

Interim Assessments:

Individually Setting Designated Supports & Accommodations

To review/set designated supports for students prior to administering the Interim Assessment Block, on the “Approvals” button.

You will see a list of students waiting for approval. Click on the  to customize settings.

Review available settings and choose those appropriate for the student. These designated supports and accommodations will only be set for this administration of the interim assessment block. If these should be available to students in the future, contact your Test Site Coordinator to have these inputted in TOMS. Accommodations are only for students with a 504 Plan or an IEP.

When finished, click “Set” or “Set & Approve.” If you do not want to change the settings, click “Cancel.”

See the next page for available settings.
