Community Relations

Foundations

The Board of Education recognizes the importance of community support of District programs, including voluntary financial contributions, to assist the District in achieving its goals for student learning.

The Board desires to work cooperatively with local foundations in determining and approving the purposes for which funds may be used to meet the changing needs of the District and its students. The Board recognizes that an educational foundation is a separate legal entity, independent of the District. However, the foundation is encouraged to provide regular reports to the Board on the status of its work and to communicate ways that the District can help support the foundation's activities.

The Board supports foundation allocations through the efforts of all interested members of the community. All donations are required to be accepted by the Board of Education.
