TOPIC: **PUBLIC HEARING – WAIVER REQUEST – CALIFORNIA ENGLISH LANGUAGE DEVELOPMENT TEST (CELDT) APPORTIONMENT**

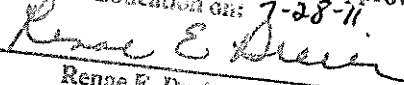

DESCRIPTION: CELDT Apportionment reports/letters sent to districts late October/early November were not received by Orange Unified. Therefore, the CELDT Apportionment Information Report was not returned to the California Department of Education by the required due date. A general waiver request is now required in order to receive the apportionment amount.

Staff requests authorization to submit a general waiver request for California English Language Development Test (CELDT) Apportionment, by authority of Education Code 33050-33053. CELDT Apportionment funds are generated by the number of pupils tested, July 1, 2009 – June 30, 2010.

A public hearing will be held to receive input from parents and community members on the waiver request. This waiver has been discussed with Collective Bargaining Units and they have given their approval for its submission to the Board of Education.

FISCAL IMPACT: The CELDT Apportionment amount will be \$40,410.

RECOMMENDATION: It is recommended that the Board of Education hold a public hearing and approve the submission of a waiver request to the California Department of Education, for requirements of the California English Language Development Test (CELDT) by authority of Education Code 33050-33053.

INFORMATION/DISCUSSION
ITEMS

TOPIC: **REPORT ON THE STATUS OF THE OTHER POST-EMPLOYMENT BENEFIT (OPEB) BOND INVESTMENT PORTFOLIO**

DESCRIPTION: The Board of Education approved the issuance and sale of Taxable Retirement Health Benefits Funding Bonds (OPEB bonds) on April 17, 2008. The amount of bonds sold totaled \$94,765,000 and was comprised of:

\$93,763,635	Actuarially Determined Liability
<u>\$ 1,001,365</u>	Cost of Issuance
\$94,765,000	

Additionally, the District had previously deposited \$2,000,000 in the Futuris Public Entity Investment Trust (Trust) bringing the total funds available for investment to \$95,763,635.

The OPEB bonds were marketed as taxable instruments to allow the District to realize positive arbitrage from the investment revenue and appreciation in excess of the interest payments on the bonds. The net income is to be used for retiree health benefit obligations. Over the past year, the fixed income investments performed as anticipated and the equity investments out performed the anticipated portfolio pro forma. The value of the portfolio continues to move in step with the recovery and the overall stock market.

The Trust contributed \$7,500,000 to the cost of retiree health benefits over the past year. This was the first contribution from the Trust and it resulted in a direct, dollar for dollar savings to the general fund.

This report will provide the Board of Education and public with an update as to the allocation and performance of the investment portfolio through June 30, 2011.

RECOMMENDATION: It is recommended that the Board of Education receive the Report.

TOPIC: **BUDGET UPDATE**

DESCRIPTION: For the first time in five years, California has an on-time budget. Questions remain as to the viability of the revenue assumptions used to balance the budget and the type of reductions that may be made if the projected revenue doesn't materialize. Staff will provide a brief update on the budget and potential impacts to the District.

RECOMMENDATION: This item is for information only.

TOPIC: **TEACHER ASSIGNMENT/CONSENT - VARIABLE OR SHORT-TERM WAIVER**

DESCRIPTION: Since July 1994, the California Commission on Teacher Credentialing (CCTC) has had the authority to issue waiver documents relating to educator preparation and credentialing which provide school districts the ability to employ or assign persons who are not fully credentialed to qualifying assignments. The CCTC has divided the waiver process into two types of waivers; short-term and variable term. Short-Term Waivers give school districts the ability to cover immediate and short-term needs. This waiver allows employers to assign teachers who hold a basic credential to teach outside of their credential authorization for one semester or less with the teachers' consent. Variable Term Waivers give school districts the ability to cover assignments when a fully credentialed employee cannot be found. Waivers allow school districts to meet staffing needs while searching for an individual who either holds an appropriate credential or qualifies for one of the available assignment options. It also allows the individuals holding waivers to complete their credential requirements while serving in the classroom.

The certificated employee(s) whose name(s) is/are listed on the attached has/have met the requirements, has/have consented to the assignment, and has/have been judged by the site administrator to be competent in the subject matter. Likewise, all other means of credentialing and reassignment have been explored. The passage of this waiver will allow the District to remain compliant with SB 435, which requires that all teachers be appropriately assigned.

FISCAL IMPACT: This item has no fiscal impact.

RECOMMENDATION: It is recommended that the Board of Education approve the variable term waiver(s) as presented.
