Parent/Pupil Handbook

This Parent/Pupil Handbook is prepared by the
Office of Student and Community Services
Phone # (714) 628-5424 - Fax # (714) 628-4061

The Parent/Pupil Handbook is provided annually to all parents and guardians whose children are enrolled in the Orange Unified School District (District). This handbook contains useful information that will assist you in communicating with the administration and staff at your child's school site. Additional information is available at the District's website: <http://www.orangeusd.org>

*The State of California mandates that information contained in specific codes and regulations be communicated to parents and guardians annually (Education Code [EC] 48980). **This handbook contains the mandated notifications to parents and pupils, as required by law.** Included in the handbook are brief overviews of mandated information. Complete copies of individual codes and regulations will be provided to you upon request. Individual questions should be directed to your child's principal or to the Office of Student and Community services (SCS). The complete text of California Codes may be found at <http://leginfo.legislature.ca.gov/faces/codes.xhtml>*

The Orange Unified School District's emergency card contains section-requesting parents to sign regarding the district's rules, regulations, internet use and the posting of pupil pictures on the District website (9th – 12th). Section 48983 of the California Education Code requires parents or guardians to read the California Education Code requirements and then sign the reverse side of the district's emergency cards completed for each pupil. The section is under the category of "Notification of Rights".

*Two emergency cards are kept on file for each pupil in school. To remain legally compliant and to ensure pupil safety, it is imperative that emergency cards be filled out completely and accurately; furthermore, these cards must be updated as changes occur (EC 49408). Included on the emergency cards are the names of the pupil's doctor, all medical problem information, the names of any friends or relatives who may be contacted during an illness or emergency if a parent cannot be reached, and the names of those individuals to whom the pupil can be released. **Please note Parents** are responsible for their children at the end of the designated school day. Habitual failure to pick up children shall be considered an issue of neglect. The emergency card contains an important statement of disclosure of confidential information. Pupils are not to be released to anyone not listed on the emergency card, even if that person is a relative. **PLEASE SIGN AND RETURN THE COMPLETED EMERGENCY CARDS IN THEIR ENTIRETY TO THE SCHOOL WHERE YOUR CHILD ATTENDS.** We sincerely hope that you will keep the Parent/Pupil Handbook handy and use it as a reference throughout the school year.*

For after hour major emergencies only, call security (714) 997-6396.

A Message from Our Superintendent

August 2021

Dear Parents and Community Members,

Welcome to the 2021 – 2022 school year at Orange Unified School District! We continue to follow our strategic plan, The Orange Unified EDGE, and focus on actions that reinforce **Excellence** in academics and leadership, **Dedicated** and engaged communication, **Genuine** wellness and safety, and **Efficient** utilization of fiscal capital.

The health and safety of our students, staff, and families are of the utmost importance, and we continue to follow public health guidance, including enhanced health and safety measures, on our campuses. With these measures in place, we are excited to be able to once again offer traditional in-seat instruction, five days per week, to all grade levels, to meet instruction through the OUSD EDGE Virtual Academy and OUSD Home School (Grades K – 8) or Independent Study (Grades 7-12). Students will be able to transfer from one model to another during the trimester or semester change if space is available.

To help mitigate learning loss from the challenges of the past year, we have implemented expanded learning opportunities to help support student success and wellness. However, the success of each student is a collaborative effort between all stakeholders in the process of teaching a learning. Award-winning schools and academic achievement are direct results of the hard work and dedication of Orange Unified staff in partnership with our parents and the OUSD community. I encourage each of you to work with your child's teachers and Principal to help foster a positive educational experience.

Exciting things are happening District-wide as Measure S Phase 1 construction will be wrapping up, with the STEM Complex at Canyon, El Modena and Villa Park High Schools set to open this year. Facilities district-wide are also being revitalized and updated, with new playgrounds, shade structures, and water bottle filling stations being installed across the District.

Please stay up to date on Measure S construction, the progress of our innovative education programs, and other important district communication by visiting www.orangeusd.org and following us on social media.

Sincerely,
Gunn Marie Hansen, Ph.D.

Schedule of Minimum Days and Pupil-Free Staff Development Days (EC § 48980)

The District is required to advise all parents/guardians of the schedule of minimum days and pupil-free staff development days. Please refer to the specific school's website to access the individual school's calendar and minimum day schedule. If any minimum or pupil-free staff development days are scheduled following the distribution of this notice, the District will notify you as early as possible, but no later than one month before the scheduled minimum or pupil-free day. District calendars and school web sites may be accessed through the District web site: www.orangeusd.org

Pupil Rights and Responsibilities

Pupil Rights

The pupils enrolled in the District have the right to a meaningful education that will be of value for the rest of their lives.

- the maintenance of high educational standards
- a meaningful curriculum and the right to voice opinions in the development of such curriculum
- physical safety and protection of personal property
- safe buildings and sanitary facilities
- consultation with teachers, counselors, administrators, and other staff members
- free election of their peers in the pupil government process and the right to seek and hold office
- democratic representation on administrative committees affecting pupils and pupil rights

- respect from teachers and administrators, which would exclude their subjection to cruel and unusual punishments
- exercise their constitutionally protected rights of free speech and assembly on their own campus so long as they do not interfere with the operation of the regular school program.

However, pupils must refrain from any distribution or display of materials that is obscene according to the current legal definitions, that is libelous, or that is advocating the commission of unlawful acts.

- to wear political buttons, arm bands or other symbols of expression
- to use bulletin boards designated by the principal without prior censorship requirements, or approval by the administration or the Board of Education
- to distribute political leaflets, newspapers, or other printed matter both inside and outside of school property

The time of such distribution may be limited to before and after school, during lunch, or other free periods to prevent interference with classroom activities; to form political and social organizations; to determine their own appearances if that appearance is not disruptive to the learning process, is unsafe, or gang related.

Parent Rights

Rights of Parents and Guardians

Parents and guardians have the right to be informed by the school and to participate in the education of their children. *Parents and guardians have the right to observe classrooms within a reasonable time of their request. Parents should call ahead and arrange a mutually agreeable time with the principal and teacher. It may be appropriate for an administrator to accompany the visitor. Parents are requested to stay for a reasonable time and honor instructional time by not talking to the teacher or pupils during their visitation. The school reserves the right to reschedule the visitation at their discretion;* volunteer their time and resources; be notified on a timely basis if their child is absent from school without permission; receive the results of their child's performance and the performance of the school on standardized tests; request a particular school for their child and receive a response from the District; have a school environment for their child that is safe and supportive; examine the curriculum materials of their child's classes; be informed of their child's progress in school and of the appropriate staff to contact should a problem arise; access the school records of their child; receive information about the academic performance standards, proficiencies, or skills their child is expected to accomplish; be informed in advance about school rules, including disciplinary rules and procedures in accordance with Section 48980, attendance policies, dress codes, and procedures for visiting the school; receive information about any psychological testing and deny permission to test; participate as a member of a parent advisory committee, school-site council, or site-based leadership team; challenge anything in their child's record and receive a response from the school; and be notified as early in the year as practicable if their child is identified as being at risk of retention and their right to consult with school personnel regarding any decision to promote or retain and to appeal a decision to promote or retain. Annual notification recommended (EC §51101).

EC §51101.1 Rights-Parents/Guardians Who Lack English Fluency

The District is required to take all reasonable steps to ensure that all parents and guardians of pupils who speak a language other than English are properly notified in English and in their home language under EC § 48985 (15 percent rule) of the rights and opportunities available to them. Rights include being given any required written notification, under any applicable law, in English and the pupil's home language. Under EC § 48985 if 15 percent or more of the pupils enrolled in a public school that provides instruction in kindergarten to 12, inclusive, speak a single primary language other than English. It encourages schools with a substantial number of pupils with a home language other than English to establish parent centers with staff who can communicate with the parents or guardians (amended by AB 2525, Ch. 896, and Statutes of 2004).

Title I District Parent and Family Engagement Policy

The Governing Board recognizes that parents/guardians are their children's first and most influential teachers and that sustained parent/guardian involvement in the education of their children contributes greatly to student achievement and a positive school environment. The Superintendent or designee shall consult with parents/guardians and family members in the development of meaningful opportunities for them to be involved in district and school activities at all grade levels; advisory, decision-making, and advocacy roles; and activities to support learning at home.

The Superintendent or designee shall involve parents/guardians and family members in establishing district expectations and objectives for meaningful parent/guardian and family engagement in schools supported by Title I funding, developing strategies that describe how the district will carry out each activity listed in 20 USC 6318, as contained in the accompanying administrative regulation, and implementing and evaluating such programs, activities, and procedures. As appropriate, the Superintendent or designee shall conduct outreach to all parents/guardians and family members. (Education Code 11503; 20 USC 6318) OUSD Board Policy 6020.

How to Help Your Child Succeed in School

These helpful hints are presented by parents who have worked with their schools to help in the education of their children. The parents recommend that you make sure your child goes to school every day on time with a breakfast and a good night's sleep; monitor your child's progress by looking at work samples and initialing; return calls from the school; provide a study environment and time for homework; read the school and teacher newsletters; come to events such as parent conferences, "back to school night," and "open house;" support the school's efforts to make your child a responsible citizen; emphasize the importance of doing homework and returning it in a timely manner; emphasize the need to complete all missed assignments and return them to the teacher after an absence; offer to help accompany your child's class on a field trip; volunteer to work for the teacher to help in some way for the school. Check with the school's office for areas needing volunteers. There are jobs that even working parents can help with at your child's school; communicate as needed with your child's teacher. It is best to contact in person. If that is not possible, communicate in writing or by phone; attend school or district sponsored parent workshops; go with your child regularly to the library and read with your child every day; be supportive of your child's teacher; make a routine time and place for homework; provide materials such as paper, pencils, and erasers; encourage your child to make up

words; stress the importance of responsibility. Give your child things to do, such as chores or jobs; stress the importance of an education. Show your child how your education helps you do everyday tasks. What you value, your child will also value. Let your child help you read recipes, measure, or run a calculator.

**Classroom Visitation and
Communication about Your
Child's Progress is Encouraged**

Please communicate early. Do not wait for problems. Call your child's teacher. Examine your child's work. Talk to your children about what they are doing. Please call and make an appointment with the teacher when you wish to visit your child's classroom. All visitors must first report to the office and sign in. Teachers appreciate knowing if you are coming. They can make you aware of any special schedules, programs, or times when the pupils are outside of the classroom. Contact your school site regarding their Pupil Study Team when a formal discussion about a pupil's progress is needed. For families with internet access, one of the best ways to communicate with your child's teacher is through the Parent Portal. **For information on the Parent Portal, contact your child's school's main office or Information Services at (714) 628-4550.**

School Accountability Report Card

Each District school site annually prepares a "school accountability report card". The report card provides specific school site information and educational statistics. Copies are available at each school and available on request. Please contact the individual school site (EC §§35256, 32286). Also, individual school accountability report cards have been placed on the District's website at <http://www.orangeusd.org> EC §35258

Graduation Requirements/Standards of Proficiency/Requirements

Graduation from California's public schools implies that the pupil has satisfactorily completed the prescribed courses of study for several grade levels. Has satisfactorily passed any examinations and other requirements set by the faculty and has completed the standards of proficiency as required by law (EC 51216). Graduation requirements are available at all senior high school sites and can be found on the OUSD website.

