- 6. INFORMATION ITEM**
 - A. School Facilities Assessment and Planning Project Update – Poll Results**
- 7. ADJOURNMENT**

TOPIC: SCHOOL FACILITIES ASSESSMENT AND PLANNING PROJECT UPDATE – POLL RESULTS

DESCRIPTION: The Board of Education continuously receives regular updates from consultants and staff in an effort to determine the feasibility for a school bond on the November 2016 election. If a school facility bond is determined to be feasible, the Board may take action to place a measure on the ballot.

On June 9, 2016, the Board approved a contract with True North Research to conduct a statistically reliable survey of voters in the District to assess the feasibility of placing a bond measure on the November 2016 ballot. The objective of the survey is to track the support of a bond measure and identify how to structure a measure so that it is consistent with the community's priorities.

Dr. Tim McLarney, President of True North Research, will present the methodology, results, and conclusion of that effort.
