ACTION
ITEMS

TOPIC: PUBLIC HEARING ON THE SUFFICIENCY OF TEXTBOOKS, INSTRUCTIONAL MATERIALS AND SCIENCE LAB EQUIPMENT (9-12) AND ADOPTION OF BOARD RESOLUTION NO. 07-11-12

DESCRIPTION: The Williams Settlement set a specific timeline for districts in certifying the sufficiency of textbooks, instructional materials, and science lab equipment (9-12). The settlement requires the hearing to be held prior to the end of the eighth week after the first day pupils attend school. Education Code Section 60119 and 60422(b) specifies that the governing boards of school districts establish steps and procedures and take appropriate action to ensure the availability of textbooks and instructional materials on a yearly basis.

1. Hold a public hearing.
2. Make a determination, through a resolution, on the status of the sufficiency or insufficiency of textbooks and instructional materials in the District and that they are consistent with the content and cycles of the curriculum framework adopted by the State Board in the following areas:
 - Mathematics
 - Science
 - History/Social Science
 - English/Language Arts, including the English Language Development component of an adopted program
 - Foreign Language
 - Health
 - Visual and Performing Arts
3. Make a determination, through a resolution, on the status of the availability of laboratory sciences equipment as applicable to science laboratory courses offered in grades 9 to 12 inclusive.

The District has posted, as required by law, a notice of public hearing ten days in advance of this evening's hearing, and the attached Resolution satisfies the requirements of the Timeline for Implementation of the Williams Settlement Legislation.

FISCAL IMPACT: Adoption of the resolution has no fiscal impact.

RECOMMENDATION: It is recommended that the Board of Education hold a public hearing, adopt Resolution No. 07-11-12, and certify to the California Department of Education that the District has complied with the requirement of Education Code Section 60119(c) and 60422(b).

This is to certify that this item was approved by the Board of Education.

The District is committed to providing every student with a high school program leading to graduation and college and career path readiness in the 21st century global economy. To honor and encourage students' achievements in world languages, the State Seal of Biliteracy will serve as an endorsement on a student's diploma and transcript for demonstration of proficiency in English and at least one other language and a noteworthy accomplishment to college admissions and future employers.

This item is for information only.

TOPIC: DISCUSSION CONCERNING POSSIBLE BOUNDARY ADJUSTMENT TO TRUSTEE AREAS

DESCRIPTION: The District's current trustee area boundaries were established in December 2007. Prior to that, the trustee area boundaries had not been adjusted since 1974. In developing the 2007 trustee area boundaries, the Center for Demographic Research at Cal State Fullerton utilized the 2000 Federal Census data and current (2007) county and District population projections.

The current trustee areas were approved by the Board of Education for submission to the Orange County Committee on School District Organization (County Committee) on December 13, 2007. The County Committee approved the rearrangement of trustee areas on January 30, 2008, with an effective date of November 4, 2008.

According to the Orange County Department of Education, the District is not required to adjust trustee areas at this time. However, Education Code section 5019(c)(1) allows the District to submit a realignment/reapportionment proposal, via resolution, to the County Committee whenever the Board feels it prudent to do so.

The Board of Education will discuss possible boundary rearrangement of the District's trustee areas. No action will be taken.

NOTE: The Board gave direction to staff to contact vendors to provide demographic services for a trustee area realignment.

TOPIC: **DISCUSSION AND LEGAL OPINION REGARDING THE PROCESS FOR REQUESTING INFORMATION FROM STAFF**

DESCRIPTION: The Board of Education received a legal opinion regarding whether action was taken by the Board of Education on June 9, 2011 pertaining to Board members requesting information from staff. Board members, Diane Singer, Kathryn Moffat, and Timothy Surridge, have requested that the legal opinion be agendaized for open session discussion by the Board of Education.

In accordance with Board Bylaw 9322 (attached), the legal opinion (attached) regarding whether action was taken by the Board on June 9, 2011 will be discussed.

Bylaws of the BoardAgenda/Meeting Materials

Board agendas shall state the meeting time and place and shall briefly describe each business item to be transacted or discussed, including items to be discussed in closed session. (Government Code 54954.2) (cf. 9122 - Secretary) (cf. 9320 - Meetings and Notices) (cf. 9321.1 - Closed Session Purposes and Agendas)

The agenda shall provide members of the public the opportunity to address the Board on any agenda item before or during the Board's consideration of the item. The agenda shall also provide members of the public an opportunity to address the Board at regular meetings on matters which are not on the agenda, but which are within the subject matter jurisdiction of the Board. (Government Code 54954.3) (E.C. 35145.5)

Notices of special meetings at which action is proposed shall provide an opportunity for the public to address the Board on the item before action is taken. (Government Code 54954.3) (cf. 9323 - Meeting Conduct)

Any member of the public may request that a matter within the subject matter jurisdiction of the Board be placed on the agenda of a regular Board meeting. The request must be in writing and submitted to the Superintendent's office with supporting documents and information, if any, at least ten (10) working days before the scheduled meeting date. The Superintendent or designee will decide whether a request is within the subject matter jurisdiction of the Board and whether the agenda item is appropriate for discussion in open or closed session. Members of the public submitting a written agenda request will be advised by the Superintendent's office of how their request is being handled.