Foster Youth, McKinney - Vento Youth, Former Juvenile Court School Pupil, and Children of Military Families

A homeless youth foster youth, former juvenile court school pupil, or pupil who is a child of a military family who transfer between schools or district any time after the completion of the pupil's second year of high school shall be exempt from all coursework and other local graduation requirements adopted by the governing board beyond the statewide coursework requirements, unless a finding is made that the pupil is reasonably able to complete the district's graduation requirements in time to graduate by the end of the pupil's fourth year in high school. Within 30 calendar days of the date a pupil transfers into a school, the district shall notify the pupil, the holder of educational rights, and the pupil's social worker, of the availability of the exemption and whether the pupil qualifies for the exemption. If the district determines the pupil is reasonably able to complete the district's graduation requirements within the pupil's fifth school year of high school, the district must: 1) inform the pupil of his/her option to remain in school for a fifth year to complete the district's graduation requirements; 2) inform the pupil and the holder of educational rights about how remaining in school for a fifth year will affect his/her ability to gain admission to a university; 3) provide the pupil information about transfer opportunities available through the community colleges; and 4) permit the pupil to stay in school a fifth year to complete the school's graduation requirements upon agreement with the pupil (if 18) or the holder of educational rights. EC §51225.1

Military Families are required to provide proof of residency to a school district within ten days after the date of enrollment on official documentation. SB 344 (Bradford)

McKinney-Vento Homeless Assistance Act Title 17 (11431-11435)

Career Technical Education (CTE): brings students, educators and employers together to develop and strengthen the relationship between what is being taught in the classroom and its application in the workplace. Its programs prepare students with 21st-century skills. CTE is made up of 15 industry sectors, which include 58 career pathways related to all occupations. (1. Agriculture & Natural Resources 2. Arts, Media & Entertainment 3. Building & Construction Trades 4. Business & Finance 5. Education, Child Development, & Family Services 6. Energy, Environment & Utilities 7. Engineering & Architecture 8. Fashion & Interior Design 9. Health Science & Medical Technologies 10. Hospitality, Tourism, & Recreation 11. Information & Communication Technologies 12. Manufacturing & Product Development 13. Marketing, Sales, & Services 14. Public Services 15. Transportation).

A series of courses grouped together integrate academic and technical training to provide students with a pathway to postsecondary education and careers. Some CTE classes stand alone, and others are found in California Partnership Academies, Multiple Pathway programs or Regional Occupational Programs. CTE engages students, increases attendance and graduation rates, helps close the achievement gap, and raises grades. CTE courses are an integral part of California’s systemic career preparation and workforce development efforts for the secondary education level. High School pupils

receive credit toward graduation and may experience on-the-job training at a local business site. For information on secondary course offerings, please contact your high school or the Office of Curriculum and Instruction at (714) 628-5452

Counseling: For further guidance in meeting college entrance or career technical education requirements counselors are available at each high school. You and your student are encouraged to make an appointment with a counselor at the school's counseling office or you may call the school for an appointment. (See school telephone listings in front of this handbook.)

Website for Career Technical Education: Pupils can learn more about career technical education at the following California Department of Education website: www.cde.ca.gov/ci/ct/ <http://www.cde.ca.gov/ci/ct/sf/>

Participation in Career Counseling and Course Selection

You have the right to participate in counseling sessions and decisions concerning career counseling and course selection, commencing with course selection for grade 7. §221.5

Extra-Curricular Activities

Secondary pupils must maintain a 2.0 "C" or better overall grade point average from the previous designated grading period in order to be eligible to participate in extra-curricular activities. Each secondary pupil is allowed only one quarter of probation to bring the grade point average up to a 2.0 GPA while still participating in extra-curricular activities (Board Policy §5120).

Secondary Athletics Participation and Eligibility

2.0 GRADE POINT AVERAGE: It is C.I.F. and Board Policy that requires all pupils maintain a 2.0 grade point average to participate in sports. A student is on probation when he falls below a 2.0 GPA. Any grading period thereafter, falling below the 2.0 means the pupil will be ineligible for competition for that grading period. Grades from the first and third quarter as well as first and second semester will be used to determine eligibility. Pupils have residence eligibility upon initial enrollment in the ninth grade of the school. That school will remain the pupil's resident school for their entire school career. If a pupil moves with their legal guardians into a school's attendance area, they are eligible for athletic participation. If there has been no residence change and you change schools, please see the site Athletic Director for the appropriate paperwork and refer to CIF Rule book section -Transfer Eligibility before participating in any athletic contest or organized practice, an OUSD Participation Handbook must be completed, including proof of medical athletic screening, insurance, limited liability waiver, transcript release, athlete code of conduct, parent code of conduct, and emergency cards.

Homeless and Foster Care immediately meets the residency requirements for participation in interscholastic sports or other extracurricular activities. EC §48850

Concussions and Head Injuries

If a school district elects to offer an athletic program, the school district shall comply with both of the following:

(1) An athlete who is suspected of sustaining a concussion or head injury in an athletic activity shall be immediately removed from the activity for the remainder of the day and shall not be permitted to return to the activity until he or she is evaluated by a licensed health care provider, trained in the management of concussions, acting within the scope of his or her practice. The athlete shall not be permitted to return to the activity until he or she receives written clearance to return to the activity from that licensed health care provider.

(2) On a yearly basis, a concussion and head injury information sheet shall be signed and returned by the athlete and the athlete's parent or guardian before the athlete is initiating practice or competition. California Education Code §4947

Middle School Promotion

Middle school promotion requirements are available at all middle school sites and are included in the Middle School Course Catalog, which can be found on the District website. The students are required to pass 36 of 42 credits (pupils receive one credit for each class in middle school) and not fail more than one class in any academic area. The parents/guardians of pupils who are at-risk of being retained shall be notified. At the conclusion of each grading period, teachers will determine the effectiveness of each pupil's academic interventions. These will be indicated on the report card when appropriate. Pupils who earn the designated number of middle school credits shall be permitted to participate in their middle school promotion ceremony.

Retention

Pupils progress with their peer group as they matriculate from grade level to grade level. To accomplish this, instruction accommodates the varying interests, abilities and growth patterns of individual pupils, and include strategies for providing extra attention or assistance when needed. The District has developed promotion, acceleration, retention, and intervention strategy procedures and guidelines, which include timelines, criteria for retention, promotion, acceleration, special consideration for special education, 504, and English language learner pupils, and parental appeal process. The State of California mandates that all local agencies have retention policies that begin between grades two and three for reading proficiency. Retention policies are also mandated between third and fourth grade for reading; between fourth and fifth grade for reading, language arts and mathematics; between fifth and sixth grade for reading, language arts and mathematics; and between elementary and middle school for reading, language arts and mathematics. Research indicates, and parents and staff concur, that intervention and retention need to begin as early as possible for the best results.

Under normal situations, pupil retention should be utilized only once during K-6. The District provides options for intervention at individual school sites, to meet the varying needs of individual students.

Before the final grading period of each year, a Promotion Retention Review Team meeting (comprised of administration, teachers, parents and students) will be scheduled for pupils who have not met the District's criteria. The purpose of the meeting will be to evaluate all pupil information and determine if retention is appropriate. Parents shall have the right to appeal the retention decision for their children. For more information on retention, please contact your school site's administration (EC §48070-48070.5).

Notice of Alternative Schools

California law authorizes all school districts and the County Department of Education to provide alternative schools. Further information on alternative schools may be obtained from the County Superintendent of Schools or the Office of Student and Community Services at 628-5424. The Board of Education, in recognition of its responsibility for the education of all youths in the school system, including the "at-risk" pupil, may provide alternative programs to enable pupils to acquire a high school diploma (EC §58501). Section 58500 of the Education Code defines alternative school as a school or separate class group within a school, which is operated in a manner designed to:

- a) Maximize the opportunity for pupils to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- b) Recognize that the best learning takes place when the pupil learns because of his/her desire to learn.
- c) Maintain a learning situation maximizing pupil self-motivation and encouraging the pupil in his/her own time to follow his/her own interests. These interests may be conceived by him/her totally and independently or may result in whole or in part from a presentation by his/her teachers of choices of learning projects.
- d) Maximize the opportunity for teachers, parents, and pupils to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- e) Maximize the opportunity for the pupils, teachers, and parents to continuously react to the changing world, including, but not limited to, the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information.

This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. Further, a copy shall be posted in at least two places, normally visible to pupils, teachers, and visiting parents in each attendance unit, for the entire month of March in each year.

Notification of Homeless and Foster Youth Liaisons

McKinney-Vento Homeless Education: Part of Every *Student Succeeds Act* (ESSA) Act ESEA, the McKinney-Vento Homeless Education act ensures that pupils in non-traditional housing situations (lacking regular, fixed and adequate nighttime residence) have equal access to education. Homeless pupils (preschool through school age) have the following protections under the law: immediate enrollment, to continue in the school in which they were last enrolled, even if you have moved away from that school's attendance zone or district, to enroll without giving a permanent address; to enroll even if you do not have school or immunization records, to enroll and attend classes while school arranges for transfer of required school records; to attend school and participate in school programs offered to all pupils; to receive special programs and services as needed. Parents have the right to appeal enrollment decisions.

A dispute resolution process is in place at OUSD that adheres to state regulations.

Directory information shall not be released regarding a pupil identified as a homeless child or youth unless a parent or youth accorded parental rights has provided written consent. However, case management worker, caregivers, and foster family agencies may access student records. SB 233 (Beall)

For the "Homeless Liaison", contact the Office of Student and Community Services, (714) 628-5424. The Administrative Director of Student and Community Services (714) 628-5424 is the liaison for the "Foster Youth Program" under the provisions of AB 490. (EC §48852.5)

Gifted and Talented Education (GATE)

The Orange Unified School District offers qualitatively differentiated programs for students possessing capacity for excellence beyond that of their chronological peers. These programs are available at all levels of the District's curriculum for the purpose of challenging and developing the academic and creative abilities of identified gifted students. Students are universally screened for the Gifted and Talented Education Program at 3rd grade. Students in the 2nd - 6th grade may also be referred for testing by teachers, parents and/or administrators. Four (4) GATE Elementary Magnet Programs serve the geographic areas of the District. Students at our Middle Schools have access to Honors Classes in English, Social Studies, Mathematics and Science. Students are provided cluster group enrichment and accelerated learning activities. Each high school also offers Honors Classes in English, History, Science and Mathematics. In addition, students have the availability to enroll in a myriad of Advanced Placement courses, which include English Literature & Composition, English Language & Composition, U.S. History, American Government, Economics, European History, Calculus, Biology, Chemistry, Physics, Art History, Psychology, German, and Spanish. The International Baccalaureate Program is offered at Canyon High School and the Early College Academy is offered at Orange High school. Both of these programs offer rigorous learning opportunities for students throughout the district. For further information log on to the District GATE, web site at www.orangeusd.org/gate or call the Office of Curriculum and Instruction at (714) 628-5451.

