

OUSD Internet Safety 2012-13

Assembly Bill 307 and S 1492 require that all California students receive instruction in Internet Safety and ethical use of information. This includes information on Appropriate Online Behavior, Social Networking, Cyber Bullying, Information Literacy, Plagiarism, Copyright, and Peer to Peer Network File Sharing. Internet Safety instruction is required for all districts receiving E-Rate funding.

K - 3 Grade Students <http://www.woogiworld.com>

The Woogi World Cyber Hero program is available free for classrooms providing instruction on Cyber Safety, Cyber Ethics, Cyber Health, and Cyber Security. Through the interactive website Woogi World, students will learn how to safeguard themselves and their identity, how to make proper ethical decisions when they are online and how to balance the use of technology in their lives.

4 - 8 Grade Students <http://usa-sos.org>

The CyberTipline

The USA-SOS (Safe Online Surfing) Internet Challenge is a free, online, educational program available to public and private schools nationwide. Designed to meet federal and state internet safety mandates, students take web-based quizzes and complete an online Scavenger Hunt to learn important internet safety and cyber citizenship concepts. At the end of December and May, the USA-SOS National Trophy is awarded to those schools with the highest scoring students on the USA-SOS Post Quiz.

9th Grade Students

The 9th grade Internet Safety lessons are taught by the Library Media Specialists to the Freshman Seminar classes as part of the library orientation program. The lessons utilize materials, surveys, and video clips for discussion from Common Sense Media and iSafe. The lessons are located in Blackboard in the Secondary Internet Safety course. The lessons cover the following topics:

- Library Orientation
- Information Literacy including Plagiarism and Copyright
- Appropriate Online Behavior
- Social Networking
- Cyberbullying

10th - 12th Grade Students

The 10th - 12th grade Internet Safety lessons are taught by classroom teachers. The lessons utilize materials, surveys, and video clips for discussion from iSafe. All instructional materials for the Internet Safety lessons are located in the Blackboard Secondary Internet Safety course. The lessons cover the following topics:

- Information Literacy including Plagiarism and Copyright
- Appropriate Online Behavior
- Social Networking
- Cyberbullying
