TOPIC: **PURCHASE ORDERS LIST**

DESCRIPTION: Purchase orders and change orders have been processed in accordance with the rules and regulations of the Board of Education and applicable legal requirements of the State of California.

District procedures and computer system controls require that an approved purchase order, pay voucher, current liability, or credit memo exist on the District's computer system prior to the issuance of warrants. There may be a multiple number of warrants drawn against a given purchase order up to the maximum amount for that purchase order. The system restricts the processing of payment amounts in excess of the issued purchase order

FISCAL IMPACT: \$1,874,948.04

RECOMMENDATION: It is recommended that the Board of Education approve the Purchase Order List dated November 29, 2010 through January 9, 2011, in the amount of \$1,874,948.04.

**TOPIC: TEACHER ASSIGNMENT/CONSENT - VARIABLE OR SHORT-TERM WAIVER**

**DESCRIPTION:** Since July 1994, the California Commission on Teacher Credentialing (CCTC) has had the authority to issue waiver documents relating to educator preparation and credentialing which provide school districts the ability to employ or assign persons who are not fully credentialed to qualifying assignments. The CCTC has divided the waiver process into two types of waivers; short-term and variable term. Short-Term Waivers give school districts the ability to cover immediate and short-term needs. This waiver allows employers to assign teachers who hold a basic credential to teach outside of their credential authorization for one semester or less with the teachers' consent. Variable Term Waivers give school districts the ability to cover assignments when a fully credentialed employee cannot be found. Waivers allow school districts to meet staffing needs while searching for an individual who either holds an appropriate credential or qualifies for one of the available assignment options. It also allows the individuals holding waivers to complete their credential requirements while serving in the classroom.

The certificated employee(s) whose name(s) is/are listed on the attached has/have met the requirements, has/have consented to the assignment, and has/have been judged by the site administrator to be competent in the subject matter. Likewise, all other means of credentialing and reassignment have been explored. The passage of this waiver will allow the District to remain compliant with SB 435, which requires that all teachers be appropriately assigned.

**FISCAL IMPACT:** This item has no fiscal impact.

**RECOMMENDATION:** It is recommended that the Board of Education approve the variable term waiver(s) as presented.

**ABSTRACTS**  
**2010-2011**

**Title I**

The Title I Program provides funds to school districts and private schools to help close the achievement gap between high and low poverty schools by targeting additional resources based on numbers of poor school-age children.

Provisions promote extending learning time in accelerated rather than remedial classes; expanding eligibility for schools to operate school-wide programs that serve all children in high-poverty schools; helping achieve effective transitions from preschool to school and from school to work; establishing accountability based on results, greatly reducing testing, providing staff development to train high quality teachers; and increasing effective parental participation, assuring fair and equitable participation of non-public school students. Title I services will be offered at the following schools: California, Cambridge, Esplanade, Fairhaven, Handy, Jordan, Lampson, Palmyra, Prospect, Sycamore, Taft, West Orange, Portola, Yorba, Orange High, and to eligible non-public school students.

Allocations are based on the number of students receiving free and reduced lunch.

Allocation: \$ 4,392,993

**Title II, Part A (Teacher Quality)**

The Title II Program (formerly Eisenhower and Federal Class Size Reduction) provides grants to LEAs to: 1) increase student academic achievement through strategies such as improving teacher and principal quality, increasing the number of highly qualified teachers in the classrooms and highly qualified principals in the schools; and 2) holds LEAs and schools accountable for improvement in student academic achievement.

Allocations are based on CBEDS enrollment and Title I funding.

Allocation: \$ 1,179,870

**Title III**

The Title III Program is a source of federal funding to be used for improving instruction for all English Learners enrolled in the district. It is part of the President's legislation "No Child Left Behind".

Allocations are based on the number of identified English Learners.

Allocation: \$ 747,018

**Economic Impact Aid (EIA)**

The EIA/LEP Program provides state supplementary funding to support the development of English language fluency and academic achievement of 7,255 limited English students district wide. The funding also provides for state mandated initial identification and placement testing of English Language Learners, as well as redesignation activities. In addition, staff development is provided for teachers working with students acquiring English.

Richland Continuation High School also receives a portion of the EIA funding for a State Compensatory Education Program (EIA/SCE) for their educationally disadvantaged students. The program requirements and services are comparable to the federal Title I Program.

Allocations are based on the number of identified English Learners.

Allocation: \$ 3,878,073

TOPIC: **SECOND QUARTER REPORT OF UNIFORM COMPLAINTS FOR THE WILLIAMS AND VALENZUELA CASE SETTLEMENTS**

DESCRIPTION: As a result of the State of California's settlement of the Williams and Valenzuela class action lawsuits, Education Code section 35186 requires school districts to do two things: 1) provide an opportunity to file formal complaints under the District's Uniform Complaint Procedures; and 2) report to the Board of Education and the public four times a year the number of complaints filed and the area of the settlement they target.

The Second Quarter Report covers the number of Uniform Complaints received by the District under the four areas governed by the Williams and Valenzuela Case Settlements for the period of October – December 2010. The four targeted areas are:

1. Sufficient Instructional Materials
2. Emergency or urgent facilities conditions that pose a threat to the health and safety of pupils or staff
3. Teacher vacancy and/or misassignment
4. Pupils, including English Learners, who have not passed one or both parts of the high school exit examination by the end of the 12<sup>th</sup> grade are entitled to receive intensive instruction and services for up to two consecutive academic years after completion of the 12<sup>th</sup> grade, or until the pupil has passed both parts of the examination, whichever comes first

No Uniform Complaints for any area have been reported during the second quarter for the Williams and Valenzuela Case Settlements.
