Educational Technology Advisory Committee

October 1, 2015

Agenda & Minutes

Meeting Thursday 10.01.15

- Welcome and Introductions
  - Randy Kolset

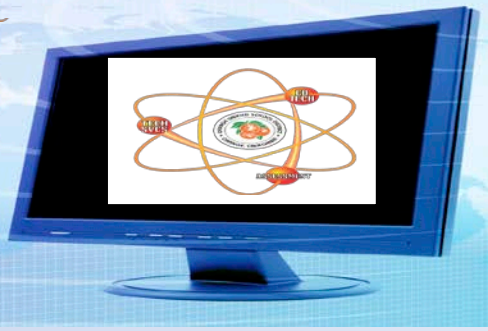
- Purpose and Focus for ETAC Committee
  - Build a better understanding of technology resources available to parents, students, and teachers
  - Create trainings to support use of technology in the classroom
  - Find out and share ideas about new programs and device technology out in the marketplace

- 1:1 Vision
  - Every student to have a device in their hands

- Researching Needs
  - Researching needs for the school district and other needs as well

- Vetting Proposed Software/Hardware
  - Ideas to put in classroom at district level and school site level
  - Appropriate for students
  - Impact that we want or need for students

- Update on Staffing
  - 8 ISS Specialists supporting 20 different school sites, 4 teachers per school site
  - 3 stay at the DO, 5 go out to the school sites; ISSs provide coaching to implement technology in the classroom
  - 13 Field Techs
  - Elementary schools now have a tech for a day and a half, middle schools have one for 2 days, high school stayed the same but have two people now instead of just one



- User Support Manager (Joshua Holmes) oversees ISS group, device setups, and projects for schools
- User Support Supervisor (David Lane) monitors tickets, schools that have a high amount of tickets, and tickets that have not been addressed
- Network Systems Manager (Doreen Pepers) provides leadership support to network team

- Ideas
  - Items will be added to Electronic Agenda to keep everything in one spot
  - Build a Haiku site-a cumulative aggregated area to put everything
  - Parents need to be recruited for ETAC committee
  - Student representatives from each high school should also be present
  - Place to receive suggestions for future trainings on eTrainings site

- eBadge
  - Device fluency
  - Every 1st Tuesday of the month; email goes out to sign up
  - 1st 60 people who sign up receive an HP Stream
  - Requirements: Device to stay at OUSD, Video training
  - Get device in Teachers hand
  - Teachers eligible to participate every school year

- eTrainings
  - For teachers to make a connection between device and software
  - 2015-16 eTraining Schedule: http://eclass.orangeusd.org/eTraining/index.asp
