Survivors After Suicide Support Group

Have you lost someone
to suicide?

Surviving the suicide of someone close is one of the most traumatic experiences a person will ever endure. Didi Hirsch's Survivors After Suicide groups provide a safe place of support for survivors where they can talk about their pain and grief and not feel stigmatized.

Didi Hirsch Mental Health Services is looking for English-speaking members (18 years of age and older) to form bereavement support groups for those who have lost someone to suicide.