A Board member may request that a matter within the subject matter jurisdiction of the Board be placed on the agenda of a regular Board meeting. The request must be submitted to the Superintendent's office at least ten (10) working days before the scheduled meeting date in the standard format for an agenda item, listing the Topic, a Description of the item, its Fiscal Impact (if any), and a proposed Recommendation.

The Board President in consultation with the Superintendent will decide whether a Board member request is within the subject matter jurisdiction of the Board and whether the agenda item is appropriate for discussion in open or closed session. The Superintendent's office will advise the Board member on the status of the agenda request.

If a decision is made not to allow the item, that item may be appealed by the requesting Board member to the Board of Education. The request for an appeal must be made in writing to the Superintendent's Office within ten (10) working days of the decision not to place the item on the agenda.

An item appealed to the Board of Education will be heard in open session. An appeal may be granted when the proposed item falls within the subject matter jurisdiction of the Board. A vote of three Board members may grant the appeal. An item successfully appealed to the Board will then be considered for action at the next regularly-scheduled Board meeting.

Items determined to be within the subject matter jurisdiction of the Board will be added to the agenda, taking into consideration the length and content of the meeting agenda. No more than two agenda item requests will be added to any agenda. Appropriate requests will be added to the agenda in the order of receipt. Consideration of the agenda item is subject to the Board's Bylaws, and no member of the public or the Board has the right to speak on a matter outside the scope of the subject matter jurisdiction of the Board or unrelated to the agenda item under consideration. Comments that are outside the scope or unrelated to the agenda item at hand will be considered out of order and not a part of the agenda item.

When an item properly posted for a regular meeting is continued to a subsequent meeting, it does not have to be on the agenda of the subsequent meeting if it occurs within five days. The Board shall publicly identify the item before discussing it. (Government Code 54954.2)

All public communications with the Board are subject to requirements of relevant Board policies and administrative regulations. (cf. 1312.1 - Complaints Concerning School Personnel) (cf. 1312.2 - Complaints Concerning Instructional Material) (cf. 1312.3 - Uniform Complaint Procedures) (cf. 3320 - Claims and Actions against the District) (cf. 5144.1 - Suspension/Expulsion) (cf. 9323.2 - Actions by the Board)

Consent Items

To promote efficient meetings, the Board may act upon more than one item by a single vote through the use of a consent agenda. Consent items are items of a routine nature or items for which no Board discussion is anticipated and for which the Superintendent recommends approval.

In accordance with law, the public has a right to comment on any consent item. At the request of any member of the Board, any item on the consent agenda shall be removed and given individual consideration for action as a regular agenda item.

Board Member Preparation

A copy of the agenda shall be forwarded to each Board member not less than three (3) days prior to a scheduled meeting date, together with the Superintendent or designee's report, minutes to be approved, copies of communications, reports from committees, staff, citizens and others and other available documents pertinent to the meeting.

When special meetings are called, the Secretary and President shall make every effort to get the agenda and support materials to Board members as soon as possible.

Board members shall review agenda materials before each meeting. Individual members may confer directly with the Superintendent or designee to request additional information on agenda items.

Re: Requested Staff Information

Dear Members of the Board of Education and Mr. Christensen:

This legal opinion is written regarding certain discussions that occurred at the Board meetings on June 9, July 28, and August 25, 2011. These discussions pertained to Board members requesting information from staff, as well as whether or not a consensus was reached over the process to do so.

Having reviewed the discussions that occurred, it is apparent that no action was taken by the Board of Education. This conclusion is reached because the Board President's statement at the beginning of the discussion on June 9th included the following:

"I either want to get consensus now that that's the process we are going to be using, now. Or I want to agendaize my suggestion so that the full Board can kind of discuss it amongst ourselves. So we can either consent or, consent now, or I'll agendaize my idea for July's meeting and then we can discuss it then."

Consequently, agreement was requested to the proposed procedure and two Board members expressly stated that they did not grant their consent to the proposed procedure. Thus, no action was taken by the Board of Education on this process.

It should also be observed that there is a Board Bylaw, BB 9200, pertaining to the subject of Board members requesting information. BB 9200(a) specifically states that:

“Members of the Board, by virtue of holding office, shall not exercise any administrative responsibility with respect to the schools or command the services of any school employee. Individual Board members shall submit request for information to the Superintendent. The Superintendent or designee shall provide materials and/or information that are readily available. (cf. 1340 - Access to District Records) (cf. 9011 - Disclosure of Confidential/Privileged Information) If a request for information is deemed by the Superintendent as requiring significant effort or research, he/she may assign a priority to the item, so that the preparation of the information does not significantly impact the operation of the District.” (Emp. added.)

