**End of School Year
17-18**

Principal's Message:

Summer is almost here. This summer Imperial will see some improvements on our field. Beginning right after school lets out for the summer, the district will be killing our grass, rototilling, fixing the irrigation, and planting new seed. These efforts are being made to make our field as safe as possible.

With summer here many of you will be looking for ways to keep your children busy. Keep in mind that our local library has a summer reading program. Visit their website at: <http://anaheim.net/CivicAlerts.aspx?AID=1167>

There are other opportunities you and your family can take advantage of this summer, many of which are free. One website I found that lists activities is: www.sandytoesandpopsicles.com/orange-county/101-things-to-do-with-kids/. Not all the activities they list are free, some can be pricey, but the list has 101 items on it. Just getting out once a day helps with summer survival. Try taking a break from the house everyday and taking the kids somewhere during the day, even if it is just the park or the front yard to ride bikes.

Most of all enjoy the summer. Relax when you can, and enjoy the days spent with your kids. They grow so fast and soon they will be planning their own activities.

Most Sincerely,

Gigi Kelley

Principal, Imperial Elementary School

We Are Eagles, Watch Us Soar!

Imperial Elementary School staff and community are dedicated to providing a quality education for all children. A comprehensive academic program is in place to meet individual needs and provide many opportunities for every child to increase their self-worth, so that they can become a productive member of the community.

Thank you for all you do to support us in our mission!

Every student at Imperial knows that learning at Imperial will help them SOAR.

But what does SOAR stand for?

With our **Strength** and **Opportunity**, we will **Achieve**, and have amazing **Results**

FREE PUBLIC EDUCATION

Section 5 of Article IX of the State of California Constitution guarantees students a "free public education."

The State Supreme Court concluded in the 1984 case of *Hartzell v. Connell*, "that all educational activities carried on by public school districts, extracurricular as well as curricula, must be without cost to the students who participate in such activities." This same ruling found that "mandatory fees for participating in such extra-curricular activities as drama, music, and athletic competition were illegal under the State Constitution." Furthermore, they also rejected the argument that "fees could be charged so long as the district waived fees for students who were financially unable to pay." Recent proposed legislation includes reimbursement with interest for any illegally-collected fees as well as a district sanction. *Donations are accepted at a classroom, school site, and district level.
