ORANGE PRE-K CURRICULUM PRESENTATION

Bree Tippets, Program Coordinator
Janice Hovver, Special Education Pre-K Teacher

WHO ARE WE?

Orange Pre-K is part of the Orange Unified School District and consists of approximately 250 students, ages 3-5 years of age. Orange Pre-K provides services for infants and preschool aged students with mild to moderate and severe disabilities which are identified through the Special Education assessment process.

Orange Pre-K services students from various attendance areas within the boundaries of the Orange Unified School District. Our classes are divided into preschool, 3 year olds (2 hours per day) and 4 year olds (3 hours per day). Our Special Education teachers teach "double sessions." Each class consists of approximately 15 to 17 students; one Special Education credentialed teacher and two to three instructional assistants.

Orange Pre-K also implements a Peer Role Model Program, in our mild to moderate classes, which consists of same aged peers from the community participating in our Special Education program. The Peer Models serve as social, behavioral and language role models for our students with special needs.
There is increasing recognition that the first few years of a child’s life are a particularly sensitive period in the process of development, laying a foundation in childhood and beyond for cognitive functioning; behavioral, social, and self-regulatory capacities; and physical health. Yet many children face various stressors during these years that can impair their healthy development. Early childhood intervention programs are designed to mitigate the factors that place children at risk of poor outcomes. Such programs provide supports for the parents, the children, or the family as a whole. These supports may be in the form of learning activities or other structured experiences that affect a child directly or that have indirect effects through training parents or otherwise enhancing the care-giving environment.

EARLY INTERVENTION
As part of a recent study, RAND researchers synthesized what is known from the scientifically sound research literature about the short- and long-term benefits from early intervention programs, the features that are associated with more-effective programs, and the economic gains that accrue from investing additional resources in early childhood. We summarize three findings here.

**Key findings:**

- Early childhood intervention programs have been shown to yield benefits in academic achievement, behavior, educational progression and attainment, delinquency and crime, and labor market success among other domains.
- Interventions with better-trained caregivers and smaller child-to-staff ratios appear to offer more favorable results.
- Well-designed early childhood interventions have been found to generate a return to society ranging from $1.80 to $1.707 for each dollar spent on the program.

**WHY DID WE PILOT?**

- Orange Pre-K does NOT have any comprehensive curriculum that is aligned to the Preschool Learning Foundations and supportive of 21st century learners.

  - Teachers pay teachers
  - Pinterest
  - Packets
  - Activities aligned to a theme
  - No assessment
  - Not defensible
WHAT DID WE PILOT?

Opening the World of Learning
2nd Year of Pilot

Opening the World of Learning (OWL) is a comprehensive general education curriculum that covers all domains of early learning. The content of each unit is built around a carefully crafted daily routine within an activity-center day. Themes, skills, and concepts are developed through quality children's fiction and nonfiction trade books. The consistent format and features in every unit makes it easy for teachers to use and children to learn.

MORE ABOUT OPENING THE WORLD OF LEARNING:

1. PROVIDES GUIDANCE FOR TEACHERS WITH A VARIETY OF MATERIALS TO IMPLEMENT SIX THEMATICALLY ORGANIZED UNITS, WITH FAMILY, FRIENDS, WIND AND WATER, THE WORLD OF COLOR, SHADOWS AND REFLECTIONS, AND THINGS THAT GROW.
2. DEVELOPS LANGUAGE AND LITERACY SKILLS THROUGH RICH, INTEGRATED CONTENT IN ALL DOMAINS OF LEARNING.
3. INCORPORATES FAVORITE NON-FICTION AND FICTION CHILDREN BOOKS, SONGS, AND POEMS.
4. PROVIDES A COMPREHENSIVE CURRICULUM FOR FULL AND HALF-DAY PROGRAM FORMAT OPTIONS.
5. SUPPORTS TEACHERS TO INDIVIDUALIZE INSTRUCTION BY PROVIDING AN ONGOING ASSESSMENT TOOL.
OWL with OUSD Initiatives

- Provides access to general education curriculum and is easily adapted/modified for special education population
- Aligned to preschool learning foundations
- Aligned to 21st century learning (hands-on experiences, student-to-student interactions, balanced instruction, allows for creativity, promotes problem solving and critical thinking)
- Allows teachers to embed District initiatives including Thinking Maps, Response Frames, Academic Vocabulary, and GLAD strategies.

Orange Preschool September Newsletter

As we begin an exciting new school year, I would like to once again welcome back all families returning to Orange Pre-K, and extend a warm welcome to our many new families. One of the most important components of a good school is the partnership between the school and the parents. As we work together in the best interest of children, I look forward to continuing that partnership.

Orange Pre-K's dedicated staff will work hard, every day, to ensure a positive and welcoming school climate for students. We want to make meaningful connections with students, offer them an engaging learning environment, and help them develop a love for learning.

Program Coordinator's Note:
Free Public Education: As a reminder, Orange Pre-K is a public preschool, providing free and appropriate education to our students. Public schools may solicit and accept donations from parents or the community, as long as it is voluntary and contributions are not a requirement for participating in an educational activity. School site activity fees are considered donations. No children are excluded due to financial hardship. However, if we experience a large decrease in these donations, future school activities could be eliminated. Next day is every Friday! T-shirt order forms are due September 15th. Show your school spirit! Spirit Day Wear is not mandatory.
