facilities area of the three-year strategic plan. Education Code section 17388 provides for the appointment of a District Advisory Committee to advise the Board of Education concerning the use or disposition of surplus real property not needed for school purposes.

A District Advisory Committee to recommend the use or disposition of surplus real property was formed by the Board of Education on February 7, 2008. The Committee met several times over a four-month period and held a public hearing to receive input on potential surplus properties being considered.

The Committee reviewed and evaluated student enrollment projections, the City of Orange general plan/zoning related to each property, reviewed the Final Report (July 2004) by the Facilities Advisory Committee, and evaluated school site capacity and alternatives for future school facilities.

Recommendations included in a final report considered community input and review and evaluation of related data. The Board may either adopt the Committee's recommendations or reach different conclusions concerning one or more of the potential surplus properties.

The Final Report of the District Advisory Committee is available for public inspection in the Office of the Superintendent and Business Services Office at the District Office of the Orange Unified School District. The Final Report has been sent to the Board of Education under separate cover.

FISCAL IMPACT: No fiscal impact

RECOMMENDATION: The Final Report of the District Advisory Committee is presented for information only and does not require Board action.

TOPIC: **FOURTH QUARTER STRATEGIC PLAN STATUS REPORT
FOR 2007-08, YEAR TWO**

DESCRIPTION: The Fourth Quarter Strategic Plan Status Report, covering the months of April through June, will be presented.

FISCAL IMPACT: None

RECOMMENDATION: This item is for information only.

4th Quarter Strategic Plan Status Report for 2007-08, Year Two
As of June 30, 2008

TECHNOLOGY EXPANSION			
	STRATEGY	08 APRIL- JUNE (SUB-ACTIVITES)	PROGRESS
#1	Work with Facilities & Planning to include cabling, network hardware and classroom equipment in the Modernization Plan and the development of any future bond campaign.	Possible Bond Election, June 2008.	<p>Facilities /Planning and Educational Technology departments continue to meet as needed to discuss new technology and facility modifications as new technologies emerge. The completed modernization of selected schools (Prospect, Esplanade, Jordan and Portola) has prepared classrooms for advanced technologies. With this in mind, the aforementioned schools have chosen to add the following technology components.</p> <ul style="list-style-type: none"> • LCD projectors in all classrooms • Elmo Visual Presenters using the LCD projector are being added to many classrooms • SmartBoards using the LCD projector and laptops are being added to many classrooms • Laptops for all teachers at three of the schools <p>The new technology will add additional teaching tools for teachers and afford them new opportunities to differentiate instruction.</p>
#2	Seek outside funding sources (i.e. ERATE, EETT grants, business partnerships, other grants, and new legislation.)	<p>Identify a team to testify for passage of bill (April 2008).</p> <p>Bill passes and is signed into law (June 2008?).</p>	<p>OUSD contracted with School Innovations Associates (SIA) to address the need for districts to be able to collect ADA for online classes. Two bills were introduced, one by Senator Torlakson and one by Assembly member Walters. The bills are in committee. SIA arranged a meeting with key people to discuss how schools could receive ADA for online classes. Present at the meeting were Senator Torlakson's office staff, representatives from Superintendent Jack O'Connell's staff, representatives from CDE Technology Department, consultants from SIA office, the attendance consultant from the CDE, and Gwen Davis, Administrative Director, Educational Technology from OUSD. In the meeting, it was concluded that ADA for online classes can be collected. It was suggested that OUSD work with SIA and CDE to get prior approval of forms and to set attendance accounting procedures for online classes. The OUSD School Board approved to extend the SIA contract for one year so we can work on clarification and approval from CDE to collect ADA for online classes.</p>
#3	Develop recommendation to allocate technology funds per student for sites (e.g. \$10 per student) on an ongoing basis, recognizing that an approved site technology plan and a site technology position will be needed.	New budget cycle begins this year with purchases directed to hardware/software upgrades (May 2008). Explore the possibility of funding dedicated site technology support personnel for 2008-09.	For the 2008-2009 school year, schools will continue to use site funds, lottery, block grant, grants, categorical funds and parent donations to purchase technology.

TOPIC: TEACHER ASSIGNMENT/CONSENT - VARIABLE OR SHORT-TERM WAIVER

DESCRIPTION: The California Education Code authorizes, under the provision of Section 44830(a), Variable Term Waivers that have to do with educator preparation and credentialing, and with the ability of employers to employ or assign persons who are not appropriately credentialed for their assignment. Requests for Variable Term Waivers may be submitted by employing agencies to solve a temporary certification or assignment problem, when the employing agency finds there are an insufficient number of certificated persons who meet the specified employment criteria for a position.

The California Education Code authorizes, under the provision of Section 80122 employing agencies to grant a short-term waiver provided it is issued one time only for any one credentialed teacher and one time only for a given classroom. They are valid for no more than one semester.

The teacher(s) whose name(s) is/are listed on the attached has/have met the requirements, has/have consented to the assignment, and has/have been judged by the site administrator to be competent in the subject matter. Likewise, all other means of credentialing and reassignment have been explored. The passage of this waiver will allow us to remain compliant with SB 435, which requires that all teachers be appropriately assigned.

FISCAL IMPACT: This item has no fiscal impact.

RECOMMENDATION: It is recommended that the Board of Education approve the variable term waiver as presented.