Education for English Language Learners

Assessment and Placement

Upon enrollment, each pupil's primary language shall be determined. Within 30 days of initial enrollment, pupils identified as having a primary language other than English are assessed for English proficiency in listening comprehension, speaking, reading, and writing. The District has developed criteria for determining pupils' instructional program on the basis of these assessments (EC §52164.1, 62002; Code of Regulations, Title 5, Section 4304). SB 2083 enacted the "English Learner and Immigrant Pupil Conformity Act" to ensure reasonable access to educational opportunities. The state of California will begin testing students for English language proficiency using the initial ELPAC (English Language Proficiency Assessment) beginning July 1st 2018. Students that are determined to be English Learners will receive annual testing using the ELPAC summative in the Spring of 2019.

Notifications to Parents/Guardians

The Superintendent or designee shall send a notification of the results of English proficiency assessments to all parents/guardians of pupils assessed, whether the pupil is designated as fluent English proficient or limited English proficient (EC §52164.1). These notifications shall be written in English and in the pupil's primary language (if 15% of enrollment). In addition, the notice shall be given orally when staff has reason to believe that a written notice would not be understood (Code of Regulations, Title 5, Section 4308). Parents/guardians also shall be notified of the results of any reassessments (EC §52164.3). Before pupils are enrolled in a program for English language learners, parents/guardians also shall receive information about the program and their opportunities for parental involvement as specified in law. This information shall include the fact that an individual pupil's participation in the program is voluntary on the part of the parent/guardian (EC §52173) (cf. 5145.6 – Parent Notifications).

California Education for a Global Economy

Parental Notice

(a) An LEA shall notify parents of the language acquisition programs and language programs available in the LEA at the time and in the manner specified in Education Code sections 48980 and 48981. The notice specified in this section shall include a description of the process for parents to request a language acquisition program or language program for their child.

(b) Regarding language acquisition programs, the notice shall include:

- (1) A description of any such programs provided, including Structured English Immersion;
- (2) Identification of any language to be taught in addition to English when the program model includes instruction in another language.
- (3) The information set forth in section 11309(c); and

(4) The process to request establishment of a language acquisition program not offered at the school.

(c) Regarding language programs, the notice shall specify the language(s) to be taught, and may include the program goals, methodology used, and evidence of the proposed program's effectiveness.

(d) Parents of pupils enrolling in an LEA after the beginning of the academic school year shall be provided the notice described above upon enrollment. An LEA may provide notice to parents at additional times throughout the year.

(e) The notice to parents pursuant to this section shall be provided as described above. Additionally, verbal notice shall be provided, upon request, as reasonably necessary to effectuate notice to the parents.

NOTE: Authority cited Section 33031, Education Code. Reference: Sections 305, 306, 310, 48980, and 48981, Education Code; 20 U.S.C. sections 1703(f), 6311 and 6318

Reclassification

English language learners shall be reclassified to fluent English proficient when they are able to comprehend, speak, read and write English well enough to receive instruction in the regular program and make academic progress at a level equivalent to that of pupils of the same age or grade whose primary language is English. The proficiency shall be assessed by means of the following criteria (EC §52164.6):

1. Teacher evaluation of the pupil's English language proficiency and curriculum mastery.
2. Objective assessment of the pupil's English listening comprehension, speaking, reading and writing skills.
3. Objective data on the pupil's academic performance in English; and
4. Parent opinion and consultation.

Advisory Committees

When there are 51 or more English learners in the District or 21 or more at a school, parent/guardian advisory committees shall be maintained to serve the advisory functions specified in law. Parents/guardians of English learners shall constitute committee membership in at least the same percentage as their children represent of the total number of pupils in the school (EC §52176, 62002.5, cf. 0420 – School Plans/Site Councils, cf. 1220 –Citizen Advisory Committees, cf. 6020 – Parent Involvement).

Pupil Testing

An effective pupil assessment program needs to be comprehensive and coordinated with instruction. It should produce valid, reliable, and specific data that can be used by pupils, parents, and staff to measure pupil achievement and to make curricular and instructional decisions to improve pupil achievement. To accomplish these ends, the Orange Unified School District uses a variety of methods to assess pupil progress.

California Assessment of Student Performance and Progress (CAASPP)

The following assessments are anticipated to be a part of this testing year

SMARTER BALANCED ASSESSMENT CONSORTIUM SUMMATIVE ASSESSMENTS

The California Assessment of Student Performance and Progress (CAASPP) computer adaptive assessments and performance tasks are aligned with the Common Core State Standards (CCSS). English language arts/literacy (ELA) and mathematics tests are administered online in grades three through eight and grade eleven to measure whether students are on track to college and career readiness.

CALIFORNIA SCIENCE TEST (CAST)

The computer-based CAST measures student acquisition of the California Next Generation Science Standards. It is administered in grades five and eight, and once in high school.

CALIFORNIA ALTERNATE ASSESSMENT (CAA)

The computer-based CAA for English language arts/literacy (ELA) and mathematics is administered to students with the most significant cognitive disabilities in grades three through eight and grade eleven. Test items are aligned with the alternate achievement standards, called the Core Content Connectors (CCCs), and linked to the Common Core State Standards (CCSS) for ELA and mathematics. The instructionally embedded CAA for Science is administered in grades five and eight, and once in high school.

EARLY ASSESSMENT PROGRAM (EAP):

For eleventh graders, the Smarter Balanced summative assessments are a factor of the California State University's (CSU's) Early Assessment Program (EAP), which determines readiness for college-level coursework. The CSU and participating California community colleges will use various measures, including student results from the Smarter Balanced Summative Assessments, as a student's EAP status in English and mathematics:

- Students who score at the highest performance level ("Standard Exceeded") are considered ready for college-level coursework in English and/or mathematics and exempt from taking the CSU English Placement Test (EPT) and/or Entry Level Mathematics (ELM) exam.
- Students who score at the "Standard Met" performance level are considered conditionally ready for college-level coursework in English and/or mathematics and exempt from taking the CSU English Placement Test (EPT) and/or Entry Level Mathematics (ELM) exam. However, they must take an approved English and/or mathematics course in twelfth grade and receive a grade of "C-" or better. Students that do not meet the conditional requirement will need to participate in the CSU's Early Start Program unless exemption was met through another pathway.
- Students who score at the "Standard Nearly Met" performance level are considered not yet ready for college-level coursework in English and/or

mathematics and will need additional preparation in the twelfth grade. They will also be required to participate in the CSU Early Start Program, unless they meet other Early Start Program exemptions

- Students who score at the “Standard Not Met” performance level are considered not ready for college-level work in English and/or mathematics by the CSUs and CA Community Colleges. They will also be required to participate in the CSU Early Start Program unless they meet other Early Start Program exemptions.

District Testing Program

In addition to the summative information provided by the CAASPP program, the District utilizes its own standards-based testing program to provide formative information to teachers and pupils throughout the school year. These formative assessments and data are used to continuously monitor pupil achievement and drive instructional practices that improve and optimize learning and results.

Physical Fitness Testing

The Physical Fitness Test (PFT) for students in California schools is the FitnessGram®. The main goal of the test is to help students in starting lifelong habits of regular physical activity. This test provides information that can be used by pupils to assess and plan personal fitness programs, by teachers to design the curriculum for physical education programs, and by parents and guardians to understand their children’s fitness levels. This program also provides results that are used to monitor changes in the physical fitness of California pupils. By law (EC §60800), all school districts in California are required to administer the PFT annually to all pupils in grades five, seven, and nine. This assessment includes measures of pupils’ aerobic capacity, body composition, muscle strength, endurance, and flexibility. Results are reported to the California Department of Education every year and are available at <http://www.cde.ca.gov/ta/tq/pfi/>.

Pupil Insurance

Medical and hospital services for injuries sustained in an athletic activity are not provided nor made available by the Governing Board (EC §49470-49474). All pupils participating in athletic events must be covered by insurance providing for at least \$1500 medical and hospital expenses and \$1500 for accidental death (EC §31751-52 32221.5). The District has a policy to cover pupils traveling to and from an athletic event and who are performing duties in connection with the team or the event in which the team participates. Such pupils (non-competitors) include yell and song leaders, band and drill team managers.

If a pupil intends to participate in athletics, as noted above, and is already covered through a family insurance program providing the required minimum coverage, insurance requirements may be satisfied by completing an affidavit and returning it to school. In the event that participating athletes have a family medical insurance program, but do not have an accidental death policy for at least \$1500, they may purchase a separate accidental death policy with a \$1500 benefit to be effective for the school year only (Board Policy 5143). Insurance coverage is offered to any pupil in the District, whether

or not the pupil participates in athletics. Parent/guardians may purchase from state-authorized agency “pupil insurance” for medical and hospital services that may be needed for pupil injuries occurring during the regular school day, transportation to or from school, or during any other authorized school activity (EC §49472).

Personal Property

The District is not responsible for the personal property of pupils (such as books, computers, other electronic devices, sports equipment or clothes and glasses). Pupils should place their name on all items of value. Parents should review their personal property/homeowner’s policy to determine whether valuable equipment would be covered in the event of theft or loss. Pupils should never leave purses, backpacks or wallets unattended and should be sure to keep their valuable personal property with them at all times.

Pupil Records

A pupil record is any item of information directly related to an identifiable pupil, other than directory information, which is maintained by the District or required to be maintained by a District employee in the performance of his/her duties, whether recorded by handwriting, print, tapes, film, microfilm or other means. Pupil records include a pupil’s health record.

Your child’s Principal is responsible for the maintenance of pupil records located at your child’s school. For pupil records maintained at the District office, the responsible official is the District Registrar.

The law requires that a log or record be maintained for each pupil’s record, which lists all persons, agencies, organizations requesting, or receiving information from the record and the legitimate interests, therefore. For records maintained at your child’s school, the log is located in the principal’s office. For records maintained at the District office, the log is located in the office of Student and Community Services, District Registrar.

The Governing Board of the District is required to retain indefinitely the original or an exact copy of mandatory permanent pupil records (Class1 – Permanent Records), which schools have been directed to compile by California regulations; maintain for stipulated periods of time mandatory interim pupil records (Class – 2 Optional Records), until the information is no longer needed to provide educational services to a child and are retained until reclassified as (Class 3 – Disposable Records), and then destroyed as per California regulations (5CCR432). Unless classified as permanent records, all other pupil records are destroyed five years after the information is no longer needed to provide educational services (5 CCR 16027).

The following information contains an annual mandated notification as to the categories of directory information the school or district plans to release and the recipients of the information.

This notification also informs parents/guardians of their right to refuse to let the district designate any or all types of information as directory information and the period of time within which a parent/guardian must notify the District in writing that he/she does

not want a certain category of information designated as directory information (EC §49063, 49073; 34 CFR 99.37). The Governing Board recognizes the importance of maintaining the confidentiality of directory information and therefore authorizes the release of such information only in accordance with law and Board Policy.

The Superintendent or designee may release pupil directory information to representatives of the news media or nonprofit organizations in accordance with Board Policy and administrative regulation (cf. 1112 -Media Relations). The Superintendent or designee may limit or deny the release of specific directory information to any public or private nonprofit organization based on his/her determination of the best interest of the pupil (EC §9073). Directory information" means one or more of the following items: pupil's name, address, telephone number, date of birth, email address, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous public or private school attended by the pupil. (34 CFR 99.3; EC §49061).

