

HISTORIC BUILDING DOCUMENTATION PHOTOGRAPHS
VILLA PARK SCHOOL
10551 CENTER DRIVE
VILLA PARK
CALIFORNIA.

Large format photographic technical data
Photographer: Stephen D. Schafer, April 2017.

Scope of photography:

This photographic documentation was completed to Historic American Building Survey (HAER) standards. 26 interior, exterior, detail and context views of Villa Park School were photographed. Locations were marked on a sketch map. Photo information was kept on the field-notes.

Photographic specifications:

All photographic views were exposed on Ilford HP5 400ASA black & white silver film on a polyester base in the 4 inch X 5 inch format. Film was processed in Clayton 76 developer and archivally washed.

This set of archival prints and negatives (December 2017) was is printed on Epson Ultra Premium Matte paper with an Epson Surecolor P600 printer. Epson Ultrachrome HD pigment Inks are specified by the National Park Service Heritage Documentation Program Department. These archival prints have a dark storage rating of greater than 150 years, meeting the standards for pigment ink digital mount cards accepted by the Historic American Buildings Survey.

Printed December, 15, 2017

These photographs are in the public domain.
