Comprehensive Health Education

The Board of Education believes that health education should foster the knowledge, skills, and attitudes that students need in order to lead healthy lives and avoid high-risk behaviors. The District's health education program shall be part of a coordinated school health system which supports the well-being of students and is linked to District and community services and resources.

Goals for the District’s health education program shall be designed to promote student wellness and shall include, but not be limited to, goals for nutrition education and physical activity.

The District shall provide a planned, sequential, research-based, and developmentally appropriate health education curriculum for students in grades K-12 which is aligned with the state's content standards and curriculum framework. The Superintendent or designee shall determine the grade levels and subject areas in which health-related topics will be addressed, in accordance with law, Board policy, and administrative regulation.

The Board intends for health education to be part of a coordinated school health system that links District, school, and community programs and services to promote the health and well-being of students.