Directory information shall not be released regarding any pupil whose parent/guardian notifies the District in writing that such information may not be disclosed without the parent/guardian's prior consent. Directory information of homeless pupils is prohibited unless a parent or pupil holding educational rights has provided written consent that directory inform maybe released. All questions regarding time frame for notification should be addressed to the **Office of Student and Community Services at 628-5424 (EC §49073; 20 USC 1232g; cf. 5125 - Pupil Records cf. 5145.6 - Parental Notifications).**

School districts may release information from pupil records to the following:

- 1) Appropriate persons in connection with an emergency if the knowledge of the information is necessary to protect the health or safety of a pupil or other persons;**
- 2) Agencies or organizations in connection with a pupil's application for, or receipt of, financial aid. However, information permitting the personal identification of pupils or their parents may be disclosed only as may be necessary for purposes as to determine the eligibility of the pupil for financial aid, to determine the amount of the financial aid, to determine the conditions which will be imposed regarding the financial aid, or to enforce the terms or conditions of the financial aid;**
- 3) The county elections official, for the purpose of identifying pupils eligible to register to vote, and for conducting programs to offer pupils an opportunity to register to vote. The information, however, shall not be used for any other purpose or given or transferred to any other person or agency;**
- 4) Accrediting associations in order to carry out their accrediting functions;**
- 5) Organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering pupil aid programs, and improving instruction, if the studies are conducted in a manner that will not permit the personal identification of pupils or their parents by persons other than representatives of the organizations and the information will be destroyed when no longer needed for the purpose for which it is obtained;**
- 6) Officials and employees of private schools or school systems where the pupil is enrolled or intends to enroll, subject to the rights of parents as provided in Section 49068;**
- 7) Law Enforcement Officials. This information shall be in addition to the pupil's**

permanent record transferred pursuant to Section 49068.

California State Grant (Cal Grant) is state aid for college or career/technical school. To be considered for a Cal Grant award you will need to complete the free application for Federal Student Aid (FAFSA) at www.fafsa.ed.gov or the Dream Act application at www.caldreamact.org for undocumented pupils. Your grade point average (GPA) must be sent to the California Student Aid commission. The Orange Unified School District will be filing all students' GPAs electronically unless parents/guardians or adult student request otherwise.

If you do not want your pupil's GPA submitted for Cal Grant consideration, please fill out an Opt-Out Form and submit it to your pupil's High School Registrar. Opt-Out Forms are available at all high schools and on the OUSD website.

The District maintains pupil records in compliance with the Family Education Rights and Privacy Act of 1974, E.C.§49063-49077, California Civil Code, Section 431; Code of Federal Regulations, Title 34 (99.30, 99.34, and 104.36), and United States Code, Title 20 (1221 and 1232.g).

Schools, upon request, are required to forward pupil records to any public or private school of intended enrollment within ten school days. If you believe the District is not in compliance with federal regulations on this subject, you may file a complaint with the United States Office of Health Education (EC §49068).

Pupil Records permits access to a pupil who is 14 years of age or older if the pupil is homeless or is an unaccompanied youth as well as to an agency caseworker of a state or local child welfare agency that has legal responsibility for the care and protection of the pupil (EC §49076)

Release of information pursuant to a court order requires that the information being furnished be in compliance with the order and requires that a reasonable effort be made to notify the parent and the pupil in advance (EC §49077).

Notification of Rights – FERPA

The Family Educational Right and Privacy Act (FERPA) affords parents and pupils over 18 years of age ("eligible pupils") certain rights with respect to the pupil's education records. These rights are as follows:

- The right to inspect and review the pupil's education records within 45 days of the day the school receives a request for access. Parents or eligible pupils should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible pupil of the time and place where the records may be inspected.
- The right to request an amendment of the pupil's education records that the parent or eligible pupil believe are inaccurate or misleading. Parents or eligible pupils may

ask the school to amend a record that they believe is inaccurate or misleading. They should write the school principal (or appropriate official), clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the school decides not to amend the record as requested by the parent or eligible pupil, the school will notify the parent or eligible pupil of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible pupil when notified of the right to a hearing.

- The right to consent to disclosures of personally identifiable information contained in the pupil's education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or pupil serving on an official committee, such as a disciplinary or grievance committee, or assistant to another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the District forwards education records to other agencies or institutions that have requested the records and in which the student seeks or intends to enroll or is already enrolled as long as the disclosure is for purposes related to the student's enrollment. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or eligible pupil of the records request unless it states in its annual notification that it intends to forward records on request.]

Military Recruiters: Federal laws require districts receiving assistance under the Elementary and Secondary Education Act of 1965 and ESSA to provide military recruiters, upon request, with three directory information categories (names, addresses and telephone listings). A secondary school student or the parent of the student may request that the student's name, address, and the telephone listing described in paragraph (1) not be release without prior written parental consent. Directory information will not be provided to military recruiters until the last week in October; therefore, please respond quickly prior to the distribution.

Opt-Out Forms are available at all high schools and on the OUSD website.

RELEASE OF STUDENT DIRECTORY INFORMATION

TO: ALL PARENTS AND ADULT PUPILS (18 years or older):

The Family Educational Rights and Privacy Act (FERPA), a federal law, requires that the Orange Unified School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the district may disclose appropriately designated "directory information" without written consent, unless you have advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow the district to include this type of information from your child's education records in certain school and/or district publications. Examples include:

- a playbill, showing your child's role in a drama production.
- the annual yearbook.
- honor roll or other recognition lists.

Withholding Grades/Diploma for Property Damage

The Board, at its discretion and in compliance with the law, shall withhold grades, diplomas, and transcripts until reparation is made when school property had been willfully damaged or not returned upon demand (EC §48904 et. seq.).

Fees Not Permitted 5 CCR §350

A Pupil enrolled in a school shall not be required to pay any fee, deposit, or other charge not specifically authorized by law.

Fees and charges are permissible where specifically provided for by the Education Code

Interdistrict Transfers-Open Enrollment

CHOOSING YOUR CHILD'S SCHOOL

California law (EC §48980 (h)) requires all school boards to inform each pupil's parents/guardians at the beginning of the school year of the various ways in which they may choose schools for their children to attend other than the ones assigned by school districts.

EC §48354 -48357. Pupils that attend schools other than those assigned by the districts are referred to as "transfer pupils" throughout this notification. There is one process for choosing a school within the district which the parents/guardians live (intradistrict transfer or Open Enrollment), and three separate processes for selecting schools in other districts (interdistrict transfer). The general requirements and limitations of each process are described below.

Choosing a School within the District in Which Parents/Guardians Live:

Open Enrollment

The law (EC §35160.5(b) (1)) requires the school board of each district to establish a policy that allows parents/guardians to choose the schools their children will attend, regardless of where the parents/guardians live in the district.

The law limits choice within a school district as follows:

- Pupils who live in the attendance area of a school must be given priority to attend that school over pupils who do not live in the school's attendance area.
- In cases in which there are more requests to attend a school than there are openings, the selection process must be "random and unbiased", which generally means pupils must be selected through a lottery process rather than on first-come, first-served bases. A district cannot use a pupil's academic or

athletic performance as a reason to accept or reject a transfer.

- Each district must decide the number of openings at each school, which can be filled by transfer pupils. Each district also has the authority to keep appropriate racial and ethnic balances among its schools, meaning that a district can deny a transfer request if it would upset this balance or would leave the district out of compliance with a court-ordered or voluntary desegregation program.
- A district is not required to provide transportation assistance to a pupil that transfers to another school in the district under these provisions.
- If a transfer is denied, a parent/guardian does not have an automatic right to appeal the decision. A district may, however, voluntarily decide to put in place a process for parents/guardians to appeal a decision.

McPherson Magnet School

McPherson Magnet School, an OUSD Kindergarten through 8th grade school is open to all OUSD residents. All families wishing to attend McPherson must participate in the lottery process, which begins in January with parent meetings followed by a lottery in February. Siblings of current Kindergarten through 7th grade students and children of McPherson employees have first priority. Contact McPherson Magnet for details regarding the lottery and guidelines.

Considering a School Outside the District in Which Parents/Guardians Live:

Interdistrict Transfers

The law (EC §46600 through 46607) allows two or more school boards to enter into an agreement, for a term of up to five years, for the transfer of one or more pupils between districts. The agreement must specify the terms and conditions for granting or denying transfers. The district in which the parent/guardian lives may issue an individual permit under the terms of the agreement, or district policy, for transfer and for the applicable period of time. The permit is valid upon endorsement by the district of proposed attendance. The law on interdistrict transfers also provides for the following:

- Active-duty military families will not be denied interdistrict transfer request.
- Verified safety or mental health requests will be investigated confirmed and approved.
- Students entering into their 11-12 grades will be allowed to remain in their school of origin.
- Other reasons will be evaluated by Student and Community Services for approval.
- If either district denies a transfer request, a parent/guardian may appeal that decision to the county board of education. There are specified timelines in the law for filing an appeal and for the county board of education to make a decision.
- No district is required to provide transportation to a pupil who transfers into the district.
- A pupil complies with the residency requirement for school attendance in a district if he/she is a pupil whose parent/s were residents of the state and were removed or voluntarily departed. SB 257 (Lara)

Attendance/Absence Reporting/Truancy

Regular Attendance

Daily attendance at school is mandated by California State Law until the age of eighteen. Attendance is calculated in the district by actual physical presence by the pupil. No pupil is permitted to leave school at recess or any other time before the regular hour of closing without the approval of the school principal or designee. Violations will be handled in the same manner as truancies (EC §48200).

Reporting a Pupil's Absence

Parents of elementary and middle school pupils are urged to notify the school office by 8 a.m. on the morning of any absence, or as soon after that as possible. Also, parents should phone the school each morning thereafter until the pupil returns to school. At the secondary school level, parents should send a note with their pupil explaining the absence on the day they return (EC §46012; C.A.C.306). Absences that are not cleared within three (3) days shall be recorded as unexcused. All school sites provide specific information on their attendance procedures. Please contact your school's attendance office for details.

Absence Explanation

A principal or teacher may require a satisfactory explanation from a pupil's parent or guardian, either in person or by written note, whenever the pupil is absent for all or part of the school day. The explanation is not required until the day after the absence (C.A.C. Title V, Section 306).

Excused Absences EC §48205:

(a) Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:

- (1) Due to his or her illness.
- (2) Due to quarantine under the direction of a county or city health officer.
- (3) For the purpose of having medical, dental, optometrical, or chiropractic services Rendered.
- (4) For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
- (5) For the purpose of jury duty in the manner provided for by law.
- (6) Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent.
- (7) For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of his or her religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board;
- (8) For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.

(b) A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit thereof. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.

(c) With your written consent, your child may be excused from school in order to participate in religious exercises or to receive moral and religious instruction at your child's place of worship or at other suitable place or places away from school property designated by the religious group. Your child may not be excused from school for this purpose on more than four days per school month. (EC §46014.48980)

(d) Absences pursuant to this section are deemed absences in computing average daily attendance and shall not generate state apportionment payments.

(e) "Immediate family", as used in this section, has the same meaning as that set forth in Section 45194, except that references therein to "employee" shall be deemed to be references to "pupil."

Confidential Medical Appointments: Refer to the "Health Services and Health Related Instruction" section in this booklet.

A pupil shall not have his or her grade reduced or lose academic credit for any absence or absences excused pursuant to Section 48205 if missed assignments and tests that can reasonably be provided are satisfactorily completed within a reasonable period.

