ACTION ITEMS

TOPIC:	PUBLIC HEARING AND ADOPTION OF CLASS SIZE WAIVER REQUEST – CALIFORNIA EDUCATION CODE 41376
DESCRIPTION:	<p>It is requested that the Board of Education conduct a public hearing with respect to first through eighth grades class size waiver request.</p> <p>Due to the Governor's current budget projection and the need for as much flexibility to develop a balanced budget as possible, the District desires to submit a request to the California Department of Education (CDE) to waive portions of <i>California Education Code</i> Section 41376(a),(c) and (d) relating to class size penalties for grades one through three and 41376(b)(1)(2)(3) and (e), relating to class size penalties for grades four through eight.</p> <p>The current approved 2010-11 district-wide class size average in grades one through three is 30:1. The current district-wide class size average in grades four through eight is 29.9:1. The District needs to have the flexibility to negotiate increased class sizes of up to 33:1 for grades one through eight, for a two-year period, beginning with the 2010-11 fiscal year.</p> <p><u>Background:</u> Education Code 41376 requires that school districts not exceed a district-wide class size average for grades one through three of 30:1 and 29.9:1 in grades four through eight, or the District's class size average in 1964 (29.9), whichever is greater. A penalty is imposed in the event the class size average exceeds 30 students in grades 1-3 and 29.9 students in grades 4-8. The Education Code class size average coincides with the requirements of the negotiated class size/teaching load/workload with Orange Unified Education Association (OUEA) which requires the following:</p> <ul style="list-style-type: none">• Class size for 1-6 shall be maintained at an average of 30.0:1 students.• Class size for 7-8 shall be at a staffing ratio of 32.0:1 students. <p>In light of the current statewide budget crisis and the reduced revenue to school districts, the level of staffing required by EC 41376 has a detrimental effect on the District's operations and ability to provide necessary services.</p>
FISCAL IMPACT:	Cost savings of up to \$2,990,000 annually.
RECOMMENDATION:	It is recommended that the Board of Education hold a public hearing, and authorize the Superintendent or designee to submit a first through eighth grades class size waiver request to the California Department of Education.

TOPIC: TEACHER ASSIGNMENT/CONSENT REPORT

DESCRIPTION: Individual school districts are responsible to provide their respective county superintendent of schools with evidence of legal and appropriate assignments for all certificated employees. Legal and appropriate assignments for certificated employees are those based upon the authorization(s) contained on the specific certificate(s) held by the certificated employee, as well as additional assignments which are authorized "assignment options" by the Education Code. Most of the assignment options provided by the Education Code allow a teacher to serve in an additional assignment, provided that the teacher has received a specified level of training relative the subject area to be taught, that the teacher consents to the assignment, and that the local governing board takes action on the assignment. These assignment options are typically employed in middle schools and high schools where the teacher is assigned to instruct groups of students in a specific subject matter area or areas. The teachers/assignments listed on the attached Teacher Assignment/Consent Report reflect legal and appropriate assignments based upon authorized assignment options in the Education Code where the teacher has met all requirements and has consented to the assignment.

FISCAL IMPACT: This item has no fiscal impact.

The texts are available for review in the Board room this evening and after tonight in the Curriculum office, Building F. After the 30-day review period, the Board of Education may take formal action to adopt the textbooks and/or supplementary texts.

FISCAL IMPACT: \$7,873 - *Restricted Lottery*