Thus, information requests from Board members are to be requested from the Superintendent. Should there be the need to amend this Board Bylaw, then the Ralph M. Brown Act (Government Code Section 54950, et seq.) requires an amendment be agendized for consideration by the Board of Education. (Government Code section 54954.2.)

Please note that the term “consensus” does not occur in the Ralph M. Brown Act. The Brown Act refers to boards taking action and, pursuant to the Education Code, action is taken by a majority of the members of the board (four affirmative votes), unless a greater number is required by law. (Education Code sections 35145, 35164; Government Code section 54952.2.) Consensus is a term that is often used in closed session regarding developing a position pertaining to collective bargaining or other closed session matters. (See, generally, Government Code section 54954.5.) However, there is no requirement in law that a consensus be obtained by a unanimous vote.

In offering this legal opinion, please note that reliance is based upon the Ralph M. Brown Act and the Education Code, not Roberts’ Rules of Order. Sometimes, for parliamentary purposes, governing boards refer to Roberts’ Rules of Order. For example, Board Bylaw 9323 regarding “Meeting Conduct” reads in part:

“Parliamentary Procedure

Board meetings shall be conducted by the Board President in a manner consistent with the adopted Board Bylaws and, when appropriate, the most

PARKER & COVERT LLP

current Robert's Rules of Order as revised, unless special provisions are otherwise made. (cf. 9121 - Board President)"

However, in California, Roberts' Rules are in no way binding upon local public agencies that are subject to the Ralph M. Brown Act.

"Such rules [referring to Roberts' Rules of Order] are therefore procedural and their strict observance is not mandatory. Consequently, a failure to observe one of them is not jurisdictional and does not invalidate action which is otherwise in conformity with charter requirements." (*City of Pasadena v. Paine* (1954) 126 Cal.App.2d 93, 96.)

The conclusion reached in the *City of Pasadena* case is consistent with Board Bylaw 9323 with the wording, "when appropriate" with respect to the use of Roberts' Rules of Order. In other words, the making of motions, seconding of motions, calling for the question and other routine procedures are followed but can never trump the statutory provisions of the Brown Act and the Education Code pertaining to school board meetings.

We appreciate the opportunity to submit this opinion for the Board's consideration.

Very truly yours,

Spencer E. Covert

			\$131,773.38

TOPIC: **PURCHASE ORDERS LIST**

DESCRIPTION: Purchase orders and change orders have been processed in accordance with the rules and regulations of the Board of Education and applicable legal requirements of the State of California.

District procedures and computer system controls require that an approved purchase order, pay voucher, current liability, or credit memo exist on the District's computer system prior to the issuance of warrants. There may be a multiple number of warrants drawn against a given purchase order up to the maximum amount for that purchase order. The system restricts the processing of payment amounts in excess of the issued purchase order

It should be noted that the purchase order system allows for a one-line description of the services or items to be procured. The issued purchase order forms a contract between the District and the vendor.

FISCAL IMPACT: \$2,407,698.48

RECOMMENDATION: It is recommended that the Board of Education approve the Purchase Order List dated September 5, through September 25, 2011, in the amount of \$2,407,698.48.

This is to certify that this item was approved by the Board of Education.

TOPIC: **TEACHER ASSIGNMENT/CONSENT - VARIABLE OR SHORT-TERM WAIVER**

DESCRIPTION: Since July 1994, the California Commission on Teacher Credentialing (CCTC) has had the authority to issue waiver documents relating to educator preparation and credentialing which provide school districts the ability to employ or assign persons who are not fully credentialed to qualifying assignments. The CCTC has divided the waiver process into two types of waivers; short-term and variable term. Short-Term Waivers give school districts the ability to cover immediate and short-term needs. This waiver allows employers to assign teachers who hold a basic credential to teach outside of their credential authorization for one semester or less with the teachers' consent. Variable Term Waivers give school districts the ability to cover assignments when a fully credentialed employee cannot be found. Waivers allow school districts to meet staffing needs while searching for an individual who either holds an appropriate credential or qualifies for one of the available assignment options. It also allows the individuals holding waivers to complete their credential requirements while serving in the classroom.

The certificated employee(s) whose name(s) is/are listed on the attached has/have met the requirements, has/have consented to the assignment, and has/have been judged by the site administrator to be competent in the subject matter. Likewise, all other means of credentialing and reassignment have been explored. The passage of this waiver will allow the District to remain compliant with SB 435, which requires that all teachers be appropriately assigned.

FISCAL IMPACT: This item has no fiscal impact.

RECOMMENDATION: It is recommended that the Board of Education approve the variable term waiver(s) as presented.

This is to certify that this item was approved by the Board of Education.