Please note: Once a pupil has accumulated 14 days of absence, the district has a right to request a physician's note. Failure to produce a physician's note will result in an unexcused absence. It is the District's position that a pupil's choice to participate in a protest does not fall within the parameters of EC §48205 and will be considered unexcused.

Unexcused Absences

An unexcused absence is an absence that occurs with the approval of the parent or guardian without a prearranged agreement with the school administration. Unexcused absences affect the learning process and may negatively affect a pupil's grades (Board Policy 5113).

Truancy

Any pupil subject to full-time education or to compulsory continuing education who is absent from school without a valid excuse three full days in one school year or is tardy or absent for more than any 30-minute period during the school day without a valid excuse on three occasions in one school year, or any combination thereof, is a truant and shall be reported to the attendance supervisor or to the superintendent of the school district (EC §48260) and when appropriate may be referred to the District Attorney's Office for prosecution. During school hours, the attendance officer, a peace officer, or any school administrator or designee may arrest or assume temporary custody of any minor subject to compulsory continuing education and found away from home and who

is absent from school without a valid excuse within the city, county, or school district (EC §48264). In this event, parents are contacted, and intervention occurs.

Dress Code

In cooperation with teachers, pupils and parents/guardians, the principal or designee shall establish and regularly review school rules, which reflect Board Policy (BP 5132 and AR 5132). Please check with your local school site for specific details on the dress code. Each school site is expected to communicate the "Dress Code" standards with all pupils and families.

In addition to the "Dress Code" policy previously stated, the District's Gang Policy (AR 5136) states, *"Each school shall have the latitude to prohibit the use of any gesture or the presence*

of any apparel, jewelry, accessory, notebook or manner of grooming, which by nature of its color, arrangement, trademark, or any other attribute, disrupts school operations or is associated with a group whose pattern of criminal activity causes an imminent danger to the well-being of pupils or staff members.

Uniforms

The Board may adopt or rescind a reasonable dress code policy that requires pupils to wear a school wide uniform or prohibits pupils from wearing "gang related apparel" if the governing board of the school district approves a plan that may be initiated by an individual school's principal, staff, and parents and determines that the policy is necessary for the health and safety of the school environment (EC §35183).

Physical Education Uniforms

All secondary schools in the District shall have a physical education uniform. Pupils must wear a physical education uniform appropriate for the activity. A sweatshirt is suggested for inclement weather. Please check with your local school site for specific physical education uniform information.

Pupil Discipline

Bullying

The District believes that all pupils have a right to attend a school that is safe, secure, and peaceful. To that end, the District, schools, and community have an obligation to promote mutual respect and safe and harmonious relations that support human dignity and equality. The District will not tolerate any gestures, comments, threats, or actions, written, verbal, or physical, which cause or threaten to cause or are likely to cause bodily harm or personal degradation. These acts include the electronic act of bullying. This would include the transmission and creation of specific electronic communications that originated on or off the school site. These actions will not be tolerated on any District campus or at any school activity, whether on or off campus. For more information, go to SCS's website at www.orangeusd.org/scs. Pupils found to be in violation of this policy will be subject to suspension and/or expulsion or other disciplinary methods as deemed appropriate by the superintendent, school principal, or designee (BP 5131.2, Education Code §234.1, Ed. Code §48900.9).

Pupil Conduct

It is the responsibility of the Board to prescribe rules that are consistent with laws or with the rules prescribed by the State Board of Education, for the government and discipline of the schools under its jurisdiction. According to California Code of Regulations, Title V, Section 300, pupils are required to conform to school regulations, obey all directions, be diligent in study and respectful to teachers and others in authority, and refrain from the use of profane and vulgar language. Rules, regulations, and rights pertaining to discipline are reviewed annually at each school site and are available from the school administrator (EC 35291 et seq.).

Grounds for Suspension and Expulsion

The following information contains the California Education Code sections stating the grounds for a pupil's suspension and/or expulsion. "Reasons For Expulsion and Procedures"

Also, Section §48916 states, "For a pupil who has been expelled pursuant to subdivision (c) of Section §48915, the governing board shall set a date of one year from the date the expulsion occurred, when the pupil shall be reviewed for readmission to a school maintained by the district, except that the governing board may set an earlier date for readmission on a case-by-case basis." Questions regarding suspensions, expulsions or the District's appeal process shall be addressed by the school site administrator or by contacting the Office of Student and Community Services.

P.C. 12550, 12556 Imitation Firearms

Laser Pointers

Penal Code 414.27 prohibits the possession of a laser pointer by any pupil on any elementary or secondary school premise unless possession is for valid instruction. The Penal Code also prohibits directing the beam of a laser pointer into the eyes of another or into a moving vehicle or into the eyes of a guide dog. Pupils are not to be in possession of lasers unless prior permission has been obtained by the pupil from the school's administration or his/her teacher.

Graffiti Implements

Felt pens and other implants that may be used for committing crimes of tagging or graffiti are not permitted on any District campus at any time. Supplies for art or other assignments will be provided in the classroom. Pupils who are possession of graffiti implements are subject to school consequences, which may include suspension, adjustment transfer and possible expulsion. In addition, depending on the city jurisdiction, pupils may be in violation of state law and California Penal Code 594.2(a).

Visitation-Parent of Suspended Pupil

Existing Education Codes state, "An instructor may provide for a parent or guardian of a suspended pupil to attend a portion of a school day in his or her child's classroom" (EC §48900 (l) (k)).

EC §48900.1, requires school contact of a non-responsive parent and EC §48910 prohibits employer sanctions.

Notifications to Law Enforcement

In the process of suspending a pupil for a violation of a weapons possession, assault

with a deadly weapon, or a controlled substance incident, the principal or designee is required to report the incident to the appropriate law enforcement agency (EC §48902).

The principal or designee is relieved of civil or criminal liability unless it is proven that the report was false and known to be false. The principal or designee is required to notify within one day of a violation of §48900 c and d, (possession of, under the influence of, arranging to or sell a controlled substance).

Notification to District by Law Enforcement

W.I.C. 828.1 permits law enforcement agencies to notify school district personnel relating to the taking of a minor into custody. The intent is to keep juvenile records confidential, but to permit necessary restricted information to be shared.

Questioning/Release of Pupils to Police

The District's staff shall not impede a police investigation. Officers conducting an investigation may question pupils at school sites without parental consent or parental contact. Except in specific situations, when a school official releases a minor pupil to a peace officer and the pupil is removed from the school premises, the school officials shall take immediate steps to notify the parent, guardian or responsible relative (EC §48906).

Reporting Student Misconduct to Teacher

Teachers are to be notified of pupils who have committed specific serious violations. In addition, teachers are to be notified of pupils who have violated any of the grounds for suspension and expulsion (except {h}.)

The notification listing shall be maintained for a period of three years (EC §49079).

Comprehensive School Safety Plan

All District schools have in place a "Comprehensive Safe School Plan" for school safety, which is available for review for community members to review. Additionally, all schools shall report on the status of the school safety plan, including a description of its key elements in the annual School Accountability Report Card. Annual review encourages districts to include clear guidelines for the roles and responsibilities of specified school and community professionals to include strategies to create and maintain a positive school climate. "School Safety Plans" are to be implemented throughout the year and are to be reviewed by all school site councils by March of each school year. (EC §§ §32280 – 32289, 33126)

Safety

Throughout the school year, in accordance with Board Policy 5145.12, there is the possibility that students, their belongings (including motor vehicles), and district property under their control may be subject to random searches which could involve the use of metal detectors and/or drug-detection dogs.

"Drug-detection dogs are allowed to sniff the voluntarily unattended personal items (e.g., backpack, purse, etc.) of the students, and the air around lockers, desks, or vehicles on district property or at district-sponsored events. Such dogs shall not be allowed to sniff within close proximity of any student. Only the dog's handler shall determine what constitutes an alert by the dog. If the dog alerts on a particular item or place, the students having use of that item or place, or responsibility for it, shall be called to witness the search. If a dog alerts on a locked vehicle, the student who brought the

vehicle onto District property shall be asked to unlock it for inspection.

Visitor Management System

**Orange Unified School District
1401 N Handy Street Orange, CA 92867
Student and Community Service
Our Students. Our Community. Our Best Every Day.
Ed Howard, Executive Director**

Dear Parent/Guardian:

The Orange Unified School District will be using the Raptor Visitor Management System in all of our schools to strengthen the district's program of campus safety for students and faculty. Part of keeping students and faculty safe is knowing who is in our buildings at all times, and the Raptor system will allow us to do that. The Raptor system will better allow us to track visitors, contractors, and volunteers in our schools and provide us with a safer environment for our students and staff.

Upon entering a district building, visitors will be asked to present an ID, which may be scanned or manually entered into the system. If a parent or guardian does not have a US government-issued ID, the school staff member can ask to see another form of identification and manually enter the person's name into the Raptor system to check for sex offender status. The Raptor system will check to ensure that registered sexual offenders are not entering our buildings. The Raptor system only checks the visitor's name and date of birth for comparison with a national database of registered sex offenders. No other data from the ID is gathered or recorded. The system is not connected to any other and information is not shared with any outside agency. Once entry is approved, Raptor will issue a badge that identifies the visitor, the date, and the purpose of his/her visit.

A visitor's badge will not be necessary for those who visit our schools simply to drop off an item in the office or pick up paperwork. If a person does not have identification, he/she can still be given access to the building but will be escorted by a school staff member.

To learn more about the Raptor visitor management system, please visit the Raptor Technologies website (www.raptortech.com). If you have any questions for the district personnel, please contact Student and Community Services at (714) 628-5424.

The safety of our students is our highest priority, and the Raptor visitor management system provides a consistent way to aid in keeping away people who may present a danger to our students. Therefore, all visitors to the school must be entered into the system and obtain a visitor badge. Thank you, in advance, for your understanding and support of enhancing school safety protocols in our district.

Sincerely,

Ed Howard, Executive Director
Office of Student & Community Services

Abandoned Newborns: Safe Surrender

Senate Bill 139 went into effect January 1, 2004. The bill provides that a parent or other person having lawful custody of a minor child 72 hours old or younger, who surrenders physical custody of the minor to a safe-surrender site (hospital, fire department, etc.), may not be prosecuted for specific crimes related to child abandonment and neglect.

status, physical or mental disability, sex, sexual orientation, gender, gender identity, or gender expression; the perception of one or more of such characteristics; or association with a person or group with one or more of these actual or perceived characteristics or any basis that is contained in the prohibition of hate crimes set forth in subdivision (a) of section 422.6 of the Penal Code. Child Abuse Reporting

Existing law has established the Child Abuse and Neglect Reporting Act (CANRA), which requires specified persons who have knowledge of or observe a child in their professional capacity or within the scope of their employment who the person knows or reasonably suspects has been the victim of child abuse or neglect to report that known or suspected instance of child abuse or neglect to a child protective agency, as defined.

Child protective agencies are then required to forward a written report of every child abuse or neglect case it investigates, which is determined not to be unfounded to the Department of Justice. When the Superintendent or designee has determined that harassment has occurred, he/she take prompt, appropriate action to end the harassment to address its effects on the victim.

Any student who engages in the sexual harassment or sexual violence at school or at a school sponsored or school-related activity is in violation of this policy and shall be subject to disciplinary action. For students in grades 4 through 12, the disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account. §48980

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action (5CCR 4964).

The Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the District to monitor, address, and prevent repetitive harassing behavior in the schools. (Board Policy 5145.7[a])

Any employee who engages in, permits or fails to report sexual harassment may be subject to disciplinary action up to and including dismissal. In addition, criminal or civil charges may be brought against the alleged harasser; sexual harassment also may be considered a violation of laws relating to child abuse. (cf. 4118 - Suspension/Disciplinary Action) (cf. 4218 - Dismissal/ Suspension/Disciplinary Action) (cf. 5141.3 - Child Abuse Reporting Procedures)

Students shall be informed that they should immediately contact a staff member if they feel they are being harassed, and encouraged to report observed instances of sexual harassment, even where the victim of the harassment has not complained.

Within 24 hours, staff shall report complaints of sexual harassment to the principal or designee or to another District administrator. Staff shall similarly report any such incidents they may observe, even if the harassed student has not complained.

The principal or designee shall immediately investigate any report of the sexual harassment of a student. Upon verifying that sexual harassment occurred, he/she shall ensure that appropriate action is promptly taken to end the harassment, address its effects on the person subjected to the harassment and prevent any further instances of the harassment. In addition, the student may file a formal complaint with the Superintendent or designee in accordance with the District's uniform complaint procedures or student grievance procedure. (cf. 1312.1 - Complaints Concerning School Personnel) (cf. 1312.3 - Uniform Complaint Procedures) (cf. 5145.5 - Student Grievance Procedure)

The District prohibits retaliatory behavior against any complainant or any participant in the complaint process. Information related to a complaint of sexual harassment shall be confidential to the extent possible, and individuals involved in the investigation of such a complaint shall not discuss related information outside the investigation process.

The Superintendent or designee shall maintain a record of all cases of sexual harassment to enable the District to monitor, address, and prevent repetitive harassing behavior in the schools.

It is the policy of the District to provide an educational environment free of unlawful harassment, in which all pupils are treated with dignity and respect (BP 5145.7 and AR 5145.7). The Board of Education is committed to affording equal rights and opportunities to all persons in public education. No person shall be subjected, in any program or activity conducted by the District, to discrimination on the basis of the student's actual race, color, ancestry, natural origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, or gender expression; the perception of one or more of such characteristics; or association with a person or group with one or more of these actual or perceived characteristics, or any other basis protected by Federal, State, or local law, ordinance or regulation.

All such harassment is unlawful. The District's anti-harassment policy applies to all persons involved in the District's educational environment and prohibits unlawful harassment by any District pupil or any employee of the District, including administrators, supervisors, certificated employees, and classified employees.

Complaints will be processed in an expedited manner. Unlawful harassment in any form, including verbal, physical and visual conduct, threats, demands, and retaliation is prohibited. Violation of this policy by an employee may result in discipline, which may include discharge, depending upon the seriousness of the violation. Violation of this policy by another pupil may result in discipline, which may include suspension or expulsion, depending upon the nature and seriousness of the violation (EC §48900 and 48900.2).

Sexual harassment is defined in the Education Code as:

Unwelcome sexual advances, request for sexual favors, and other verbal, visual, or physical conduct of a sexual nature, made by someone from or in the workplace or educational setting, under any of the following conditions: 1) Submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, academic status, or progress; 2) Submission to, or rejection of, the conduct by the individual is used as the basis of employment or academic decisions affecting the individual; 3) The conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; 4) Submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs or activities available at or through the educational institution.

Sexual harassment includes, but is not limited to the following:

1) **Verbal:** Sexually demeaning comments, sexually explicit statements, questions, slurs, jokes, anecdotes or epithets; 2) **Written:** Suggestive or obscene letters, notes, or invitations; 3) **Physical:** Sexual assault, touching, impeding or blocking movement; 4) **Visual:** Leering, gestures, display of sexually suggestive objects or pictures, cartoons, or posters. Sexual harassment also includes Continuing to express sexual interest after being informed that the interest is un-welcomed, making reprisals, or threats of reprisal, following a negative response to sexual advances, or following a sexual harassment complaint. The law prohibits any form of sexual harassment, which impairs the educational environment or a pupil's emotional well-being at school. If a pupil thinks he/she is being harassed because of his/her sex, race, ancestry, or other protected basis, he/she should use the complaint procedure outlined in the District's policy to file a complaint and have it investigated.

The investigation of a claim of harassment will be conducted in a manner that protects the confidentiality of the parties and the facts. The District will not retaliate against the pupil for filing a complaint and will not knowingly permit retaliation by any District employee or another pupil. Any report of retaliation will be immediately, effectively and thoroughly investigated and if substantiated, appropriate disciplinary action will be taken.

Pupils have a right to redress for unlawful harassment. In order to secure this right, submit a complaint to the principal or his/her designee. District complaint forms are available.

There is absolutely no requirement that a pupil must make a complaint to the alleged harasser. The pupil's complaint should include the details of the incident or incidents, the names of the individuals involved and the names of any witnesses. The District will immediately undertake an effective, thorough and objective investigation of the harassment allegations. The investigation will be completed and a determination regarding the alleged harassment will be made and communicated to the pupil/parent. If the District determines that unlawful harassment has occurred, it will take effective remedial action commensurate with the severity of the offense. Appropriate action will also be taken to deter any future harassment. Pupils should be aware that the U.S. Office of Civil Rights also investigates complaints of harassment on the basis of sex, race, color, national origin, blindness, severely impaired vision or other protected basis.

Title IX Federal Regulations

The District is committed to providing equal opportunities for both sexes in educational programs, activities it conducts, and for all employees as per Title IX, Public Law 92-318,

(Code of Federal Regulations, Title 34, 106.8, 106.9 and United States Code, Title 20, 1231.g, 1681 et seq.). In accordance with these guidelines, sex discrimination practices that limit any pupil's potential have been removed from school policies.

Every Student Succeeds Act (ESSA)

On December 10, 2015, President Obama signed the ESSA replacing the 2001 No Child Left Behind Act (NCLB). California Department of Education and State board of Education staff have been studying the ESSA and considering the opportunities afforded by the new law to improve outcomes for California's students. As part of California's transition to ESSA, California must submit an ESSA State Plan to the U.S. Department of Education. The State Plan will describe the State's implementation of standards, assessment, accountability, and assistance programs and will move us toward California's goal of having a single, coherent local, state, and federal education system. Orange Unified School District is committed to ensuring a transparent transition to the new law in order to close achievement gaps, increase equity, improve the quality of instruction, and increase outcomes for all students. The goal of ESSA and for Orange Unified School District is to 1) ensure high standards so that children graduate high school ready for college and career; 2) maintain accountability by guaranteeing that when students fall behind, resources are applied toward school improvement, with a particular focus on the lowest-performing 5 percent of schools, high schools with high dropout rates, and schools where subgroups of students are struggling; 3) preserve annual assessments and reduce the often onerous burden of unnecessary and ineffective testing on students and teachers, making sure that standardized tests don't crowd out teaching and learning, without sacrificing clear, annual information parents and educators need to make sure our children are learning; and 4) provide more children access to high-quality preschool, giving them the chance to get a strong start to their education.

Qualifications of Teachers, Parents' Right to Know

20 USC 6314 (b) (1) (c), 6315 [c] [1][E], 6319 (a), 20 USC6311(h) (6) Title 34 (200.48)

ESSA eliminated the highly qualified teacher (HQT) provision but kept the parents right to know provision which allows parents to request the qualifications for their child's classroom teacher and be notified if their student is being taught by a teacher that does meet the state certification or licensure at the grade level and subject they are teaching. Please contact the school principal for information pertaining to your child's teacher.

Parents of pupil attending school receiving Title I funds may request information regarding professional qualifications of their child's classroom teacher(s) and requires timely notification when a child has been assigned, or has been taught for four or more consecutive weeks, by a teacher of a core academic subject who does not meet ESSA teacher qualification requirements.

Victims of Violent Crime/Persistently Dangerous Schools

ESSA requires districts to notify parents within 10 days after a pupil becomes a victim of a violent criminal offense while on school grounds of intra-district transfer option.

ESSA further requires districts with one or more schools identified as persistently dangerous to notify parents in a timely manner about the school's designation and offer intra-district transfer to a safe school (*Currently OUSD has no school identified as persistently dangerous.*).

The ESSA Act contains ten major titles and is over 1,000 pages. The ESSA Act provisions are being implemented in schools throughout the District. Please contact the Office of Special Programs at (714) 628-5405 with any ESSA Act questions.

Electronic Network Obligations and Responsibilities/Acceptable Use Agreement

This section of the **Parent-Pupil Handbook** addresses the use of the District's electronic network. This portion of the handbook is a user agreement that is currently in effect. Please read this section in its entirety. The terms and conditions of this agreement are clearly stated at the end of this section. The District provides open access to local, national, and international sources of information and collaboration vital to intellectual inquiry in a democracy. In defining the Internet's resources as an extension of the library, this network subscribes to the Library Bill of Rights, which states, that "A person's right to use a library should not be denied or abridged because of origin, age, background or views."

In return, every District user has the responsibility to respect and protect the rights of every user in our community and on the Internet. Account holders are expected to act in a responsible, ethical, and legal manner, in accordance with the missions and purposes of the networks they use on the Internet and the laws of the states and the United States. Individuals using these systems are subject to having all activities on these systems monitored by system or security personnel. Anyone using these systems expressly consents to such monitoring. and should not expect that email, files, or data stored on District servers, devices, and applications will be private. "Using the network is a privilege, not a right, and the privilege may be revoked at any time for unacceptable conduct."

As indicated, please read this entire document and decide if you want to agree for your son/daughter to have "Internet Access" and agree to have your student's work published on the web server. For further information, please request BP 6163.4(a), Pupil Use of Technology, from the school office.

Advisement

It is possible for all users of the Internet to access information that is intended for adults. Although the District has taken all reasonable steps to ensure the Internet connection is used only for purposes consistent with the curriculum, the District or school cannot prevent the availability of material elsewhere on the Internet that may be deemed harmful. The District reserves the ability to employ data decryption on district provided internet connections to comply with the Child Internet Protection Act (CIPA).

Computer security cannot be made perfect, and it is likely that a determined user can make use of computer resources for inappropriate purposes. The District believes that the benefits to staff and pupils from access to the Internet, in the form of information resources and opportunities for collaboration, far exceed any disadvantages of access. Ultimately, parent(s) and guardian(s) of minors are responsible for setting and conveying the standards that their child or ward should follow. To that end, the District supports and respects each family's right to decide whether or not to agree to Internet access.

Application for Internet Access

Use of the Internet is a privilege that may be revoked at any time. School computer systems are for use by authorized individuals only. Any unauthorized access to these systems is prohibited and is subject to criminal and civil penalties under Federal Laws (including, but not limited to the Counterfeit, Access Device and Computer Fraud and Abuse Act of 1984, Title 48, United States Code [USC] Sections 1029 and 1030). Individuals using these systems are subject to having all activities on these systems monitored by system or security personnel. Anyone using these systems expressly consents to such monitoring. CSIS Participation Disclosure

The District is participating with the California School Information Services (CSIS) Program in the electronic transfer of pupil data for state reporting to the California Department of Education and/or post-secondary institutions to which the pupil is transferring or applying for admission. All data maintained by the CSIS Program is in compliance with federal and state privacy and confidentiality requirements. Pupil information is encoded such that no personally identifiable information is maintained by CSIS.

The benefits of participating to the pupil and parent are that pupil records can be transferred much more promptly and that information about pupil assessment and academic placement will be available at the time of transfer. Schools and districts will benefit from the streamlining and reduction of required state reporting. Parents have a right to inspect pupil information maintained by the CSIS program.

Special Education Programs

The District provides special education programs for students with disabilities.
Special

Education is specialized instruction provided for children from birth to age 22 who qualify according to the laws and regulations outlined by the state and federal government. A student may qualify for special education services as an individual with special needs in one of thirteen areas identified by the Individuals with Disabilities Education Act (IDEA).

A student identified with a disability is offered the opportunity for a free appropriate public education in the least restrictive environment (LRE), at no to families. LRE means that to the maximum extent appropriate, children with disabilities will be educated with non-disabled children and included in extracurricular activities. Additionally, special classes, separate schooling, or other removal of individuals with exceptional needs from the general educational environment occurs only if the nature or severity of the disability is such that education in the regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. (30 EC 56040.1) When the nature or severity of the disability is such that education in the regular class cannot be achieved successfully, a continuum of alternate educational placements will be considered by the IEP team and provided for by the District in accordance with the IDEA.

A copy of Parental Procedural Rights and Safeguards of students who are or maybe eligible for special education and related services can be found linked below. You may also request an explanation of these rights and safeguards or request a physical copy by contacting the Special Education Department directly. Section 504 Plan

The District is committed to complying with Section 504 of the Rehabilitation Act of 1973.

Under Section 504, a disability is defined as a physical or mental impairment, which substantially limits one or more major life activities, such as (but not limited to) self-care, walking, seeing, hearing, speaking or learning. Every pupil with a 504 eligible disability is offered a free appropriate education without discrimination regardless of the nature or severity of the disability. In order to educate children who are disabled in the least restrictive environment, the District will make needed accommodations. The accommodations for a pupil eligible under Section 504 may include the assistance of supplementary aides and services or special education placement and services.

For more information about the availability of special education evaluations, programs and related matters, please refer to the District's Board Policies, 6000 Series and/or contact the District's Special Education Office referenced above and request that the District provide you a document that explains procedural rights and safeguards of students (and their parents/guardians) who are or maybe eligible for special education and related services. Information specific to 504 plans may be addressed to Ed Howard, Executive Director, Student & Community Services, OUSD 504 Coordinator, 1401 N. Handy St., Orange, CA 92867. 714-628-5424

Health Services and Health Related Instruction

Physical Examinations

The Board of Education recognizes the importance of periodic health examinations and compliance with immunization requirements. The District recommends health examinations to meet state regulations, qualify pupils for participation in specific school activities, reduce or prevent health problems that interfere with learning, and adapt school programs according to pupil health needs. For children entering the first grade, physical examinations may be completed at any time within the 18 months prior to entry, or 90 days after enrolling in first grade (Health and Safety Code 124085).

Parents/guardians may annually file a written, signed statement with the District requesting that the pupil be excused from a physical examination. Thereupon the child shall be exempt from any physical examination, but whenever there is a good reason to believe that the child is suffering from a recognized contagious or infectious disease, he shall be sent home and shall not be permitted to return until the school authorities are satisfied that any contagious or infectious disease does not exist (EC §49451).

Oral Health Assessment

California law requires that children entering Kindergarten obtain an oral health assessment by a licensed dentist or other licensed/ registered dental health professional. Oral assessments may be completed at any time within 12 months prior to school entry until May 31 of the Kindergarten year (EC §49452.8). Exemptions to this law are available per state statute.

Immunizations

On June 30, 2015, Governor Brown signed a new immunization Bill, Senate Bill (SB) 277. This law will take effect on July 1, 2016 and requires that all children in California be fully immunized to attend public or private school. Fully immunized would include the 10 required vaccinations currently required by the state.

Under Senate Bills (SB) 276 and SB 714, all new medical exemptions for school and childcare entry must be issued through CAIR-ME beginning January 1, 2021. Medical exemptions can only be issued by MDs or Dos licensed in California and must meet applicable Centers for Disease Control and Prevention (CDC). Advisory Committee on Immunization Practices (ACIP), and American Academy of Pediatrics (AAP) criteria.

Medical exemptions issued before January 1, 2020 by physicians who have been disciplined by their medical licensing board are no longer valid after:

- The beginning of the 2021 – 2022 school year for schools, or
- September 1, 2021 for child care facilities.
- No longer permit immunization exceptions based on personal beliefs for children in childcare and public and private schools.
- Permit personal belief exemptions submitted by December 31, 2015, to remain valid until a student reaches kindergarten/transitional kindergarten or 7th grade.
- Remove immunization requirements for:

Students in the below categories will still need to provide immunization records to their schools before entry and schools will still need to report to the California Department of Public Health (CDPH) the immunization status of all students at the existing checkpoints of childcare, kindergarten/transition kindergarten and 7th grade.

1. Students in Home-Based private schools
 2. Students enrolled in an independent study program who does not receive classroom-based instruction.
 3. Access to special education and related services specified in an individualized education program. (Federal law Section 56026 of the Education Code)
- Allows for the enrollment of students who qualify:

1. As foster or homeless youth (Section 48850 of the Education Code et seq.)
2. As conditionally admitted pending full immunization within the time periods designated by regulation of the California Department of Public Health.

A pupil must obtain the following immunizations: Polio, DTP (diphtheria, tetanus, pertussis/whooping cough), and MMR (measles, mumps and rubella/German 3-day measles) and Varicella (chickenpox).

California law requires that all students entering 7th grade provide proof of immunization for Tdap (Pertussis booster) and two (2) doses of Varicella (chickenpox). Please bring proof with you at time of registration.

Pupils in Kindergarten must have two (2) doses of MMR, three (3) dose series of Hepatitis B, and two (2) doses of Varicella (chickenpox). (HSC 120335).

Medical proof of immunizations consists of a written record from a physician or health department. If no record is available, the pupil is referred to a school nurse, physician, or health department for review and documentation of immunization history and provision of needed doses. Immunization records must include the month and year for each dose given.

Communicable Diseases

The District may administer immunizing agents to prevent or control communicable diseases to pupils whose parents have consented in writing to such immunization (EC §49403).

Administration of Medicine

Pupils taking medication at school may be assisted by school personnel provided there is a written statement of instructions from the physician and a written parental authorization for such assistance in administering the physician's instructions (EC §49423). Certain emergency medications may be carried on a pupil's person only with written physician, parent and school nurse approval.

Continuing Medication

If your child is on a continuing medication regimen for a nonepisodic condition, you are required to inform the school nurse or other designated certificated school employee of: (1) the medication being taken, (2) the current dosage, and (3) the name of the supervising physician. With your consent, the school nurse may communicate with your child's physician and may counsel with school personnel regarding the possible effects of the drug on your child's physical, intellectual, and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission, or overdose (EC §49480).

Confidential Medical Service

It is the practice of the District not to release pupils for medical purposes without a written note of authorization from a parent or guardian. The exception is stated in EC §46010.1 and mandates parent notification for "all grade 7-12 pupils enrolled in the

district, that school authorities may excuse any pupil from the school for the purpose of obtaining confidential medical services without the consent of the pupil's parent or guardian."

Instruction for Temporarily Disabled

Parents/guardians are responsible to notify the District of a temporarily disabled pupil. In specific situations, the District shall provide individual instruction to a pupil with a temporary disability (EC §48208, §48206 – 48206.3, and §48207).

Medi-Cal - Parental Consent Language

School districts in California have the opportunity to bill Medi-Cal for partial reimbursement for health-related services provided in the schools to students who are eligible for Medi-Cal. Funds obtained through Medi-Cal reimbursement are used to enhance programs for children. If your child receives any school-based health services and qualifies for Medi-Cal benefits at any time during the school year, we will submit for Medi-Cal reimbursement. You have the right to revoke this consent to bill Medi-Cal at any time. The Medi-Cal School Based Services program does NOT affect a family's Medi-Cal insurance benefits and there is NO cost to the family, now or in the future.

Resuscitation Orders

District employees who are trained are expected to respond to emergency situations without discrimination. If any pupil needs resuscitation, staff shall make every effort to resuscitate him/her. The Board believes that staff members should not be placed in the position of determining whether or not to follow any parental or medical "do not resuscitate" orders. Staff shall neither accept nor follow such orders, unless they have been informed by the Superintendent or designee that the request to accept such an order has been submitted to the Superintendent or designee, signed by the parent/guardian, and supported by a written statement from the pupil's physician and an order from an appropriate court.

Human Reproduction

Parents must be notified at the beginning of each school year or upon a new pupil's enrollment about instruction in comprehensive sexual health education, HIV/AIDS prevention education and research on pupil health behaviors. Materials to be used may be reviewed by parents before instruction (EC §51938).

Comprehensive Sexual Health Education and HIV Prevention Education

The Board of Education requires written notification to parents regarding classes in which human reproductive organs, functions, and processes are described, illustrated or discussed [(BP6142.1(a))]. This may occur in units on reproduction and communicable disease involving HIV/AIDS and other sexually transmitted diseases.

The California Healthy Youth Act requires that students in grades 7-12 receive

comprehensive sexual health education and HIV prevention education at least once in middle school and once in high school. The Education Code defines comprehensive sexual health education as “education regarding human development and sexuality, including education on pregnancy, contraception, and sexually transmitted infections” (EC § 51931(b)) and HIV prevention education as “instruction on the nature of human immunodeficiency virus (HIV) and AIDS, methods of transmission, strategies to reduce the risk of HIV infection, and social and public health issues related to HIV and AIDS” (EC § 51931(d)).

Instruction must encourage students to communicate with parents, guardians or other trusted adults on the topics covered within the curriculum. Instruction must be medically accurate, age-appropriate and inclusive of all students. Trained health and science teachers will provide this instruction. It must include the following:

- Information about HIV and other sexually transmitted infections (STIs), including transmission, FDA approved methods to prevent HIV and STIs treatment.
- Information that abstinence is the only certain way to prevent unintended pregnancy and HIV and other STIs, and information about value of delaying sexual activity
- Discussion about social views of HIV and AIDS
- Information about accessing resources for sexual and reproductive health care
- Information about pregnancy, including FDA approved prevention methods, pregnancy outcomes, prenatal care, and the newborn safe surrender law
- Information about sexual orientation and gender, including the harm of negative gender stereotypes
- Information about healthy relationships and avoiding unhealthy behaviors and situations

If you have any questions or wish to preview the instructional materials, please contact the principal at your student’s school site. You may request a copy of the California Healthy Youth Act (California Education Code Sections 51930-51939) by contacting the principal.

State law allows you to remove your student from comprehensive sexual health or HIV prevention education. The law does not permit parents to remove their children from anti-harassment programs or other instruction that discusses gender, gender identity, gender expression, sexual orientation, discrimination, harassment, bullying, intimidation, and relationships. Within our middle school health, curriculum comprehensive sexual health components are covered within each unit (including the gender identity unit); therefore, your student would be opted-out of the entire middle school health program which is one-week long in seventh grade and one-week long in eighth grade. If you do not want your student to participate in this portion of the instruction, please give written request to your student’s principal.

Suicide Prevention

The Governing Board recognizes that suicide is a leading cause of death among youth and that school personnel who regularly interact with students are often in a position to recognize the warning signs of suicide and to offer appropriate referral and/or assistance. To attempt to reduce suicidal behavior and its impact on students and families, the Superintendent or designee shall develop measures and strategies for suicide prevention, intervention, and postvention. BP 5141.52(a)

Drug Education

Parents shall receive notice of the program of instruction required by existing law in the elementary and secondary schools on drug education and the effects of the use of tobacco, alcohol, narcotics, dangerous drugs, and other dangerous substances (EC §51260).

Alcohol, Tobacco, and Drug Free Schools

The District recognizes that the use/abuse of alcohol, tobacco, and harmful drugs is a significant health problem that interferes with the growth, development, and education of children and adolescents. The use of these substances is often not an isolated behavior and may be associated with other factors placing young people "at risk". Therefore, the District supports abstinence from the use of alcohol, tobacco, and drugs by children and adolescents in order to achieve the following goals:

- Maintain an alcohol, tobacco, and drug free, safe and positive school environment
- Reduce and prevent at risk issues
- Enhance academic success and responsible, healthy citizenship

Rules, regulations, and rights pertaining to discipline for violation of all behavioral standards, including alcohol, tobacco, non-nicotine vaporized solutions (H&SC §104420) and drug use, are available from each school's administration or call Student and Community Services at (714) 628-5424.

Smoking or use of any tobacco-related product and disposal of any tobacco-related waste within 25 feet of a school playground is prohibited.

OUSD is a "Tobacco Free" environment

Nutrition Services

The District participates in the following United States Department of Agriculture (USDA) programs: 1) National School Lunch Program (NSLP); 2) Especially Needy & Basic Breakfast Programs; 3) After School Snack Program; and 4) Commodity Food Program.

The meals offered to students at Orange Unified School District (OUSD) under the United States Department of Agriculture Nutritional School Lunch Program are required to meet one-third of the Recommended Dietary Allowances (RDA) for *protein, calcium,*

iron, vitamin A, vitamin C, and specific caloric levels. School breakfasts are required to meet one-fourth of the RDA.

OUSD Nutrition Services Department has implemented USDA's New Meal Patterns, nutrition guidelines and education, the introduction of new menus and the creation of healthier appealing meals for students dining at "Café Orange". This past year students were offered more fruit, vegetable, and whole grain and legume choices as well as lower fat, higher fiber and reduced sodium. Students are being encouraged to make better nutrition decisions through site signage, menus & nutrition web links. The Nutrition Services' mission is to serve meals that are nutritious, taste good and are well-liked by pupils, while maintaining a fiscally sound business. The pupils and staff at OUSD are offered lunch at all schools, breakfast at most schools and a la carte sales at secondary sites.

Eligibility for free or reduced-price meals shall be based on federal regulations as provided by the California Department of Education. Each pupil's meal is subsidized by the National School Lunch Program (NSLP) to a varying degree, depending on if the pupil qualifies for free, reduced price, or full priced meals.

A letter and application form is distributed to all parents prior to the beginning of the school year. The letter contains information on eligibility standards, application procedures and appeal procedures. This information and all application forms are provided whenever a new pupil is enrolled. Parents must submit a completed application to the Nutrition Service Office and will be notified in writing when their child (ren) is approved for assistance. Applications for free or reduced-price meal programs are available to pupils at all times during the regular school day (EC §49557). Parents or pupils may request an application from the school office or Nutrition Services Office.

All applications and records related to eligibility for the free or reduced-price meal program shall be confidential EC §49510. Such records shall be open to examination for those purposes specified in EC §49558. There are payment options including, our secure on-line PayPal payment system, or by cash or check in envelopes available in the elementary school offices and in the secondary school kitchens to allow pupils to prepay for meals.

Applicants who are eligible for free or reduced-price meals may be eligible for Medi-Cal or reduced-cost comprehensive health care coverage through the California Health Benefit Exchange, EC §49557.2 - §49557.5 Child Hunger Prevention and Fair Treatment Act.

In accordance with EC § 49550, lunch is offered every school day including minimum days for all pupils' grades Preschool, Kindergarten through 12 including continuation school.

The Nutrition Services Department continually strives to offer menus & products that are healthy to the students and improve the nutritional integrity of the meal within appropriate price parameters. The Nutrition Services Department enjoys showing the community that true food service professionals are at work in the District through our catering department. Our ServSafe certified food service professionals undergo on-going staff training, keeping them updated on current nutrition, safety, sanitation and food service trends. Our mottos are "Can Do" and "Pupil Service is our Business." We

are recipients of the “Awards of Excellence for Food Safety & Sanitation” in 2010, 2011, 2012 and 2013. The Wellness for Student Achievement Committee provides attention to the issues of nutrition, health, physical education and overall student achievement as well as overseeing the District Wellness Policy.

Unpaid Meal Charge & Collection Policy - Nutrition Services takes pride in serving nutritious meals daily to our students. We believe that hungry students can’t learn or excel. The purpose of this policy is to establish consistent meal account procedures throughout the district. Unpaid charges place a financial strain on the Nutrition Services Dept., which is a self-supporting program. Title 2, Code of Federal Regulations (2 CFR), Section 200.426: Bad debts are an unallowable cost to federal programs.

The goals of this standard of practice are: To treat all students with dignity in the serving line regarding meal accounts. To establish policies which are age appropriate. To encourage parent/guardian to assume the responsibility of meal payments and to promote self-responsibility of the student. To establish a consistent district policy regarding charges and collection of charges as required by the USDA and the California Department of Education.

We understand that parents are busy and may occasionally forget to make payments, send in money for meals or pack a lunch. It is ultimately the parent/guardian’s responsibility to provide students with breakfast & lunch or a means to pay for meals at school. Students who have a negative balance will be fed in good faith. Meals provided will be the regular meal or an alternate depending on availability that day. The price for this meal will be added to the student's balance. Students who owe money may purchase regular meals if they have money in hand to pay for it. Students who owe money and have money in hand will not be allowed to purchase ala-carte items at Secondary sites. Economically disadvantaged families may apply for the subsidized meals program.

Notification Regarding Negative Account Balances: Nutrition Services will notify parents of negative balances on a weekly basis via backpack mail through the classroom and with an automated call home. The calls will continue until the account is brought to a positive balance. A list will be sent to the school administration to contact the parent. After multiple contacts to parents have been made without the account being cleared up, the parent will be required to feed their child breakfast at home and to send a lunch to school, so the child does not go without a meal. Letters to parents of students with accounts in arrears of \$25.00 or more will be sent by the Nutrition Services Bookkeeper or the school’s Kitchen Manager.

Payment Methods: When bringing cash to the school students name and ID must be on envelope. Deposit must be logged in on a deposit roster in the school office. Parents may pay by cash, but it is not recommended that the students pay their accounts with cash in the lunch line. Please make checks or money orders out to “Nutrition Services Dept.” (not to the school) Parents may apply anytime at your child’s school, online at <https://orangeusd.rocketscanapps.com> Online payment via www.PayPAMS.com PayPAMS allows auto payments, sends low balance reminders, ability for parent to check if their child had a meal.

Procedures: If a student does not have a lunch or money to purchase their meal, the following steps will be taken:

Elementary school- The complete reimbursable meal will be given to the student and that meal will be charged to their account. Only meals will be charged – no a la carte items will be allowed. Parents are made aware of their child's negative account balance by weekly reminders sent home in student packets through the classroom and weekly automated phone calls to households whose meal accounts have a negative balance. Letters will be mailed home for negative balances over \$25.00.

Secondary School- The complete reimbursable meal will be given to the student and that meal will be charged to their account. Once the account has incurred a negative balance that is greater than \$20.00, the student will no longer be given a complete meal until this balance is paid down. In lieu of a complete meal, students will be given a milk and a serving of vegetables. Parents are made aware of their child's negative account balance by weekly automated phone calls to households whose meal accounts have a negative balance. Letters will be mailed home for negative balances over \$25.00

Free or Reduced Meal Program - If a household is unable to pay for their child's meal, they are strongly encouraged to apply for the free and/or reduced meals. Eligibility to receive free or reduced meals requires a new application each year. Applications are accepted at any time throughout the year. Parents may apply by completing a paper application. Paper applications can take up to 10 school days to process. Households will be held accountable for any charges incurred until the application is approved. An Important Message to All Parents/Guardians

It is no secret that the most successful pupils in the district attend school every day, do their homework/assignments and follow school rules. Please discuss with your child the importance of daily study habits, completing homework and regular school attendance. All pupils should have the goals of perfect attendance and punctual completion of all assignments.

Every parent is concerned about school safety and pupil violence. The district is committed to providing safe, welcoming, secure, and peaceful campuses for all pupils and staff members. The District is committed to actively implementing strategies for the purposes of "Prevention", "Intervention", and appropriate "Response". Rumors will be treated seriously until disproved. Please review this handbook's section on the district's position on "Bullying." Bullying and threats need to be reported to your school's administration immediately.

Please take the time to discuss the importance of remaining drug free, resolving conflicts without aggression, and selecting friends who are positive and do not engage in illegal activities. Communicate with your child the dangers and impropriety of bringing objects such as pocketknives, box cutters, fingernail clippers with a knife blade, lineman pliers with a knife blade, pepper spray, firecrackers, nunchaku, kung-fu stars, laser pointers, inappropriate website printouts, or any other dangerous object to any school site. "Children, who choose to bring dangerous objects to any school site or school activity, are choosing to no longer attend their school and are choosing to be expelled from the Orange Unified School District."

Ask your child to check with you for approval before they bring any questionable object on to school grounds. **Tell your child that if they discover that they are accidentally in possession of something that they should not have, such as a pocketknife, to go and immediately turn it in to their teacher or principal. Tell them that they are not to display the object to anyone else. If it is turned in immediately, the District will consider the action not to be a discipline violation.** A conversation with an adult can provide wisdom in resolving a pupil's problem before it becomes a pupil crisis.

Keeping each school safe, secure and peaceful is everybody's responsibility. Please discuss with your child that "mooning" is not acceptable and is a crime. In fact, victims

of “moonings” have the right to press charges for violating Penal Code 314 Indecent Exposure. This past year the district experienced cases of pupils in possession of their parent’s prescription drugs. Please destroy all prescription drugs no longer in use and keep the drugs out of the reach of children, especially teenagers.

Pupils have the right to use cell phones for emergency purposes. They may not be used inside school buildings or classrooms and may not disturb the educational process. This past year, the district has experienced a variety of major violations, including cheating, obscenity, and the transmission of inappropriate pictures from cell phones. Please check with your school site administration for specific regulations regarding the use of cell phones. Also, pupils have a right to wear sun protective clothing. Please check with your child’s school site for procedures regarding hats in particular. Hats may be restricted to school approved hats in order to identify trespassers on campus. Please discuss these important issues with your child.

We trust that you have found the information included in this handbook to be informative. Best wishes to you and your family throughout this important school year
